87 students whose parent or parents are employed in a business district, as defined
88 in the charter, which is located in the city.

89 6. No sponsor shall receive from an applicant for a charter school any fee
90 of any type for the consideration of a charter, nor may a sponsor condition its
91 consideration of a charter on the promise of future payment of any kind.

92 7. The charter school shall be organized as a Missouri nonprofit
93 corporation incorporated pursuant to chapter 355. The charter provided for
94 herein shall constitute a contract between the sponsor and the charter school.

95 8. As a nonprofit corporation incorporated pursuant to chapter 355, the
96 charter school shall select the method for election of officers pursuant to section
97 355.326 based on the class of corporation selected. Meetings of the governing
98 board of the charter school shall be subject to the provisions of sections 610.010

104 10. A charter school may affiliate with a four-year college or university,

113 11. The expenses associated with sponsorship of charter schools shall be
114 defrayed by the department of elementary and secondary education retaining one
115 and five-tenths percent of the amount of state and local funding allocated to the
116 charter school under section 160.415, not to exceed one hundred twenty-five
117 thousand dollars, adjusted for inflation. The department of elementary and
118 secondary education shall remit the retained funds for each charter school to the
119 school's sponsor, provided the sponsor remains in good standing by fulfilling its
120 sponsorship obligations under sections 160.400 to 160.425 and 167.349 with
121 regard to each charter school it sponsors, including appropriate demonstration of
122 the following:

124 funds in support of its charter school sponsorship program, or as a direct
125 investment in the sponsored schools;

126 (2) Maintains a comprehensive application process that follows fair
127 procedures and rigorous criteria and grants charters only to those developers who
128 demonstrate strong capacity for establishing and operating a quality charter
129 school;

130 (3) Negotiates contracts with charter schools that clearly articulate the

131 rights and responsibilities of each party regarding school autonomy, expected
132 outcomes, measures for evaluating success or failure, performance consequences
133 based on the annual performance report, and other material terms;

134 (4) Conducts contract oversight that evaluates performance, monitors
135 compliance, informs intervention and renewal decisions, and ensures autonomy
136 provided under applicable law; and

137 (5) Designs and implements a transparent and rigorous process that uses
138 comprehensive data to make merit-based renewal decisions.

139 12. Sponsors receiving funds under subsection 11 of this section shall be
140 required to submit annual reports to the joint committee on education
141 demonstrating they are in compliance with subsection 17 of this section.

142 13. No university, college or community college shall grant a charter to
143 a nonprofit corporation if an employee of the university, college or community
144 college is a member of the corporation's board of directors.

145 14. No sponsor shall grant a charter under sections 160.400 to 160.425
146 and 167.349 without ensuring that a criminal background check and family care
147 safety registry check are conducted for all members of the governing board of the
148 charter schools or the incorporators of the charter school if initial directors are
149 not named in the articles of incorporation, nor shall a sponsor renew a charter
150 without ensuring a criminal background check and family care safety registry
151 check are conducted for each member of the governing board of the charter school.

152 15. No member of the governing board of a charter school shall hold any
153 office or employment from the board or the charter school while serving as a
154 member, nor shall the member have any substantial interest, as defined in
155 section 105.450, in any entity employed by or contracting with the board. No
156 board member shall be an employee of a company that provides substantial
157 services to the charter school. All members of the governing board of the charter
158 school shall be considered decision-making public servants as defined in section
159 105.450 for the purposes of the financial disclosure requirements contained in
160 sections 105.483, 105.485, 105.487, and 105.489.

161 16. A sponsor shall develop the policies and procedures for:

162 (1) The review of a charter school proposal including an application that
163 provides sufficient information for rigorous evaluation of the proposed charter and
164 provides clear documentation that the education program and academic program
165 are aligned with the state standards and grade-level expectations, and provides
166 clear documentation of effective governance and management structures, and a

167 sustainable operational plan;

168 (2) The granting of a charter;

169 (3) The performance contract that the sponsor will use to evaluate the
170 performance of charter schools. Charter schools shall meet current state
171 academic performance standards as well as other standards agreed upon by the
172 sponsor and the charter school in the performance contract;

173 (4) The sponsor's intervention, renewal, and revocation policies, including
174 the conditions under which the charter sponsor may intervene in the operation
175 of the charter school, along with actions and consequences that may ensue, and
176 the conditions for renewal of the charter at the end of the term, consistent with
177 subsections 8 and 9 of section 160.405;

178 (5) Additional criteria that the sponsor will use for ongoing oversight of
179 the charter; and

180 (6) Procedures to be implemented if a charter school should close,
181 consistent with the provisions of subdivision (15) of subsection 1 of section
182 160.405.

183 The department shall provide guidance to sponsors in developing such policies
184 and procedures.

185 17. (1) A sponsor shall provide timely submission to the state board of
186 education of all data necessary to demonstrate that the sponsor is in material
187 compliance with all requirements of sections 160.400 to 160.425 and section
188 167.349. The state board of education shall ensure each sponsor is in compliance
189 with all requirements under sections 160.400 to 160.425 and 167.349 for each
190 charter school sponsored by any sponsor. The state board shall notify each
191 sponsor of the standards for sponsorship of charter schools, delineating both what
192 is mandated by statute and what best practices dictate. The state board shall
193 evaluate sponsors to determine compliance with these standards every three
194 years. The evaluation shall include a sponsor's policies and procedures in the
195 areas of charter application approval; required charter agreement terms and
196 content; sponsor performance evaluation and compliance monitoring; and charter
197 renewal, intervention, and revocation decisions. Nothing shall preclude the
198 department from undertaking an evaluation at any time for cause.

199 (2) If the department determines that a sponsor is in material
200 noncompliance with its sponsorship duties, the sponsor shall be notified and
201 given reasonable time for remediation. If remediation does not address the
202 compliance issues identified by the department, the commissioner of education

203 shall conduct a public hearing and thereafter provide notice to the charter
204 sponsor of corrective action that will be recommended to the state board of
205 education. Corrective action by the department may include withholding the
206 sponsor's funding and suspending the sponsor's authority to sponsor a school that
207 it currently sponsors or to sponsor any additional school until the sponsor is
208 reauthorized by the state board of education under section 160.403.

209 (3) The charter sponsor may, within thirty days of receipt of the notice of
210 the commissioner's recommendation, provide a written statement and other
211 documentation to show cause as to why that action should not be taken. Final
212 determination of corrective action shall be determined by the state board of
213 education based upon a review of the documentation submitted to the department
214 and the charter sponsor.

215 (4) If the state board removes the authority to sponsor a currently
216 operating charter school under any provision of law, the Missouri charter public
217 school commission shall become the sponsor of the school.

218 18. If a sponsor notifies a charter school of closure under subsection 8 of
219 section 160.405, the department of elementary and secondary education shall
220 exercise its financial withholding authority under subsection 12 of section 160.415
221 to assure all obligations of the charter school shall be met. The state, charter
222 sponsor, or resident district shall not be liable for any outstanding liability or
223 obligations of the charter school.

160.410. 1. A charter school shall enroll:

2 (1) All pupils resident in the district in which it operates;

3 (2) Nonresident pupils eligible to attend a district's school under an urban
4 voluntary transfer program;

5 (3) Nonresident pupils who transfer from an unaccredited district under
6 section 167.131, provided that the charter school is an approved charter school,
7 as defined in section 167.131, and subject to all other provisions of section
8 167.131;

9 (4) **Nonresident pupils who are residents of Missouri and have at**
10 **least one parent employed by the charter school at which the**
11 **nonresident pupil is seeking enrollment unless the pupil's enrollment**
12 **will cause a resident student to be denied enrollment;**

13 (5) **Nonresident pupils from the same or an adjoining county who**
14 **were enrolled in and attended an unaccredited school for at least one**
15 **semester immediately prior to requesting the transfer and who were**

16 **unable to transfer to an accredited school within their district of**
17 **residence as provided in section 167.826, provided the school is an**
18 **approved charter school, as defined in section 167.848, and subject to**
19 **all other provisions of section 167.826;**

20 (6) In the case of a charter school whose mission includes student
21 drop-out prevention or recovery, any nonresident pupil from the same or an
22 adjacent county who resides in a residential care facility, a transitional living
23 group home, or an independent living program whose last school of enrollment is
24 in the school district where the charter school is established, who submits a
25 timely application; and

26 [(5)] (7) In the case of a workplace charter school, any student eligible
27 to attend under subdivision (1) or (2) of this subsection whose parent is employed
28 in the business district, who submits a timely application, unless the number of
29 applications exceeds the capacity of a program, class, grade level or building. The
30 configuration of a business district shall be set forth in the charter and shall not
31 be construed to create an undue advantage for a single employer or small number
32 of employers.

33 2. If capacity is insufficient to enroll all pupils who submit a timely
34 application, the charter school shall have an admissions process that assures all
35 applicants of an equal chance of gaining admission and does not discriminate
36 based on parents' ability to pay fees or tuition except that:

37 (1) A charter school may establish a geographical area around the school
38 whose residents will receive a preference for enrolling in the school, provided that
39 such preferences do not result in the establishment of racially or
40 socioeconomically isolated schools and provided such preferences conform to
41 policies and guidelines established by the state board of education;

42 (2) A charter school may also give a preference for admission of children
43 whose siblings attend the school [or], **for admission of children resident in**
44 **the district in which it operates and** whose parents are employed at the
45 school, or, in the case of a workplace charter school, **for admission of a child**
46 whose parent is employed in the business district or at the business site of such
47 school; and

48 (3) Charter alternative and special purpose schools may also give a
49 preference for admission to high-risk students, as defined in subdivision (5) of
50 subsection 2 of section 160.405, when the school targets these students through
51 its proposed mission, curriculum, teaching methods, and services.

52 3. A charter school shall not limit admission based on race, ethnicity,
53 national origin, disability, income level, proficiency in the English language or
54 athletic ability, but may limit admission to pupils within a given age group or
55 grade level. Charter schools may limit admission based on gender only when the
56 school is a single-gender school. Students of a charter school who have been
57 enrolled for a full academic year shall be counted in the performance of the
58 charter school on the statewide assessments in that calendar year, unless
59 otherwise exempted as English language learners. For purposes of this
60 subsection, "full academic year" means the last Wednesday in September through
61 the administration of the Missouri assessment program test without transferring
62 out of the school and re-enrolling.

63 4. A charter school shall make available for public inspection, and provide
64 upon request, to the parent, guardian, or other custodian of any school-age pupil
65 resident in the district in which the school is located the following information:

66 (1) The school's charter;

67 (2) The school's most recent annual report card published according to
68 section 160.522;

69 (3) The results of background checks on the charter school's board
70 members; and

71 (4) If a charter school is operated by a management company, a copy of
72 the written contract between the governing board of the charter school and the
73 educational management organization or the charter management organization
74 for services. The charter school may charge reasonable fees, not to exceed the
75 rate specified in section 610.026 for furnishing copies of documents under this
76 subsection.

77 5. When a student attending a charter school who is a resident of the
78 school district in which the charter school is located moves out of the boundaries
79 of such school district, the student may complete the current semester and shall
80 be considered a resident student. The student's parent or legal guardian shall
81 be responsible for the student's transportation to and from the charter school.

82 6. If a change in school district boundary lines occurs under section
83 162.223, 162.431, 162.441, or 162.451, or by action of the state board of education
84 under section 162.081, including attachment of a school district's territory to
85 another district or dissolution, such that a student attending a charter school
86 prior to such change no longer resides in a school district in which the charter
87 school is located, then the student may complete the current academic year at the

88 charter school. The student shall be considered a resident student. The student's
89 parent or legal guardian shall be responsible for the student's transportation to
90 and from the charter school.

91 7. The provisions of sections 167.018 and 167.019 concerning foster
92 children's educational rights are applicable to charter schools.

160.415. 1. For the purposes of calculation and distribution of state
2 school aid under section 163.031, pupils enrolled in a charter school shall be
3 included in the pupil enrollment of the school district within which each pupil
4 resides. Each charter school shall report the names, addresses, and eligibility for
5 free and reduced price lunch, special education, or limited English proficiency
6 status, as well as eligibility for categorical aid, of pupils resident in a school
7 district who are enrolled in the charter school to the school district in which those
8 pupils reside. The charter school shall report the average daily attendance data,
9 free and reduced price lunch count, special education pupil count, and limited
10 English proficiency pupil count to the state department of elementary and
11 secondary education. Each charter school shall promptly notify the state
12 department of elementary and secondary education and the pupil's school district
13 when a student discontinues enrollment at a charter school.

14 2. Except as provided in subsections 3 and 4 of this section, the aid
15 payments for charter schools shall be as described in this subsection.

16 (1) A school district having one or more resident pupils attending a
17 charter school shall pay to the charter school an annual amount equal to the
18 product of the charter school's weighted average daily attendance and the state
19 adequacy target, multiplied by the dollar value modifier for the district, plus local
20 tax revenues per weighted average daily attendance from the incidental and
21 teachers' funds in excess of the performance levy as defined in section 163.011
22 plus all other state aid attributable to such pupils.

23 (2) The district of residence of a pupil attending a charter school shall also
24 pay to the charter school any other federal or state aid that the district receives
25 on account of such child.

26 (3) If the department overpays or underpays the amount due to the
27 charter school, such overpayment or underpayment shall be repaid by the public
28 charter school or credited to the public charter school in twelve equal payments
29 in the next fiscal year.

30 (4) The amounts provided pursuant to this subsection shall be prorated
31 for partial year enrollment for a pupil.

32 (5) A school district shall pay the amounts due pursuant to this subsection
33 as the disbursal agent and no later than twenty days following the receipt of any
34 such funds. The department of elementary and secondary education shall pay the
35 amounts due when it acts as the disbursal agent within five days of the required
36 due date.

37 3. A workplace charter school shall receive payment for each eligible pupil
38 as provided under subsection 2 of this section, except that if the student is not a
39 resident of the district and is participating in a voluntary interdistrict transfer
40 program, the payment for such pupils shall be the same as provided under section
41 162.1060.

42 4. A charter school that has declared itself as a local educational agency
43 shall receive from the department of elementary and secondary education an
44 annual amount equal to the product of the charter school's weighted average daily
45 attendance and the state adequacy target, multiplied by the dollar value modifier
46 for the district, plus local tax revenues per weighted average daily attendance
47 from the incidental and teachers funds in excess of the performance levy as
48 defined in section 163.011 plus all other state aid attributable to such pupils. If
49 a charter school declares itself as a local educational agency, the department of
50 elementary and secondary education shall, upon notice of the declaration, reduce
51 the payment made to the school district by the amount specified in this
52 subsection and pay directly to the charter school the annual amount reduced from
53 the school district's payment.

54 5. If a school district fails to make timely payments of any amount for
55 which it is the disbursal agent, the state department of elementary and secondary
56 education shall authorize payment to the charter school of the amount due
57 pursuant to subsection 2 of this section and shall deduct the same amount from
58 the next state school aid apportionment to the owing school district. If a charter
59 school is paid more or less than the amounts due pursuant to this section, the
60 amount of overpayment or underpayment shall be adjusted equally in the next
61 twelve payments by the school district or the department of elementary and
62 secondary education, as appropriate. Any dispute between the school district and
63 a charter school as to the amount owing to the charter school shall be resolved by
64 the department of elementary and secondary education, and the department's
65 decision shall be the final administrative action for the purposes of review
66 pursuant to chapter 536. During the period of dispute, the department of
67 elementary and secondary education shall make every administrative and

68 statutory effort to allow the continued education of children in their current
69 public charter school setting.

70 **6. For purposes of calculation and distribution of state school aid**
71 **to charter schools under this section, a charter school's weighted**
72 **average daily attendance shall include any nonresident pupil who is a**
73 **resident of Missouri, who attends the charter school, and whose parent**
74 **is employed at the charter school.**

75 **7.** The charter school and a local school board may agree by contract for
76 services to be provided by the school district to the charter school. The charter
77 school may contract with any other entity for services. Such services may include
78 but are not limited to food service, custodial service, maintenance, management
79 assistance, curriculum assistance, media services and libraries and shall be
80 subject to negotiation between the charter school and the local school board or
81 other entity. Documented actual costs of such services shall be paid for by the
82 charter school.

83 **[7.] 8.** In the case of a proposed charter school that intends to contract
84 with an education service provider for substantial educational services or
85 management services, the request for proposals shall additionally require the
86 charter school applicant to:

87 (1) Provide evidence of the education service provider's success in serving
88 student populations similar to the targeted population, including demonstrated
89 academic achievement as well as successful management of nonacademic school
90 functions, if applicable;

91 (2) Provide a term sheet setting forth the proposed duration of the service
92 contract; roles and responsibilities of the governing board, the school staff, and
93 the service provider; scope of services and resources to be provided by the service
94 provider; performance evaluation measures and time lines; compensation
95 structure, including clear identification of all fees to be paid to the service
96 provider; methods of contract oversight and enforcement; investment disclosure;
97 and conditions for renewal and termination of the contract;

98 (3) Disclose any known conflicts of interest between the school governing
99 board and proposed service provider or any affiliated business entities;

100 (4) Disclose and explain any termination or nonrenewal of contracts for
101 equivalent services for any other charter school in the United States within the
102 past five years;

103 (5) Ensure that the legal counsel for the charter school shall report

104 directly to the charter school's governing board; and

105 (6) Provide a process to ensure that the expenditures that the education
106 service provider intends to bill to the charter school shall receive prior approval
107 of the governing board or its designee.

108 [8.] 9. A charter school may enter into contracts with community
109 partnerships and state agencies acting in collaboration with such partnerships
110 that provide services to children and their families linked to the school.

111 [9.] 10. A charter school shall be eligible for transportation state aid
112 pursuant to section 163.161 and shall be free to contract with the local district,
113 or any other entity, for the provision of transportation to the students of the
114 charter school.

115 [10.] 11. (1) The proportionate share of state and federal resources
116 generated by students with disabilities or staff serving them shall be paid in full
117 to charter schools enrolling those students by their school district where such
118 enrollment is through a contract for services described in this section. The
119 proportionate share of money generated under other federal or state categorical
120 aid programs shall be directed to charter schools serving such students eligible
121 for that aid.

122 (2) A charter school shall provide the special services provided pursuant
123 to section 162.705 and may provide the special services pursuant to a contract
124 with a school district or any provider of such services.

125 [11.] 12. A charter school may not charge tuition or impose fees that a
126 school district is prohibited from charging or imposing, except that a charter
127 school may receive tuition payments from districts in the same or an adjoining
128 county for nonresident students who transfer to an approved charter school, as
129 defined in section 167.131, from an unaccredited district.

130 [12.] 13. A charter school is authorized to incur debt in anticipation of
131 receipt of funds. A charter school may also borrow to finance facilities and other
132 capital items. A school district may incur bonded indebtedness or take other
133 measures to provide for physical facilities and other capital items for charter
134 schools that it sponsors or contracts with. Except as otherwise specifically
135 provided in sections 160.400 to 160.425, upon the dissolution of a charter school,
136 any liabilities of the corporation will be satisfied through the procedures of
137 chapter 355. A charter school shall satisfy all its financial obligations within
138 twelve months of notice from the sponsor of the charter school's closure under
139 subsection 8 of section 160.405. After satisfaction of all its financial obligations,

140 a charter school shall return any remaining state and federal funds to the
141 department of elementary and secondary education for disposition as stated in
142 subdivision (17) of subsection 1 of section 160.405. The department of elementary
143 and secondary education may withhold funding at a level the department
144 determines to be adequate during a school's last year of operation until the
145 department determines that school records, liabilities, and reporting
146 requirements, including a full audit, are satisfied.

147 [13.] 14. Charter schools shall not have the power to acquire property by
148 eminent domain.

149 [14.] 15. The governing body of a charter school is authorized to accept
150 grants, gifts or donations of any kind and to expend or use such grants, gifts or
151 donations. A grant, gift or donation may not be accepted by the governing body
152 if it is subject to any condition contrary to law applicable to the charter school or
153 other public schools, or contrary to the terms of the charter.

160.425. 1. The "Missouri Charter Public School Commission" is hereby
2 created with the authority to sponsor high quality charter schools throughout the
3 state of Missouri **as specified in section 160.400.**

4 2. The commission shall consist of nine members appointed by the
5 governor, by and with the advice and consent of the senate. No more than five
6 of the members shall be of the same political party. No more than two members
7 shall be from the same congressional district. The term of office of each member
8 shall be four years, except those of the members first appointed, of which three
9 shall be appointed for a term of one year, two for a term of two years, two for a
10 term of three years, and two for a term of four years. At the expiration of the
11 term of each member, the governor, by and with the advice and consent of the
12 senate, shall appoint a successor.

13 3. The appointees to the commission shall be selected as follows:

14 (1) One member selected by the governor from a slate of three
15 recommended by the commissioner of education;

16 (2) One member selected by the governor from a slate of three
17 recommended by the commissioner of higher education;

18 (3) One member selected by the governor from a slate of three
19 recommended by the president pro tempore of the senate;

20 (4) One member selected by the governor from a slate of three
21 recommended by the speaker of the house of representatives; and

22 (5) Five additional members appointed by the governor, one of whom shall

23 be selected from a slate of three nominees recommended by the Missouri School
24 Boards Association.

25 4. Members appointed to the commission shall collectively possess strong
26 experience and expertise in governance, management and finance, school
27 leadership, assessment, curriculum and instruction, and education law. All
28 members of the commission shall have demonstrated understanding of and
29 commitment to charter schooling as a strategy for strengthening public education.

30 5. The commission shall annually elect a chairperson and vice
31 chairperson, who shall act as chairperson in his or her absence. The commission
32 shall meet at the call of the chairperson. The chairperson may call meetings at
33 such times as he or she deems advisable and shall call a meeting when requested
34 to do so by three or more members of the commission. Members of the
35 commission are not eligible to receive compensation.

36 6. The commission may approve proposed charters for its sponsorship
37 under sections 160.400 to 160.425 and shall:

38 (1) Comply with all of the requirements applicable to sponsors under
39 sections 160.400 to 160.425;

40 (2) Exercise sponsorship over charters approved by the commission under
41 sections 160.400 to 160.425, including receipt of sponsorship funding under
42 subsection 11 of section 160.400.

43 7. Charter schools sponsored by the commission shall comply with all of
44 the requirements applicable to charter schools under sections 160.400 to 160.425.

45 8. The commission shall conduct its business in accordance with chapter
46 610.

47 9. The department of elementary and secondary education shall provide
48 start-up funding for the commission to operate. The commission shall reimburse
49 the department's costs from any funds it receives as sponsor under section
50 160.400.

51 10. The commission is authorized to receive and expend gifts, grants, and
52 donations of any kind from any public or private entity to carry out the purposes
53 of sections 160.400 to 160.425, subject to the terms and conditions under which
54 they are given, provided that all such terms and conditions are permissible under
55 law.

56 **11. The commission may employ staff including, but not limited**
57 **to, an executive director as needed to carry out its duties. The**
58 **commission may establish personnel, payroll, benefit, and other such**

59 systems as needed and may provide death and disability
60 benefits. Commission employees shall be considered state employees
61 for the purposes of membership in the Missouri state employees'
62 retirement system and the Missouri consolidated health care
63 plan. Compensation paid by the commission shall constitute pay from
64 a state department for purposes of accruing benefits under the
65 Missouri state employees' retirement system.

66 12. There is hereby created in the state treasury the "Missouri
67 Charter Public School Commission Revolving Fund", which shall consist
68 of money collected under this section. The state treasurer shall be
69 custodian of the fund. In accordance with sections 30.170 and 30.180,
70 the state treasurer may approve disbursements. The fund shall be a
71 dedicated fund, and moneys in the fund shall be used solely by the
72 Missouri charter public school commission for purposes of sections
73 160.400 to 160.425 and section 167.349. Notwithstanding the provisions
74 of section 33.080 to the contrary, any moneys remaining in the fund at
75 the end of the biennium shall not revert to the credit of the general
76 revenue fund. The state treasurer shall invest moneys in the fund in
77 the same manner as other funds are invested. Any interest and moneys
78 earned on such investments shall be credited to the fund.

161.084. When classifying the public schools of the state under
2 section 161.092, if there is no state board of education member who is
3 a resident of the congressional district in which such school district
4 under consideration is located, the state board of education shall assign
5 such school district a classification designation of unaccredited or
6 change a district's classification designation from accredited to
7 provisionally accredited only after notifying the governor of its intent
8 to change the classification of the district. The governor shall make the
9 appointment under section 161.052 within thirty days of notification.

161.087. 1. When assigning classification designations to school
2 districts pursuant to its authority to classify the public schools of the
3 state under section 161.092, the state board of education shall use only
4 the following classification designations:

- 5 (1) Unaccredited;
- 6 (2) Provisionally accredited;
- 7 (3) Accredited; and
- 8 (4) Accredited with distinction.

9 2. The state board of education shall develop and implement a
10 process to provide assistance teams to borderline districts, as defined
11 in section 167.848, as determined by the department of elementary and
12 secondary education and to underperforming districts, as defined in
13 section 167.848, upon assignment of a classification designation of
14 unaccredited or provisionally accredited or determination made by the
15 state board of education. The composition and size of the team may
16 vary, based on academic, demographic, and financial circumstances of
17 the district, but in no case will the team have fewer than ten members,
18 two of whom shall be active classroom teachers in the district, two of
19 whom shall be principals, and one of whom shall be a parent of a
20 student in the district. The department staff member assigned to the
21 region in which the district is located may be included in the assistance
22 team's activities but shall not be formally assigned to the team. The
23 team shall provide recommendations for improvement based on the
24 needs of the community and the district and analysis of, at a minimum,
25 the assessment data, classroom practices, and communication processes
26 within attendance centers, within the district, and with the larger
27 community. Separate teams may be used to provide analysis and
28 recommendations at the discretion of the state board. Beginning with
29 school year 2017-18, the team shall provide its recommendations no
30 later than June 30, 2018, for underperforming districts and borderline
31 districts. The state board shall prioritize the assignment of teams so
32 that the districts with the lower annual performance report scores are
33 addressed first. The assistance team's suggestions for improvement
34 shall be mandatory for underperforming districts but shall not be
35 mandatory for borderline districts. If an underperforming district
36 disagrees with any suggestion of the assistance team, the district shall
37 propose a different method of accomplishing the goal of the assistance
38 team's suggestion and the state board of education shall be the final
39 arbiter of the matter.

161.238. 1. Notwithstanding any provision of chapter 536 and
2 subdivisions (9) and (14) of section 161.092 to the contrary, the state
3 board of education shall adopt a policy to classify individual
4 attendance centers. Attendance centers that do not offer classes above
5 the second grade level are exempt from classification under this
6 subsection. The policy shall require that an attendance center's

7 classification be based solely on a three-year average of the attendance
8 center's annual performance report scores using the three most recent
9 years. The state board shall assign a classification consistent with such
10 three-year average score. The state board shall implement such policy
11 and:

12 (1) Within forty-five days of the effective date of this section, for
13 each district that is classified as unaccredited by the state board of
14 education at that time, classify each of the unaccredited district's
15 attendance centers separately from the district as a whole using the
16 classification designations provided in section 161.087; and

17 (2) Within ninety days of the effective date of this section, for
18 each district that is classified as provisionally accredited by the state
19 board of education at that time, classify each of the provisionally
20 accredited district's attendance centers separately from the district as
21 a whole using the classification designations provided in section
22 161.087.

23 2. The classifications assigned by the state board under
24 subsection 1 of this section shall become effective immediately and
25 shall remain in effect until the state board develops, adopts, and
26 implements the system of classification described in subsection 3 of this
27 section. At such time, the state board shall classify attendance centers
28 based on the system of classification described in subsection 3 of this
29 section.

30 3. By January 1, 2018, the state board of education shall, through
31 administrative rule, develop a system of classification that accredits
32 attendance centers within a district separately from the district as a
33 whole using the classification designations provided in section
34 161.087. The state board of education's system shall not assign
35 classification designations to attendance centers that do not offer
36 classes above the second grade level. When the state board adopts its
37 system, it shall assign a classification designation to each attendance
38 center, except for those attendance centers that do not offer classes
39 above the second grade level. The state board of education may assign
40 classification numbers outside the range of numbers assigned to high
41 schools, middle schools, junior high schools, or elementary schools as
42 classification designations for attendance centers that are exempt from
43 the accreditation classification system. Public separate special

44 education schools within a special school district and within a school
45 district are exempted from the accreditation requirements of this
46 section and section 161.087. While not applicable for the purpose of
47 accreditation, a special school district shall continue to report all
48 scores on its annual performance report to the department of
49 elementary and secondary education for all its schools. Juvenile
50 detention centers within a special school district are also exempted
51 from the accreditation standards of this section and section 161.087.

52 4. Upon adoption of the classification system described in
53 subsection 3 of this section, the state board may change any
54 classification it has assigned to an attendance center under subsection
55 1 of this section.

56 5. An attendance center that does not offer classes above the
57 second grade level shall be exempt from any requirements related to
58 statewide assessments.

59 6. Notwithstanding the provisions of subdivision (9) of section
60 161.092, the rules and regulations promulgated under this section shall
61 be effective thirty days after publication in the code of state
62 regulations as provided in section 536.021 and shall not be subject to
63 the two-year delay contained in subdivision (9) of section 161.092.

64 7. Any rule or portion of a rule, as that term is defined in section
65 536.010, that is created under the authority delegated in this section
66 shall become effective only if it complies with and is subject to all of
67 the provisions of chapter 536 and, if applicable, section 536.028. This
68 section and chapter 536 are nonseverable, and if any of the powers
69 vested with the general assembly pursuant to chapter 536 to review, to
70 delay the effective date, or to disapprove and annul a rule are
71 subsequently held unconstitutional, then the grant of rulemaking
72 authority and any rule proposed or adopted after the effective date of
73 this section shall be invalid and void.

161.1005. 1. By July 1, 2018, the department shall employ a
2 dyslexia therapist, licensed psychometrist, licensed speech-language
3 pathologist, certified academic language therapist, or certified training
4 specialist to serve as the department's dyslexia specialist. Such
5 dyslexia specialist shall have a minimum of three years of field
6 experience in screening, identifying, and treating dyslexia and related
7 disorders.

8 **2. The department shall ensure that the dyslexia specialist has**
9 **completed training and received certification from a program approved**
10 **by the legislative task force on dyslexia and is able to provide**
11 **necessary information and support to school district teachers.**

12 **3. The dyslexia specialist shall:**

13 **(1) Be highly trained in dyslexia and related disorders, including**
14 **best practice interventions and treatment models;**

15 **(2) Be responsible for the implementation of professional**
16 **development; and**

17 **(3) Serve as the primary source of information and support for**
18 **districts addressing the needs of students with dyslexia and related**
19 **disorders.**

20 **4. In addition to the duties assigned under subsection 3 of this**
21 **section, the dyslexia specialist shall also assist the department with**
22 **developing and administering professional development programs to be**
23 **made available to school districts no later than the 2018-19 school**
24 **year. The programs shall focus on educating teachers regarding the**
25 **indicators of dyslexia, the science surrounding teaching a student who**
26 **is dyslexic, and classroom accommodations necessary for a student with**
27 **dyslexia.**

162.081. 1. Whenever any school district in this state fails or refuses in
2 any school year to provide for the minimum school term required by section
3 163.021 or is classified unaccredited, the state board of education shall, upon a
4 district's initial classification or reclassification as unaccredited:

5 (1) Review the governance of the district to establish the conditions under
6 which the existing school board shall continue to govern; or

7 (2) Determine the date the district shall lapse and determine an
8 alternative governing structure for the district.

9 2. If at the time any school district in this state shall be classified as
10 unaccredited, the department of elementary and secondary education shall
11 conduct at least two public hearings at a location in the unaccredited school
12 district regarding the accreditation status of the school district. The hearings
13 shall provide an opportunity to convene community resources that may be useful
14 or necessary in supporting the school district as it attempts to return to
15 accredited status, continues under revised governance, or plans for continuity of
16 educational services and resources upon its attachment to a neighboring

17 district. The department may request the attendance of stakeholders and district
18 officials to review the district's plan to return to accredited status, if any; offer
19 technical assistance; and facilitate and coordinate community resources. Such
20 hearings shall be conducted at least twice annually for every year in which the
21 district remains unaccredited or provisionally accredited.

22 3. Upon classification of a district as unaccredited, the state board of
23 education may:

24 (1) Allow continued governance by the existing school district board of
25 education under terms and conditions established by the state board of education;

26 or

27 (2) Lapse the corporate organization of **all or part of** the unaccredited
28 district and:

29 (a) Appoint a special administrative board for the operation of all or part
30 of the district. **If a special administrative board is appointed for the**
31 **operation of a part of a school district, the state board of education**
32 **shall determine an equitable apportionment of state and federal aid for**
33 **the part of the district, and the school district shall provide local**
34 **revenue in proportion to the weighted average daily attendance of the**
35 **part.** The number of members of the special administrative board shall not be
36 less than five, the majority of whom shall be residents of the district. The
37 members of the special administrative board shall reflect the population
38 characteristics of the district and shall collectively possess strong experience in
39 school governance, management and finance, and leadership. **The state board**
40 **of education may appoint members of the district's elected school board**
41 **to the special administrative board, but members of the elected school**
42 **board shall not comprise more than forty-nine percent of the special**
43 **administrative board's membership.** Within fourteen days after the
44 appointment by the state board of education, the special administrative board
45 shall organize by the election of a president, vice president, secretary and a
46 treasurer, with their duties and organization as enumerated in section
47 162.301. The special administrative board shall appoint a superintendent of
48 schools to serve as the chief executive officer of the school district, **or a subset**
49 **of schools,** and to have all powers and duties of any other general
50 superintendent of schools in a seven-director school district. **Nothing in this**
51 **section shall be construed to permit either the state board of education**
52 **or a special administrative board to raise, in any way not specifically**

53 **allowed by law, the tax levy of the district or any part of the district**
54 **without a vote of the people.** Any special administrative board appointed
55 under this section shall be responsible for the operation of the district **or part**
56 **of the district** until such time that the district is classified by the state board
57 of education as provisionally accredited for at least two successive academic
58 years, after which time the state board of education may provide for a transition
59 pursuant to section 162.083; or

60 (b) Determine an alternative governing structure for the district
61 including, at a minimum:

62 a. A rationale for the decision to use an alternative form of governance
63 and in the absence of the district's achievement of full accreditation, the state
64 board of education shall review and recertify the alternative form of governance
65 every three years;

66 b. A method for the residents of the district to provide public comment
67 after a stated period of time or upon achievement of specified academic objectives;

68 c. Expectations for progress on academic achievement, which shall include
69 an anticipated time line for the district to reach full accreditation; and

70 d. Annual reports to the general assembly and the governor on the
71 progress towards accreditation of any district that has been declared unaccredited
72 and is placed under an alternative form of governance, including a review of the
73 effectiveness of the alternative governance; or

74 (c) Attach the territory of the lapsed district to another district or districts
75 for school purposes; or

76 (d) Establish one or more school districts within the territory of the lapsed
77 district, with a governance structure specified by the state board of education,
78 with the option of permitting a district to remain intact for the purposes of
79 assessing, collecting, and distributing property taxes, to be distributed equitably
80 on a weighted average daily attendance basis, but to be divided for operational
81 purposes, which shall take effect sixty days after the adjournment of the regular
82 session of the general assembly next following the state board's decision unless
83 a statute or concurrent resolution is enacted to nullify the state board's decision
84 prior to such effective date.

85 4. If a district remains under continued governance by the school board
86 under subdivision (1) of subsection 3 of this section and either has been
87 unaccredited for three consecutive school years and failed to attain accredited
88 status after the third school year or has been unaccredited for two consecutive

89 school years and the state board of education determines its academic progress
90 is not consistent with attaining accredited status after the third school year, then
91 the state board of education shall proceed under subdivision (2) of subsection 3
92 of this section in the following school year.

93 5. A special administrative board **or any other form of governance**
94 appointed under this section shall retain the authority granted to a board of
95 education for the operation of the lapsed school district under the laws of the
96 state in effect at the time of the lapse and may enter into contracts with
97 accredited school districts or other education service providers in order to deliver
98 high-quality educational programs to the residents of the district. If a student
99 graduates while attending a school building in the district that is operated under
100 a contract with an accredited school district as specified under this subsection,
101 the student shall receive his or her diploma from the accredited school
102 district. The authority of the special administrative board **or any other form**
103 **of governance appointed under this section** shall expire at the end of the
104 third full school year following its appointment, unless extended by the state
105 board of education. If the lapsed district is reassigned, the [special
106 administrative board] **governing board prior to lapse** shall provide an
107 accounting of all funds, assets and liabilities of the lapsed district and transfer
108 such funds, assets, and liabilities of the lapsed district as determined by the state
109 board of education. Neither the special administrative board **nor any other**
110 **form of governance appointed under this section** nor its members or
111 employees shall be deemed to be the state or a state agency for any purpose,
112 including section 105.711, et seq. The state of Missouri, its agencies and
113 employees shall be absolutely immune from liability for any and all acts or
114 omissions relating to or in any way involving the lapsed district, [the] a special
115 administrative board, **any other form of governance appointed under this**
116 **section, [its] or the members or employees of the lapsed district, a special**
117 **administrative board, or any other form of governance appointed under**
118 **this section.** Such immunities, and immunity doctrines as exist or may
119 hereafter exist benefitting boards of education, their members and their
120 employees, shall be available to the special administrative board, **any other**
121 **form of governance appointed under this section, [its] and the members**
122 **and employees of the special administrative board or any other form of**
123 **governance appointed under this section.**

124 6. Neither the special administrative board **nor any other form of**

125 **governance appointed under this section** nor any district or other entity
126 assigned territory, assets or funds from a lapsed district shall be considered a
127 successor entity for the purpose of employment contracts, unemployment
128 compensation payment pursuant to section 288.110, or any other purpose.

129 7. If additional teachers are needed by a district as a result of increased
130 enrollment due to the annexation of territory of a lapsed or dissolved district,
131 such district shall grant an employment interview to any permanent teacher of
132 the lapsed or dissolved district upon the request of such permanent teacher.

133 8. In the event that a school district with an enrollment in excess of five
134 thousand pupils lapses, no school district shall have all or any part of such lapsed
135 school district attached without the approval of the board of the receiving school
136 district.

137 **9. If the state board of education reasonably believes that a**
138 **school district is unlikely to provide for the minimum number of school**
139 **hours required in a school term required by section 163.021 because of**
140 **financial difficulty, the state board of education may, prior to the start**
141 **of the school term:**

142 **(1) Allow continued governance by the existing district school**
143 **board under terms and conditions established by the state board of**
144 **education; or**

145 **(2) Lapse the corporate organization of the district and**
146 **implement one of the options available under subdivision (2) of**
147 **subsection 3 of this section.**

148 **10. The provisions of subsection 9 of this section shall not apply**
149 **to any district solely on the basis of financial difficulty resulting from**
150 **paying tuition and providing transportation for transfer students under**
151 **sections 167.825 to 167.827.**

162.1303. 1. For purposes of this section, "transient student"
2 **means any student who withdraws from one attendance center and**
3 **enrolls in any other attendance center two or more times within two**
4 **school years.**

5 **2. The department of elementary and secondary education shall**
6 **annually calculate a transient student ratio for each attendance center,**
7 **each charter school, and each local educational agency. The**
8 **department shall annually calculate a transient student ratio for each**
9 **school district based on the transient student ratios of all the**
10 **attendance centers in such district. The department shall publish the**

11 transient student ratio of each district, each attendance center, each
12 charter school, and each local educational agency on its website.

13 3. The department shall include, or cause to be included, in each
14 district's school accountability report card the transient student ratio
15 of the district and of each attendance center operated by the district.

16 4. The department shall include the transient student ratios of
17 attendance centers, charter schools, and local educational agencies in
18 their respective school accountability report cards.

19 5. The department shall publish the state's aggregate transient
20 student ratio on its website.

21 6. A transient student ratio shall be calculated as the product of:

22 (1) One hundred; and

23 (2) The quotient of:

24 (a) The sum of the number of transient students and the number
25 of students who withdrew from the district during the school year; and

26 (b) The sum of the number of students who enrolled in the
27 district on or before the last Wednesday in September and the number
28 of students who enrolled in the district after the last Wednesday of
29 September.

30 7. Each school district, charter school, and local educational
31 agency shall annually report to the department, by a date established
32 by the department, any information and data required to comply with
33 and perform the calculation required by the provisions of this section.

162.1305. 1. For purposes of this section, "transient student"
2 means any student who withdraws from one attendance center and
3 enrolls in any other attendance center two or more times within two
4 school years.

5 2. In the first year of attendance in a district or charter school,
6 a transient student's score on a statewide assessment shall not be
7 included when calculating the status or progress scores on the district's
8 or charter school's annual performance report scores. A transient
9 student's growth score shall be weighted at one hundred percent.

10 3. In the second year of attendance, a transient student's score
11 on a statewide assessment shall be weighted at thirty percent when
12 calculating the district's or charter school's performance for purposes
13 of the district's or charter school's annual performance report status or
14 progress score, with the transient student's growth score weighted at

15 **one hundred percent.**

16 **4. In the third year of attendance, a transient student's score on**
17 **a statewide assessment shall be weighted at seventy percent when**
18 **calculating the district's or charter school's performance for purposes**
19 **of the district's or charter school's annual performance report status or**
20 **progress score, with the transient student's growth score weighted at**
21 **one hundred percent.**

22 **5. In the fourth year of attendance and any subsequent years of**
23 **attendance, a transient student's score on a statewide assessment shall**
24 **be weighted at one hundred percent when calculating the district's or**
25 **charter school's performance for purposes of the district's or charter**
26 **school's annual performance report status or progress score, with the**
27 **transient student's growth score weighted at one hundred percent.**

162.1310. If the state board of education classifies any district or
2 **attendance center as unaccredited, the district shall notify the parent**
3 **or guardian of any student enrolled in the unaccredited district or**
4 **unaccredited attendance center of the loss of accreditation within**
5 **seven business days. The district shall also notify district taxpayers of**
6 **the loss of accreditation within seven business days. The district's**
7 **notice shall include an explanation of which students may be eligible**
8 **to transfer, the transfer process under sections 167.825 to 167.827, and**
9 **any services students may be entitled to receive. The district's notice**
10 **shall be written in a clear, concise, and easy-to-understand**
11 **manner. The district shall post the notice in a conspicuous and**
12 **accessible place in each district attendance center. The district shall**
13 **also send the notice to each municipality located within the boundaries**
14 **of the district.**

162.1313. The school board of any district that operates an
2 **underperforming school, as defined in section 167.848, shall adopt a**
3 **policy regarding the availability of home visits by school**
4 **personnel. Pursuant to such policy, the school may offer the parent or**
5 **guardian of a student enrolled in any such school the opportunity to**
6 **have one or more annual home visits. If the school decides to offer one**
7 **or more annual home visits, the school shall offer an opportunity for**
8 **each visit to occur at the attendance center or at a mutually agreeable**
9 **site.**

167.121. 1. If the residence of a pupil is so located that attendance in the

2 district of residence constitutes an unusual or unreasonable transportation
3 hardship because of natural barriers, travel time, or distance, the commissioner
4 of education or his **or her** designee may assign the pupil to another
5 district. Subject to the provisions of this section, all existing assignments shall
6 be reviewed prior to July 1, 1984, and from time to time thereafter, and may be
7 continued or rescinded. The board of education of the district in which the pupil
8 lives shall pay the tuition of the pupil assigned. The tuition shall not exceed the
9 pro rata cost of instruction.

10 2. (1) For the school year beginning July 1, 2008, and each succeeding
11 school year, a parent or guardian residing in a lapsed public school district or a
12 **parent or guardian residing in** a district that has [scored] **received an**
13 **annual performance report score consistent with a state board of**
14 **education classification of** either unaccredited or provisionally accredited[, or
15 a combination thereof, on two consecutive annual performance reports] may enroll
16 the parent's or guardian's child in the Missouri virtual school created in section
17 161.670 provided the pupil first enrolls in the school district of residence. The
18 school district of residence shall include the pupil's enrollment in the virtual
19 school created in section 161.670 in determining the district's average daily
20 attendance. Full-time enrollment in the virtual school shall constitute one
21 average daily attendance equivalent in the school district of residence. Average
22 daily attendance for part-time enrollment in the virtual school shall be calculated
23 as a percentage of the total number of virtual courses enrolled in divided by the
24 number of courses required for full-time attendance in the school district of
25 residence.

26 (2) A pupil's residence, for purposes of this section, means residency
27 established under section 167.020. Except for students residing in a K-8 district
28 attending high school in a district under section 167.131, the board of the home
29 district shall pay to the virtual school the amount required under section 161.670.

30 (3) Nothing in this section shall require any school district or the state to
31 provide computers, equipment, internet or other access, supplies, materials or
32 funding, except as provided in this section, as may be deemed necessary for a
33 pupil to participate in the virtual school created in section 161.670.

34 (4) Any rule or portion of a rule, as that term is defined in section
35 536.010, that is created under the authority delegated in this section shall
36 become effective only if it complies with and is subject to all of the provisions of
37 chapter 536 and, if applicable, section 536.028. This section and chapter 536 are

38 nonseverable and if any of the powers vested with the general assembly pursuant
39 to chapter 536 to review, to delay the effective date, or to disapprove and annul
40 a rule are subsequently held unconstitutional, then the grant of rulemaking
41 authority and any rule proposed or adopted after August 28, 2007, shall be
42 invalid and void.

**167.127. If a school district contains a facility that serves
2 neglected children or delinquent children residing in a court-ordered
3 group home, an institution for neglected children, or an institution for
4 delinquent children, the department of elementary and secondary
5 education shall be prohibited from creating any report or publication
6 related to the Missouri school improvement program, or any successor
7 program, in which data from the district's regularly enrolled pupils is
8 aggregated with data from the children residing in such facilities,
9 unless the department creates an annotation to such report or
10 publication with the data collected only from the district's regularly
11 enrolled pupils and an explanation of the effects of the data from the
12 children enrolled in such facilities on the aggregate data of the district.**

167.131. 1. The board of education of each district in this state that does
2 not maintain [an accredited] **a high school** [pursuant to the authority of the
3 state board of education to classify schools as established in section 161.092]
4 **offering work through the twelfth grade** shall pay [the] tuition [of] as
5 **calculated by the receiving district under subsection 2 of this section**
6 and provide transportation consistent with the provisions of section 167.241 for
7 each pupil resident therein **who has completed the work of the highest**
8 **grade offered in the schools of the district and** who attends an accredited
9 **public high school** in another district of the same or an adjoining county.

10 2. The rate of tuition to be charged by the district attended and paid by
11 the sending district is the per pupil cost of maintaining the district's grade level
12 grouping which includes the school attended. The rate of tuition to be charged
13 by the approved charter school attended and paid by the sending district is the
14 per pupil cost of maintaining the approved charter school's grade level
15 grouping. For a district, the cost of maintaining a grade level grouping shall be
16 determined by the board of education of the district but in no case shall it exceed
17 all amounts spent for teachers' wages, incidental purposes, debt service,
18 maintenance and replacements. For an approved charter school, the cost of
19 maintaining a grade level grouping shall be determined by the approved charter

20 school but in no case shall it exceed all amounts spent by the district in which the
21 approved charter school is located for teachers' wages, incidental purposes, debt
22 service, maintenance, and replacements. The term "debt service", as used in this
23 section, means expenditures for the retirement of bonded indebtedness and
24 expenditures for interest on bonded indebtedness. Per pupil cost of the grade
25 level grouping shall be determined by dividing the cost of maintaining the grade
26 level grouping by the average daily pupil attendance. If there is disagreement as
27 to the amount of tuition to be paid, the facts shall be submitted to the state board
28 of education, and its decision in the matter shall be final. Subject to the
29 limitations of this section, each pupil shall be free to attend the public school of
30 his or her choice.

31 3. For purposes of this section, "approved charter school" means a charter
32 school that has existed for less than three years or a charter school with a
33 three-year average score of seventy percent or higher on its annual performance
34 report.

**167.132. 1. For purposes of this section, the following terms
2 mean:**

3 **(1) "Available receiving district", an accredited district able to
4 receive transfer students under section 167.826;**

5 **(2) "Average per-pupil current expenditure", the average per-
6 pupil current expenditure for a district as a whole as reported to the
7 department of elementary and secondary education in its most recent
8 school accountability report card under section 160.522;**

9 **(3) "Receiving approved charter school", an approved charter
10 school, as defined in section 167.848, receiving transfer students under
11 section 167.826;**

12 **(4) "Receiving district", a district receiving transfer students
13 under section 167.826;**

14 **(5) "Sending district", a district from which students are
15 transferring to an available receiving district or an approved charter
16 school, as allowed under section 167.826.**

17 **2. Notwithstanding any other provisions of law to the contrary,
18 a receiving district or a receiving approved charter school may
19 negotiate with a sending district to accept a reduced tuition rate for
20 transfer students. The receiving district or receiving approved charter
21 school may limit the number of transfer students accepted at the**

22 reduced tuition rate as calculated under subsection 3 of this section. If
23 the receiving district or receiving approved charter school elects to
24 accept tuition as calculated under subsection 3 of this section and does
25 not limit the number of transfer students accepted at such reduced
26 rate, such district or approved charter school shall receive students
27 through the education authority based solely on the parent request and
28 available seats.

29 3. In school year 2017-18 and subsequent years, if a sending
30 district and a receiving district or receiving approved charter school
31 have agreed upon a reduced tuition rate, such tuition shall be
32 calculated as the product of:

33 (1) The sum of the average per-pupil current expenditures of all
34 available receiving districts for the sending district divided by the
35 number of all available receiving districts for the sending district; and

36 (2) Seventy percent.

37 4. The appropriate education authority, as defined in section
38 167.848, that is coordinating the transfers for students in the sending
39 district shall perform the calculation in subsection 3 of this section
40 annually.

41 5. If there is disagreement as to the amount of tuition to be paid,
42 the facts shall be submitted to the state board of education, and its
43 decision in the matter shall be final.

44 6. For each of the first two full school years that a receiving
45 district or receiving approved charter school charges a rate of tuition
46 as calculated under subsection 3 of this section, accepts a minimum of
47 twenty-five transfer students at such reduced rate, and does not limit
48 the number of transfer students accepted at such reduced rate, if the
49 aggregate scores of student growth of all the transfer students in the
50 receiving district or receiving approved charter school meet or exceed
51 targets established in the state accountability system, the receiving
52 district or receiving approved charter school shall earn additional
53 credit in academic achievement on its annual performance report. The
54 department of elementary and secondary education shall promulgate
55 an administrative rule to implement the provisions of this
56 subsection. Any rule or portion of a rule, as that term is defined in
57 section 536.010, that is created under the authority delegated in this
58 section shall become effective only if it complies with and is subject to

59 all of the provisions of chapter 536 and, if applicable, section
60 536.028. This section and chapter 536 are nonseverable, and if any of
61 the powers vested with the general assembly pursuant to chapter 536
62 to review, to delay the effective date, or to disapprove and annul a rule
63 are subsequently held unconstitutional, then the grant of rulemaking
64 authority and any rule proposed or adopted after the effective date of
65 this section shall be invalid and void.

66 7. If a receiving district elects to accept tuition as calculated
67 under subsection 3 of this section and does not limit the number of
68 transfer students accepted at such reduced rate, the department of
69 elementary and secondary education shall consider such action as an
70 additional criterion when determining whether to assign the receiving
71 district a classification of accredited with distinction.

72 8. If a receiving district or receiving approved charter school
73 elects to accept tuition as calculated under subsection 3 of this section
74 and does not limit the number of transfer students accepted at such
75 reduced rate, ten percent of the amount calculated under subdivision
76 (1) of subsection 3 of this section for the receiving district or receiving
77 approved charter school shall be paid from the supplemental tuition
78 fund created in subsection 9 of this section.

79 9. There is hereby created in the state treasury the
80 "Supplemental Tuition Fund". The fund shall consist of any moneys
81 appropriated annually by the general assembly from general revenue
82 to such fund, any moneys paid into the state treasury and required by
83 law to be credited to such fund and any gifts, bequests, or public or
84 private donations to such fund. The state treasurer shall be custodian
85 of the fund. The department of elementary and secondary education
86 shall administer the fund. In accordance with sections 30.170 and
87 30.180, the state treasurer may approve disbursements. The fund shall
88 be a dedicated fund and, upon appropriation, moneys in the fund shall
89 be used solely for the administration of this section. Notwithstanding
90 the provisions of section 33.080 to the contrary, any moneys remaining
91 in the fund at the end of the biennium shall not revert to the credit of
92 the general revenue fund. The state treasurer shall invest moneys in
93 the fund in the same manner as other funds are invested. Any interest
94 and moneys earned on such investments shall be credited to the fund.

167.642. 1. No underperforming district, as defined in section

2 167.848, located in a county with a charter form of government and
3 with more than nine hundred fifty thousand inhabitants shall promote
4 a student from the fifth grade to the sixth grade or from the eighth
5 grade to the ninth grade who is two years or more below grade level as
6 measured by quantifiable student performance data designated by the
7 local district to satisfy the requirements of this section. The term
8 "quantifiable student performance data" shall be as defined in
9 subsection 2 of section 161.096.

10 2. Notwithstanding subsection 1 of this section, the provisions of
11 this section shall not apply to any student with an individualized
12 education program or any student receiving services through a plan
13 prepared under Section 504 of the Rehabilitation Act of 1973.

167.685. 1. Each unaccredited district shall offer free tutoring
2 and supplemental education services to students who are performing
3 below grade level or identified by the district as struggling, using funds
4 from the school district improvement fund to the extent that such funds
5 are available. A district may implement the free tutoring services
6 requirement by entering into a contract with a public library for online
7 tutoring services as provided in section 170.215.

8 2. There is hereby created in the state treasury the "School
9 District Improvement Fund". The fund shall consist of any gifts,
10 bequests, or public or private donations to such fund. Any person or
11 entity that makes a gift, bequest, or donation to the fund may specify
12 the district that shall be the recipient of such gift, bequest, or donation.

13 3. The state treasurer shall be custodian of the fund. In
14 accordance with sections 30.170 and 30.180, the state treasurer may
15 approve disbursements of public moneys in accordance with
16 distribution requirements and procedures developed by the department
17 of elementary and secondary education and shall make disbursement
18 of private funds according to the directions of the donor. If the donor
19 did not specify how the private funds were to be disbursed, the state
20 treasurer shall contact the donor to determine the manner of
21 disbursement. The fund shall be a dedicated fund and, upon
22 appropriation, moneys in the fund shall be used solely for the
23 administration of this section. A district that receives moneys from the
24 fund may use such moneys to cover the cost of online tutoring services
25 provided through a contract with a public library under section

26 170.215.

27 4. Notwithstanding the provisions of section 33.080 to the
28 contrary, any moneys remaining in the fund at the end of the biennium
29 shall not revert to the credit of the general revenue fund.

30 5. The state treasurer shall invest moneys in the fund in the
31 same manner as other funds are invested. Any interest and moneys
32 earned on such investments shall be credited to the fund.

167.688. 1. Any underperforming district, as defined in section
2 167.848, may perform any or all of the following actions including, but
3 not limited to:

4 (1) Implement a new curriculum, including appropriate
5 professional development, based on scientifically based research that
6 offers substantial promise of improving educational achievement of
7 low-achieving students;

8 (2) Retain an outside expert to advise the district or school on
9 its progress toward regaining accreditation;

10 (3) Enter into a contract with an education management
11 company or education services provider that has a demonstrated
12 record of effectiveness operating a school or schools;

13 (4) For any unaccredited school, enter into a collaborative
14 relationship and agreement with an accredited district in which
15 teachers from the unaccredited school may exchange positions with
16 teachers from an accredited school in an accredited district for a
17 period of two school weeks; or

18 (5) Implement any other change that is suggested by the state
19 board of education, an expert or contractor approved under this
20 section, or an assistance team under section 161.087, in accordance with
21 state law, that the school board has reason to believe will result in
22 improved performance for accreditation purposes.

23 2. Any underperforming district that offers an attendance
24 recovery program designed exclusively to allow students to recapture
25 attendance hours lost due to absences shall be allowed to include such
26 attendance recovery hours in the district's attendance rate for purposes
27 of the Missouri school improvement program accreditation
28 scoring. Districts may offer attendance recovery programs on
29 Saturdays or at any time before or after the school's regularly
30 scheduled school hours. Extended hour and day programs designed for

31 remediation or enrichment purposes shall not fulfill the criteria of
32 attendance recovery programs as provided in this subsection.

167.730. 1. Beginning July 1, 2018, and continuing thereafter,
2 every public school, including every charter school, in the metropolitan
3 school district or in any urban school district containing most or all of
4 a home rule city with more than four hundred thousand inhabitants
5 and located in more than one county shall incorporate a response-to-
6 intervention tiered approach to reading instruction to focus resources
7 on students who are determined by their school to need additional or
8 changed instruction to make progress as readers. At a minimum, the
9 reading levels of students in kindergarten through tenth grade shall be
10 assessed at the beginning and middle of the school year, and students
11 who score below district benchmarks shall be provided with intensive
12 and systematic reading instruction.

13 2. Beginning January 1, 2018, and every January first thereafter,
14 every public school, including every charter school, in the metropolitan
15 school district or in any urban school district containing most or all of
16 a home rule city with more than four hundred thousand inhabitants
17 and located in more than one county shall prepare a personalized
18 learning plan for any kindergarten or first grade student whose most
19 recent school-wide reading assessment result shows the student is
20 working below grade level unless the student has been determined by
21 other means in the current school year to be working at grade level or
22 above. The provisions of this section shall not apply to students
23 otherwise served under an individualized education program, to
24 students receiving services through a plan prepared under Section 504
25 of the Rehabilitation Act of 1973 that includes an element addressing
26 reading below grade level, or to students determined to have limited
27 English proficiency.

28 3. For any student who is required by this section to have a
29 personalized learning plan, the student's main teacher shall consult
30 with the student's parent or guardian during the preparation of the
31 plan and shall consult, as appropriate, any district personnel or
32 department of elementary and secondary education personnel with
33 necessary expertise to develop such a plan. The school shall require
34 the written consent of the parent or guardian to implement the plan;
35 however, if the school is unsuccessful in contacting the parent or

36 guardian by January fifteenth, the school may send a letter by certified
37 mail to the student's last known address stating its intention to
38 implement the plan by February first.

39 4. After implementing the personalized learning plan through the
40 end of the student's first grade year, the school shall refer any student
41 who still performs below grade level for assessment to determine if an
42 individualized education program is necessary for the student. A
43 student who is assessed as not needing an individualized education
44 program but who is reading below grade level at the end of the first
45 grade shall continue to be required to have a personalized learning
46 plan until the student is reading at grade level.

47 5. Notwithstanding any provision of law to the contrary, any
48 student in a metropolitan school district, in any urban school district
49 containing most or all of a home rule city with more than four hundred
50 thousand inhabitants and located in more than one county, or in any
51 charter school located in any such district who is not reading at
52 second-grade level by the end of second grade may be promoted to the
53 third grade only under one of the following circumstances:

54 (1) The school provides additional reading instruction during the
55 summer and demonstrates the student is ready for third grade at the
56 end of the summer school;

57 (2) The school provides a combined classroom in which the
58 student continues with the same teacher, sometimes referred to as
59 "looping". If the student in such a classroom is not reading at third-
60 grade level by the end of third grade, the student shall be retained in
61 third grade; or

62 (3) The student's parents or guardians have signed a notice that
63 they prefer to have their student promoted although the student is
64 reading below grade level. The school shall have the final
65 determination on the issue of retention.

66 6. The metropolitan school district, any urban school district
67 containing most or all of a home rule city with more than four hundred
68 thousand inhabitants and located in more than one county, and each
69 charter school located in them shall provide in its annual report card
70 under section 160.522 the numbers and percentages by grade from first
71 grade to tenth grade in each school of any students at any grade level
72 who have been promoted who have been determined as reading below

73 grade level, except that no reporting shall permit the identification of
74 an individual student.

75 7. School districts and charter schools under this section may
76 provide for a student promotion and retention program and a reading
77 instruction program that are equivalent to those that are described in
78 this section with the oversight and approval of the department of
79 elementary and secondary education.

167.825. 1. For school year 2017-18, students who transferred
2 from an unaccredited district to an accredited district in the same or
3 an adjoining county under section 167.131 as it existed on July 1, 2014,
4 shall be allowed to participate under the same terms that governed
5 such transfers in school years 2014-15 through 2016-17, except that
6 section 167.132 shall apply to determine the reimbursement of their
7 tuition.

8 2. For school year 2017-18, if an unaccredited district becomes
9 classified as provisionally accredited or accredited without provisions
10 by the state board of education, any resident student of the
11 unaccredited district who has transferred under section 167.131 as it
12 existed on July 1, 2014, shall be permitted to continue the student's
13 educational program through the completion of middle school, junior
14 high school, or high school, whichever occurs first, except that a
15 student who attends any school serving students through high school
16 graduation but starting at grades lower than ninth grade shall be
17 permitted to complete high school in the school to which he or she has
18 transferred.

19 3. Notwithstanding any other provision of law, any student who
20 was participating in the school transfer program before January 1,
21 2017, and who attended, for at least one semester immediately prior to
22 transferring, a school in an unaccredited district, shall have the option
23 of transferring to a virtual school as provided in subsection 8 of section
24 162.1250, an approved charter school, or another public school in the
25 student's district of residence that offers the student's grade level of
26 enrollment, as further provided in section 167.826.

167.826. 1. Any student may transfer to another public school in
2 the student's district of residence that offers the student's grade level
3 of enrollment and that is accredited without provisions by the state
4 board of education if such student is enrolled in and has attended an

5 unaccredited school in an unaccredited district for the full semester
6 immediately prior to requesting the transfer.

7 2. Any student may transfer to another public school in the
8 student's district of residence that offers the student's grade level of
9 enrollment and that is accredited without provisions by the state board
10 of education if such student is enrolled in and has attended an
11 unaccredited school, for the full semester immediately prior to
12 requesting the transfer, in:

13 (1) An urban school district;

14 (2) A metropolitan school district;

15 (3) A district that has most or all of its land area located in a
16 county with a charter form of government and with more than nine
17 hundred fifty thousand inhabitants; or

18 (4) A district that has most or all of its land area located in a
19 county with a charter form of government and with more than six
20 hundred thousand but fewer than seven hundred thousand inhabitants.

21 3. No such transfer under subsections 1 and 2 of this section
22 shall result in a class size and assigned enrollment in a receiving school
23 that exceeds the standards for class size and assigned enrollment as
24 promulgated in the Missouri school improvement program's resource
25 standards. If the student chooses to attend a magnet school, an
26 academically selective school, or a school with a competitive entrance
27 process within his or her district of residence that has admissions
28 requirements, the student shall meet such admissions requirements in
29 order to attend. The school board of each district described in
30 subsections 1 and 2 of this section that operates an unaccredited school
31 shall determine the capacity at each of the district's attendance centers
32 that the state board of education has assigned a classification
33 designation of accredited or accredited with distinction. The district's
34 school board shall be responsible for coordinating student transfers
35 from unaccredited schools to accredited schools within the district. No
36 student enrolled in and attending an attendance center that does not
37 offer classes above the second grade level shall be eligible to transfer
38 under this section.

39 4. Any student who is enrolled in and has attended an
40 unaccredited school in an unaccredited district for the full semester
41 immediately prior to requesting the transfer and who has first

42 attempted but is unable to transfer to an accredited school within his
43 or her district of residence under subsection 1 of this section due to a
44 lack of capacity in accredited schools in the district of residence may
45 apply to the appropriate education authority to transfer to:

46 (1) An accredited school in another district located in the same
47 or an adjoining county; or

48 (2) An approved charter school, as defined in section 167.848, in
49 another district located in the same or an adjoining county.

50 5. After the state board of education has assigned classification
51 designations to all attendance centers under subsection 3 of section
52 161.238 and continuing thereafter, any student who is eligible to
53 transfer under subsection 2 of this section and who has first attempted
54 but is unable to transfer to an accredited school within his or her
55 district of residence under subsection 2 of this section due to a lack of
56 capacity in accredited schools in the district of residence may apply to
57 the appropriate education authority to transfer to:

58 (1) An accredited school in another district located in the same
59 or an adjoining county; or

60 (2) An approved charter school, as defined in section 167.848, in
61 another district located in the same or an adjoining county.

62 6. The application to the education authority to transfer shall be
63 made by March first before the school year in which the student
64 intends to transfer.

65 7. A student who is eligible to begin kindergarten or first grade
66 at an unaccredited school as described in subsection 1 or 2 of this
67 section may apply to the appropriate education authority for a transfer
68 if he or she resides in the attendance area of an unaccredited school on
69 March first preceding the school year of first attendance. A student
70 who does not apply by March first shall be required to enroll and
71 attend for one semester to become eligible to transfer. If the student
72 chooses to apply to attend a magnet school, an academically selective
73 school, or a school with a competitive entrance process that has
74 admissions requirements, the student shall furnish proof that he or she
75 meets such admissions requirements. Any student who does not
76 maintain residency in the attendance area of his or her attendance
77 center in the district of residence shall lose eligibility to transfer. Any
78 student who transfers but later withdraws shall lose eligibility to

79 transfer. The transfer provisions of this subsection shall not apply to
80 a district created under sections 162.815 to 162.840 or to any early
81 childhood programs or early childhood special education programs.

82 8. No unaccredited district, provisionally accredited district,
83 unaccredited school, or provisionally accredited school shall be eligible
84 to receive transfer students, except that, within an unaccredited
85 district, students may transfer from unaccredited schools to accredited
86 schools, and a transfer student who chooses to attend a provisionally
87 accredited school in the district of residence shall be allowed to
88 transfer to such school if there is an available slot.

89 9. If a charter school may receive nonresident transfer students
90 under this section because it has been operating for less than three
91 years but then loses its status as an approved charter school
92 immediately after those three years because its three-year average
93 score on its annual performance report is below seventy percent, any
94 students who previously transferred to the charter school may remain
95 enrolled in the charter school but no additional nonresident students
96 may transfer to the charter school.

97 10. No attendance center with a three-year average score of
98 seventy percent or lower on its annual performance report shall be
99 eligible to receive any transfer students, irrespective of its state board
100 of education classification designation, except that any student who
101 was granted a transfer to such an attendance center prior to the
102 effective date of this section may remain enrolled in that attendance
103 center.

104 11. For a receiving district or receiving approved charter school,
105 no acceptance of a transfer student shall require any of the following
106 actions, unless the school board of the receiving district or the
107 receiving approved charter school's governing board has approved the
108 action:

109 (1) A class size and assigned enrollment in a receiving school
110 that exceeds the number of students provided by its approved policy on
111 class size under subsection 12 of this section;

112 (2) The hiring of additional classroom teachers; or

113 (3) The construction of additional classrooms.

114 12. Each receiving district and each receiving approved charter
115 school shall have the right to establish and adopt, by objective means,

116 a policy for desirable class size and student-teacher ratios. A district's
117 policy may allow for estimated growth in the resident student
118 population. An approved charter school may use the class size, student-
119 teacher ratios, and growth projections for student enrollment contained
120 in the charter school's charter application and charter when adopting
121 a policy. Any district or approved charter school that adopts such a
122 policy shall do so by January first annually. A receiving district or
123 receiving approved charter school shall publish its policy and shall not
124 be required to accept any transfer students under this section that
125 would violate its class size or student-teacher ratio. If a student
126 seeking to transfer is denied admission to a district or approved
127 charter school based on a lack of space under the policy, the student or
128 the student's parent or guardian may appeal the ruling to the state
129 board of education if he or she believes the district's policy or
130 approved charter school's policy is unduly restrictive to student
131 transfers. If more than one student or parent appeals a denial of
132 admission from the same district or approved charter school to the
133 state board of education, the state board shall make an effort to hear
134 such actions at the same time. If the state board of education finds that
135 the policy is unduly restrictive to student transfers, the state board
136 may limit the policy. The state board's decision shall be final.

137 13. For each student who transfers to another district or
138 approved charter school, the student's district of residence shall pay
139 the tuition amount for each transfer student to the receiving district or
140 receiving approved charter school in two increments annually, once at
141 the start of the school year and once at the start of the second semester
142 of the school year. Each receiving district and receiving approved
143 charter school shall adopt a policy establishing a tuition rate by
144 February first annually.

145 14. If an unaccredited school becomes classified as provisionally
146 accredited or accredited without provisions by the state board of
147 education, any student who was assigned to such attendance center and
148 who has transferred under this section shall be permitted to continue
149 his or her educational program in that education option through the
150 completion of middle school, junior high school, or high school,
151 whichever occurs first, except that a student who attends any school
152 serving students through high school graduation but starting at grades

153 lower than ninth grade shall be permitted to complete high school in
154 the school to which he or she has transferred.

155 **15. (1) Except as provided in subdivision (2) of this subsection,**
156 **if a district described in subsection 1 or 2 of this section operates an**
157 **unaccredited school, the education authority for the county in which**
158 **the district is located shall designate at least one accredited district in**
159 **the same or an adjoining county to which the district operating the**
160 **unaccredited school shall provide transportation for transfer students.**
161 **If the designated district reaches full student capacity and is unable to**
162 **receive additional students, the education authority shall designate at**
163 **least one additional accredited district to which the district operating**
164 **an unaccredited school shall provide transportation for transfer**
165 **students.**

166 **(2) For the 2017-18 school year, and until such time as the**
167 **governor has appointed a number of members sufficient to constitute**
168 **a quorum to the education authority whose geographic coverage area**
169 **includes a district operating an unaccredited school, the department of**
170 **elementary and secondary education shall designate at least one**
171 **accredited district in the same or an adjoining county to which a**
172 **district operating an unaccredited school shall provide transportation**
173 **for transfer students. If the designated district reaches full student**
174 **capacity and is unable to receive additional students, the department**
175 **shall designate at least one additional accredited district to which a**
176 **district operating an unaccredited school shall provide transportation**
177 **for transfer students.**

178 **(3) During the 2017-18 school year, for any district in a county**
179 **with a charter form of government and with more than nine hundred**
180 **fifty thousand inhabitants that the state board of education classified**
181 **as unaccredited effective January 1, 2014, the costs of providing**
182 **transportation for transfer students to a designated accredited district**
183 **in the same or an adjoining county shall be paid from the student**
184 **transfer transportation fund. There is hereby created in the state**
185 **treasury the "Student Transfer Transportation Fund", which shall**
186 **consist of moneys appropriated to this fund. The state treasurer shall**
187 **be custodian of the fund. The commissioner of education shall**
188 **administer the fund. In accordance with sections 30.170 and 30.180, the**
189 **state treasurer may approve disbursements. The fund shall be a**

190 dedicated fund, and moneys in the fund shall be used solely by the
191 department of elementary and secondary education for the purposes of
192 this subdivision. Notwithstanding the provisions of section 33.080 to
193 the contrary, any moneys remaining in the fund at the end of the
194 biennium shall not revert to the credit of the general revenue
195 fund. The state treasurer shall invest moneys in the fund in the same
196 manner as other funds are invested. Any interest and moneys earned
197 on such investments shall be credited to the fund.

198 16. Notwithstanding the provisions of subsection 13 of this
199 section to the contrary, if costs associated with the provision of special
200 education and related services to a student with a disability exceed the
201 tuition amount established under this section, the transfer student's
202 district of residence shall remain responsible to pay the excess cost to
203 the receiving district or receiving approved charter school. If the
204 receiving district is a component district of a special school district,
205 the transfer student's district of residence, including any metropolitan
206 school district, shall contract with the special school district for the
207 entirety of the costs to provide special education and related services,
208 excluding transportation pursuant to this section. The special school
209 district may contract with the transfer student's district of residence,
210 including any metropolitan district, for the provision of transportation
211 of a student with a disability, or the transfer student's district of
212 residence may provide transportation on its own.

213 17. A special school district shall continue to provide special
214 education and related services, with the exception of transportation
215 under this section, to a student with a disability transferring from an
216 unaccredited school within a component district to an accredited
217 school within the same or a different component district within the
218 special school district.

219 18. If any metropolitan school district operates an unaccredited
220 school, it shall remain responsible for the provision of special
221 education and related services, including transportation, to students
222 with disabilities. A special school district in an adjoining county to a
223 metropolitan school district may contract with the metropolitan school
224 district for the reimbursement of special education services pursuant
225 to sections 162.705 and 162.710 provided by the special school district
226 for transfer students who are residents of the district operating an

227 unaccredited school.

228 19. Regardless of whether transportation is identified as a
229 related service within a student's individualized education program, a
230 receiving district that is not part of a special school district shall not
231 be responsible for providing transportation to a student transferring
232 under this section. A district operating an unaccredited school may
233 contract with a receiving district that is not part of a special school
234 district pursuant to sections 162.705 and 162.710 for transportation of
235 students with disabilities.

236 20. If a seven-director district or urban school district as
237 described under subsection 1 or 2 of this section operates an
238 unaccredited school, it may contract with a receiving district that is
239 not part of a special school district in the same or an adjoining county
240 for the reimbursement of special education and related services
241 pursuant to sections 162.705 and 162.710 provided by the receiving
242 district for transfer students who are residents of the district operating
243 an unaccredited school.

 167.827. 1. By August 1, 2017, and by January first annually,
2 each district eligible to receive transfer students under section 167.826
3 shall report to the education authority for the county in which the
4 district is located its number of available enrollment slots in accredited
5 schools by grade level. Each district described in subsection 1 or 2 of
6 section 167.826 operating an unaccredited school shall report to the
7 education authority the number of available enrollment slots in the
8 accredited schools of the district by August 1, 2017, and by January
9 first annually. Each approved charter school that is eligible to receive
10 transfer students under section 167.826 shall report the number of
11 available enrollment slots by August 1, 2017, and by January first
12 annually.

13 2. Any education authority whose geographic area includes a
14 district described in subsection 1 or 2 of section 167.826 operating an
15 unaccredited school shall make information and assistance available to
16 parents or guardians who intend to transfer their child from an
17 unaccredited school to an accredited school in another district in the
18 same or an adjoining county or an approved charter school in another
19 district in the same or an adjoining county.

20 3. The parent or guardian of a student who intends to transfer

21 his or her child from an unaccredited school to an accredited school in
22 another district in the same or an adjoining county or an approved
23 charter school in another district in the same or an adjoining county
24 shall send initial notification to the education authority for the county
25 in which he or she resides by March first for enrollment in the
26 subsequent school year.

27 4. The education authority whose geographic area includes a
28 district that operates an unaccredited school described in subsection
29 1 or 2 of section 167.826 shall assign those students who are unable to
30 transfer to an accredited school in their district of residence and seek
31 to transfer to an accredited school in another district in the same or an
32 adjoining county or an approved charter school in another district in
33 the same or an adjoining county. When assigning transfer students to
34 approved charter schools, an education authority shall coordinate with
35 each approved charter school and its admissions process if capacity is
36 insufficient to enroll all students who submit a timely application. An
37 approved charter school shall not be required to receive any transfer
38 students that would require it to institute a lottery procedure for
39 determining the admission of resident students. The authority shall
40 give first priority to students who live in the same household with any
41 family member within the first or second degree of consanguinity or
42 affinity who have already transferred and who apply to attend the same
43 school. If insufficient grade-appropriate enrollment slots are available
44 for a student to be able to transfer, that student shall receive first
45 priority the following school year. The authority shall only disrupt
46 student and parent choice for transfer if the available slots are
47 requested by more students than there are slots available. The
48 authority shall consider the following factors in assigning schools, with
49 the student's or parent's choice as the most important factor:

- 50 (1) The student's or parent's choice of the receiving school;
51 (2) The best interests of the student; and
52 (3) Distance and travel time to a receiving school.

53 The education authority shall not consider student academic
54 performance, free and reduced price lunch status, or athletic ability in
55 assigning a student to a school. When assigning transfer students to
56 approved charter schools, an education authority shall coordinate with
57 each approved charter school and its admissions process if capacity is

58 insufficient to enroll all students who submit a timely application.

59 5. An education authority may deny a transfer to a student who
60 in the most recent school year has been suspended from school two or
61 more times or who has been suspended for an act of school violence
62 under subsection 2 of section 160.261. A student whose transfer is
63 initially precluded under this subsection may be permitted to transfer
64 on a provisional basis as a probationary transfer student, subject to no
65 further disruptive behavior, upon a statement from the student's
66 current school that the student is not disruptive. A student who is
67 denied a transfer under this subsection has the right to an in-person
68 meeting with a representative of the authority. Each education
69 authority shall develop administrative guidelines to provide common
70 standards for determining disruptive behavior that shall include, but
71 not be limited to, criteria under the safe schools act.

72 6. Notwithstanding any other provision of law, the test scores of
73 transfer students attending schools in districts other than their district
74 of residence under section 167.826 shall be counted as follows:

75 (1) In the first year of attendance in a district or approved
76 charter school, a transfer student's score on a statewide assessment
77 shall not be included when calculating the status or progress scores on
78 the district's or charter school's annual performance report scores. The
79 growth score shall be weighted at one hundred percent;

80 (2) In the second year of attendance, a transfer student's score
81 on a statewide assessment shall be weighted at thirty percent when
82 calculating the district's or charter school's performance for purposes
83 of the district's or charter school's annual performance report status or
84 progress score, with the growth score weighted at one hundred percent;

85 (3) In the third year of attendance, a transfer student's score on
86 a statewide assessment shall be weighted at seventy percent when
87 calculating the district's or charter school's performance for purposes
88 of the district's or charter school's annual performance report status or
89 progress score, with the growth score weighted at one hundred percent;

90 (4) In the fourth year of attendance and any subsequent years of
91 attendance, a transfer student's score on a statewide assessment shall
92 be weighted at one hundred percent when calculating the district's or
93 charter school's performance for purposes of the district's or charter
94 school's annual performance report status or progress score, with the

95 growth score weighted at one hundred percent.

96 7. When performing the requirements of this section, section
97 167.132, or sections 167.830 to 167.845, if an education authority whose
98 geographic area includes a district that operates an unaccredited
99 school as described in subsection 1 or 2 of section 167.826 is not
100 coordinating transfers due to insufficient funding or because the
101 governor has not yet appointed a number of members sufficient to
102 constitute a quorum to the education authority, the department of
103 elementary and secondary education shall contract with or collaborate
104 with any organizations it chooses, subject to the exception described
105 in subsection 8 of this section, in order to coordinate transfers that
106 each education authority is required to coordinate under such
107 sections. The department of elementary and secondary education and
108 such organization or organizations it chooses shall fulfill all functions
109 of the education authorities, including the duty to perform the tuition
110 calculation as described in subsection 4 of section 167.132. Any
111 applications for transfers and any reports of available enrollment slots
112 that the education authorities would have received shall be submitted
113 to the department of elementary and secondary education or such
114 organization or organizations it chooses instead.

167.830. 1. There is hereby established the "St. Louis Area
2 Education Authority". The authority is hereby constituted a public
3 instrumentality and body politic and corporate, and the exercise by the
4 authority of the powers conferred by this section shall be deemed and
5 held to be the performance of an essential public function. Unless
6 otherwise provided, the authority shall be subject to all general laws
7 pertaining to the operation of seven-director districts as defined in
8 section 160.011.

9 2. If any metropolitan school district, any district located in any
10 county with a charter form of government and with more than nine
11 hundred fifty thousand inhabitants, or any district located in an
12 adjoining county to them operates at least one unaccredited school, the
13 authority shall coordinate student transfers from unaccredited schools
14 to schools in accredited districts as set forth in section 167.826 and, if
15 applicable, to approved charter schools.

16 3. The authority shall consist of five members to be appointed by
17 the governor, by and with the advice and consent of the senate, each of

18 whom shall be a resident of the state. The members shall reflect the
19 population characteristics of the districts they represent. Not more
20 than three of the five members of the authority shall be of the same
21 political party. Two members shall be residents of the metropolitan
22 school district, two members shall be residents of school districts
23 located in a county with a charter form of government and with more
24 than nine hundred fifty thousand inhabitants, and one member shall be
25 a resident of a district located in an adjoining county to a county with
26 a charter form of government and with more than nine hundred fifty
27 thousand inhabitants. The length of term for members shall be six
28 years except for the initial members, who shall be appointed in the
29 following manner:

- 30 (1) One member shall be appointed for a term of two years;
- 31 (2) One member shall be appointed for a term of three years;
- 32 (3) One member shall be appointed for a term of four years;
- 33 (4) One member shall be appointed for a term of five years; and
- 34 (5) One member shall be appointed for a term of six years.
