2 offer a new institutional health service within the state
3 **[must]** **shall** obtain a certificate of need from the committee
4 prior to the time such services are offered.

5 2. Only those new institutional health services which
6 are found by the committee to be needed shall be granted a
7 certificate of need. Only those new institutional health
8 services which are granted certificates of need shall be
9 offered or developed within the state. No expenditures for
10 new institutional health services in excess of the
11 applicable expenditure minimum shall be made by any person
12 unless a certificate of need has been granted.

14 statute to license or certify health care facilities shall
15 issue a license to or certify any such facility, or distinct
16 part of such facility, that is developed without obtaining a
17 certificate of need.

18 4. If any person proposes to develop any new
19 institutional health care service without a certificate of

25 government may appropriate or grant funds to or make payment
26 of any funds to any person or health care facility which has

40 order the forfeiture of the certificate of need upon failure
41 of the applicant to file any such report.

42 9. A certificate of need shall be subject to
43 forfeiture for failure to incur a capital expenditure on any
44 approved project within six months after the date of the
45 order. The applicant may request an extension from the
46 committee of not more than six additional months based upon
47 substantial expenditure made.

48 10. Each application for a certificate of need must be
49 accompanied by an application fee. The time of filing
50 commences with the receipt of the application and the
51 application fee. The application fee is one thousand
52 dollars, or one-tenth of one percent of the total cost of
53 the proposed project, whichever is greater. All application
54 fees shall be deposited in the state treasury. Because of
55 the loss of federal funds, the general assembly will
56 appropriate funds to the Missouri health facilities review
57 committee.

58 11. In determining whether a certificate of need
59 should be granted, no consideration shall be given to the

62 facility.

63 12. When a **[nursing] long-term care** facility shifts
64 from a skilled to an intermediate level of nursing care, it
65 may return to the higher level of care if it meets the
66 licensure requirements, without obtaining a certificate of
67 need.

68 13. In no event shall a certificate of need be denied
69 because the applicant refuses to provide abortion services
70 or information.

71 14. A certificate of need shall not be required for
72 the transfer of ownership of an existing and operational
73 health facility in its entirety.

74 15. A certificate of need may be granted to a facility
75 for an expansion, an addition of services, **or** a new
76 institutional service**[, or for a new hospital facility**
77 **which] that** provides for something less than that which was
78 sought in the application.

79 16. The provisions of this section shall not apply to
80 facilities operated by the state, and appropriation of funds
81 to such facilities by the general assembly shall be deemed
82 in compliance with this section, and such facilities shall
83 be deemed to have received an appropriate certificate of
84 need without payment of any fee or charge. The provisions
85 of this subsection shall not apply to hospitals **offering**
86 **long-term care services** operated by the state and licensed
87 under this chapter, except for department of mental health
88 state-operated psychiatric hospitals.

89 17. Notwithstanding other provisions of this section,
90 a certificate of need may be issued after July 1, 1983, for
91 an intermediate care facility operated exclusively for the
92 intellectually disabled.

93 **[18. To assure the safe, appropriate, and cost-**
94 **effective transfer of new medical technology throughout the**

95 state, a certificate of need shall not be required for the
96 purchase and operation of:

98 clinical trial that has received written approval from a
99 duly constituted institutional review board of an accredited
100 school of medicine or osteopathy located in Missouri to
101 establish its safety and efficacy and does not increase the
102 bed complement of the institution in which the equipment is
103 to be located. After the clinical trial has been completed,
104 a certificate of need must be obtained for continued use in
105 such facility; or

106 (2) Equipment that is to be used by an academic health
107 center operated by the state in furtherance of its research
108 or teaching missions.]

197.320. The committee shall have the power to
2 promulgate reasonable rules, regulations, criteria and
3 standards in conformity with this section and chapter 536 to
4 meet the objectives of sections 197.300 to [197.366] **197.367**
5 including the power to establish criteria and standards to
6 review new types of [equipment or service] **services**. Any
7 rule or portion of a rule, as that term is defined in
8 section 536.010, that is created under the authority
9 delegated in sections 197.300 to [197.366] **197.367** shall
10 become effective only if it complies with and is subject to
11 all of the provisions of chapter 536 and, if applicable,
12 section 536.028. All rulemaking authority delegated prior to
13 August 28, 1999, is of no force and effect and repealed.
14 Nothing in this section shall be interpreted to repeal or
15 affect the validity of any rule filed or adopted prior to
16 August 28, 1999, if it fully complied with all applicable
17 provisions of law. This section and chapter 536 are
18 nonseverable and if any of the powers vested with the

19 general assembly pursuant to chapter 536 to review, to delay
20 the effective date or to disapprove and annul a rule are
21 subsequently held unconstitutional, then the grant of
22 rulemaking authority and any rule proposed or adopted after
23 August 28, 1999, shall be invalid and void.

354.095. 1. A corporation subject to the provisions
2 of sections 354.010 to 354.380 may, in the discretion of its
3 board of directors, limit or define the classes of persons
4 who shall be eligible to become members or beneficiaries,
5 limit and define the benefits which it will furnish, and may
6 define such benefits as it undertakes to furnish into
7 classes or kinds. It may make available to its members or
8 beneficiaries such health services, or reimbursement
9 therefor, as the board of directors of any such corporation
10 may approve; if maternity benefits are provided to any
11 members of any plan, then maternity benefits shall be
12 provided to any member of such plan without discrimination
13 as to whether the member is married or unmarried, and if
14 maternity benefits are provided to a beneficiary of any
15 plan, then maternity benefits shall be provided to such
16 beneficiary of such plan without discrimination as to
17 whether the beneficiary is married or unmarried.

18 2. [If an ambulatory surgical facility as defined by
19 subdivision (2) of section 197.200, has received a
20 certificate of need as provided in chapter 197,] A health
21 services corporation shall provide benefits to [the
22 facility] **an ambulatory surgical center, as defined by**
23 **section 197.200**, on the same basis as it does to all other
24 health care facilities, whether contracting members or
25 noncontracting members. A health services corporation shall
26 use the same standards that are applied to any other health
27 care facility within the same health services area in

28 defining the benefits that the corporation will furnish to
29 the ambulatory surgical facility, the classes to which such
30 benefits will be furnished, and the amount of reimbursement.
