Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Section 208.152, RSMo, is repealed and one new
2 section enacted in lieu thereof, to be known as section 208.152,
3 to read as follows:

208.152. 1. MO HealthNet payments shall be made on
2 behalf of those eligible needy persons as described in
3 section 208.151 who are unable to provide for it in whole or
4 in part, with any payments to be made on the basis of the
5 reasonable cost of the care or reasonable charge for the
6 services as defined and determined by the MO HealthNet
7 division, unless otherwise hereinafter provided, for the
8 following:

9 (1) Inpatient hospital services, except to persons in
10 an institution for mental diseases who are under the age of
11 sixty-five years and over the age of twenty-one years;
12 provided that the MO HealthNet division shall provide
13 through rule and regulation an exception process for
14 coverage of inpatient costs in those cases requiring
15 treatment beyond the seventy-fifth percentile professional
16 activities study (PAS) or the MO HealthNet children's
17 diagnosis length-of-stay schedule; and provided further that
18 the MO HealthNet division shall take into account through

EXPLANATION-Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

19 its payment system for hospital services the situation of
20 hospitals which serve a disproportionate number of low-
21 income patients;

22 (2) All outpatient hospital services, payments
23 therefor to be in amounts which represent no more than
24 eighty percent of the lesser of reasonable costs or
25 customary charges for such services, determined in
26 accordance with the principles set forth in Title XVIII A
27 and B, Public Law 89-97, 1965 amendments to the federal
28 Social Security Act (42 U.S.C. Section 301, et seq.), but
29 the MO HealthNet division may evaluate outpatient hospital
30 services rendered under this section and deny payment for
31 services which are determined by the MO HealthNet division
32 not to be medically necessary, in accordance with federal
33 law and regulations;

34 (3) Laboratory and X-ray services;

35 (4) Nursing home services for participants, except to
36 persons with more than five hundred thousand dollars equity
37 in their home or except for persons in an institution for
38 mental diseases who are under the age of sixty-five years,
39 when residing in a hospital licensed by the department of
40 health and senior services or a nursing home licensed by the
41 department of health and senior services or appropriate
42 licensing authority of other states or government-owned and -
43 operated institutions which are determined to conform to
44 standards equivalent to licensing requirements in Title XIX
45 of the federal Social Security Act (42 U.S.C. Section 301,
46 et seq.), as amended, for nursing facilities. The MO
47 HealthNet division may recognize through its payment
48 methodology for nursing facilities those nursing facilities
49 which serve a high volume of MO HealthNet patients. The MO
50 HealthNet division when determining the amount of the

51 benefit payments to be made on behalf of persons under the
52 age of twenty-one in a nursing facility may consider nursing
53 facilities furnishing care to persons under the age of
54 twenty-one as a classification separate from other nursing
55 facilities;

56 (5) Nursing home costs for participants receiving
57 benefit payments under subdivision (4) of this subsection
58 for those days, which shall not exceed twelve per any period
59 of six consecutive months, during which the participant is
60 on a temporary leave of absence from the hospital or nursing
61 home, provided that no such participant shall be allowed a
62 temporary leave of absence unless it is specifically
63 provided for in his plan of care. As used in this
64 subdivision, the term "temporary leave of absence" shall
65 include all periods of time during which a participant is
66 away from the hospital or nursing home overnight because he
67 is visiting a friend or relative;

68 (6) Physicians' services, whether furnished in the
69 office, home, hospital, nursing home, or elsewhere;

70 (7) Subject to appropriation, up to twenty visits per
71 year for services limited to examinations, diagnoses,
72 adjustments, and manipulations and treatments of
73 malpositioned articulations and structures of the body
74 provided by licensed chiropractic physicians practicing
75 within their scope of practice. Nothing in this subdivision
76 shall be interpreted to otherwise expand MO HealthNet
77 services;

78 (8) Drugs and medicines when prescribed by a licensed
79 physician, dentist, podiatrist, or an advanced practice
80 registered nurse; except that no payment for drugs and
81 medicines prescribed on and after January 1, 2006, by a
82 licensed physician, dentist, podiatrist, or an advanced

83 practice registered nurse may be made on behalf of any
84 person who qualifies for prescription drug coverage under
85 the provisions of P.L. 108-173;

86 (9) Emergency ambulance services and, effective
87 January 1, 1990, medically necessary transportation to
88 scheduled, physician-prescribed nonelective treatments;

89 (10) Early and periodic screening and diagnosis of
90 individuals who are under the age of twenty-one to ascertain
91 their physical or mental defects, and health care,
92 treatment, and other measures to correct or ameliorate
93 defects and chronic conditions discovered thereby. Such
94 services shall be provided in accordance with the provisions
95 of Section 6403 of P.L. 101-239 and federal regulations
96 promulgated thereunder;

97 (11) Home health care services;

98 (12) Family planning as defined by federal rules and
99 regulations; provided, however, that such family planning
100 services shall not include abortions unless such abortions
101 are certified in writing by a physician to the MO HealthNet
102 agency that, in the physician's professional judgment, the
103 life of the mother would be endangered if the fetus were
104 carried to term;

105 (13) Inpatient psychiatric hospital services for
106 individuals under age twenty-one as defined in Title XIX of
107 the federal Social Security Act (42 U.S.C. Section 1396d, et
108 seq.);

109 (14) Outpatient surgical procedures, including
110 presurgical diagnostic services performed in ambulatory
111 surgical facilities which are licensed by the department of
112 health and senior services of the state of Missouri; except,
113 that such outpatient surgical services shall not include
114 persons who are eligible for coverage under Part B of Title

115 XVIII, Public Law 89-97, 1965 amendments to the federal
116 Social Security Act, as amended, if exclusion of such
117 persons is permitted under Title XIX, Public Law 89-97, 1965
118 amendments to the federal Social Security Act, as amended;

119 (15) Personal care services which are medically
120 oriented tasks having to do with a person's physical
121 requirements, as opposed to housekeeping requirements, which
122 enable a person to be treated by his or her physician on an
123 outpatient rather than on an inpatient or residential basis
124 in a hospital, intermediate care facility, or skilled
125 nursing facility. Personal care services shall be rendered
126 by an individual not a member of the participant's family
127 who is qualified to provide such services where the services
128 are prescribed by a physician in accordance with a plan of
129 treatment and are supervised by a licensed nurse. Persons
130 eligible to receive personal care services shall be those
131 persons who would otherwise require placement in a hospital,
132 intermediate care facility, or skilled nursing facility.

133 Benefits payable for personal care services shall not exceed
134 for any one participant one hundred percent of the average
135 statewide charge for care and treatment in an intermediate
136 care facility for a comparable period of time. Such
137 services, when delivered in a residential care facility or
138 assisted living facility licensed under chapter 198 shall be
139 authorized on a tier level based on the services the
140 resident requires and the frequency of the services. A
141 resident of such facility who qualifies for assistance under
142 section 208.030 shall, at a minimum, if prescribed by a
143 physician, qualify for the tier level with the fewest
144 services. The rate paid to providers for each tier of
145 service shall be set subject to appropriations. Subject to
146 appropriations, each resident of such facility who qualifies

147 for assistance under section 208.030 and meets the level of
148 care required in this section shall, at a minimum, if
149 prescribed by a physician, be authorized up to one hour of
150 personal care services per day. Authorized units of
151 personal care services shall not be reduced or tier level
152 lowered unless an order approving such reduction or lowering
153 is obtained from the resident's personal physician. Such
154 authorized units of personal care services or tier level
155 shall be transferred with such resident if he or she
156 transfers to another such facility. Such provision shall
157 terminate upon receipt of relevant waivers from the federal
158 Department of Health and Human Services. If the Centers for
159 Medicare and Medicaid Services determines that such
160 provision does not comply with the state plan, this
161 provision shall be null and void. The MO HealthNet division
162 shall notify the revisor of statutes as to whether the
163 relevant waivers are approved or a determination of
164 noncompliance is made;

165 (16) Mental health services. The state plan for
166 providing medical assistance under Title XIX of the Social
167 Security Act, 42 U.S.C. Section 301, as amended, shall
168 include the following mental health services when such
169 services are provided by community mental health facilities
170 operated by the department of mental health or designated by
171 the department of mental health as a community mental health
172 facility or as an alcohol and drug abuse facility or as a
173 child-serving agency within the comprehensive children's
174 mental health service system established in section
175 630.097. The department of mental health shall establish by
176 administrative rule the definition and criteria for
177 designation as a community mental health facility and for

178 designation as an alcohol and drug abuse facility. Such
179 mental health services shall include:

180 (a) Outpatient mental health services including
181 preventive, diagnostic, therapeutic, rehabilitative, and
182 palliative interventions rendered to individuals in an
183 individual or group setting by a mental health professional
184 in accordance with a plan of treatment appropriately
185 established, implemented, monitored, and revised under the
186 auspices of a therapeutic team as a part of client services
187 management;

188 (b) Clinic mental health services including
189 preventive, diagnostic, therapeutic, rehabilitative, and
190 palliative interventions rendered to individuals in an
191 individual or group setting by a mental health professional
192 in accordance with a plan of treatment appropriately
193 established, implemented, monitored, and revised under the
194 auspices of a therapeutic team as a part of client services
195 management;

196 (c) Rehabilitative mental health and alcohol and drug
197 abuse services including home and community-based
198 preventive, diagnostic, therapeutic, rehabilitative, and
199 palliative interventions rendered to individuals in an
200 individual or group setting by a mental health or alcohol
201 and drug abuse professional in accordance with a plan of
202 treatment appropriately established, implemented, monitored,
203 and revised under the auspices of a therapeutic team as a
204 part of client services management. As used in this
205 section, mental health professional and alcohol and drug
206 abuse professional shall be defined by the department of
207 mental health pursuant to duly promulgated rules. With
208 respect to services established by this subdivision, the
209 department of social services, MO HealthNet division, shall

210 enter into an agreement with the department of mental
211 health. Matching funds for outpatient mental health
212 services, clinic mental health services, and rehabilitation
213 services for mental health and alcohol and drug abuse shall
214 be certified by the department of mental health to the MO
215 HealthNet division. The agreement shall establish a
216 mechanism for the joint implementation of the provisions of
217 this subdivision. In addition, the agreement shall
218 establish a mechanism by which rates for services may be
219 jointly developed;

220 (17) Such additional services as defined by the MO
221 HealthNet division to be furnished under waivers of federal
222 statutory requirements as provided for and authorized by the
223 federal Social Security Act (42 U.S.C. Section 301, et seq.)
224 subject to appropriation by the general assembly;

225 (18) The services of an advanced practice registered
226 nurse with a collaborative practice agreement to the extent
227 that such services are provided in accordance with chapters
228 334 and 335, and regulations promulgated thereunder;

229 (19) Nursing home costs for participants receiving
230 benefit payments under subdivision (4) of this subsection to
231 reserve a bed for the participant in the nursing home during
232 the time that the participant is absent due to admission to
233 a hospital for services which cannot be performed on an
234 outpatient basis, subject to the provisions of this
235 subdivision:

236 (a) The provisions of this subdivision shall apply
237 only if:

238 a. The occupancy rate of the nursing home is at or
239 above ninety-seven percent of MO HealthNet certified
240 licensed beds, according to the most recent quarterly census
241 provided to the department of health and senior services

242 which was taken prior to when the participant is admitted to
243 the hospital; and

244 b. The patient is admitted to a hospital for a medical
245 condition with an anticipated stay of three days or less;

246 (b) The payment to be made under this subdivision
247 shall be provided for a maximum of three days per hospital
248 stay;

249 (c) For each day that nursing home costs are paid on
250 behalf of a participant under this subdivision during any
251 period of six consecutive months such participant shall,
252 during the same period of six consecutive months, be
253 ineligible for payment of nursing home costs of two
254 otherwise available temporary leave of absence days provided
255 under subdivision (5) of this subsection; and

256 (d) The provisions of this subdivision shall not apply
257 unless the nursing home receives notice from the participant
258 or the participant's responsible party that the participant
259 intends to return to the nursing home following the hospital
260 stay. If the nursing home receives such notification and
261 all other provisions of this subsection have been satisfied,
262 the nursing home shall provide notice to the participant or
263 the participant's responsible party prior to release of the
264 reserved bed;

265 (20) Prescribed medically necessary durable medical
266 equipment. An electronic web-based prior authorization
267 system using best medical evidence and care and treatment
268 guidelines consistent with national standards shall be used
269 to verify medical need;

270 (21) Hospice care. As used in this subdivision, the
271 term "hospice care" means a coordinated program of active
272 professional medical attention within a home, outpatient and
273 inpatient care which treats the terminally ill patient and

274 family as a unit, employing a medically directed
275 interdisciplinary team. The program provides relief of
276 severe pain or other physical symptoms and supportive care
277 to meet the special needs arising out of physical,
278 psychological, spiritual, social, and economic stresses
279 which are experienced during the final stages of illness,
280 and during dying and bereavement and meets the Medicare
281 requirements for participation as a hospice as are provided
282 in 42 CFR Part 418. The rate of reimbursement paid by the
283 MO HealthNet division to the hospice provider for room and
284 board furnished by a nursing home to an eligible hospice
285 patient shall not be less than ninety-five percent of the
286 rate of reimbursement which would have been paid for
287 facility services in that nursing home facility for that
288 patient, in accordance with subsection (c) of Section 6408
289 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

290 (22) Prescribed medically necessary dental services.
291 Such services shall be subject to appropriations. An
292 electronic web-based prior authorization system using best
293 medical evidence and care and treatment guidelines
294 consistent with national standards shall be used to verify
295 medical need;

296 (23) Prescribed medically necessary optometric
297 services. Such services shall be subject to
298 appropriations. An electronic web-based prior authorization
299 system using best medical evidence and care and treatment
300 guidelines consistent with national standards shall be used
301 to verify medical need;

302 (24) Blood clotting products-related services. For
303 persons diagnosed with a bleeding disorder, as defined in
304 section 338.400, reliant on blood clotting products, as
305 defined in section 338.400, such services include:

306 (a) Home delivery of blood clotting products and
307 ancillary infusion equipment and supplies, including the
308 emergency deliveries of the product when medically necessary;

309 (b) Medically necessary ancillary infusion equipment
310 and supplies required to administer the blood clotting
311 products; and

312 (c) Assessments conducted in the participant's home by
313 a pharmacist, nurse, or local home health care agency
314 trained in bleeding disorders when deemed necessary by the
315 participant's treating physician;

316 (25) The MO HealthNet division shall, by January 1,
317 2008, and annually thereafter, report the status of MO
318 HealthNet provider reimbursement rates as compared to one
319 hundred percent of the Medicare reimbursement rates and
320 compared to the average dental reimbursement rates paid by
321 third-party payors licensed by the state. The MO HealthNet
322 division shall, by July 1, 2008, provide to the general
323 assembly a four-year plan to achieve parity with Medicare
324 reimbursement rates and for third-party payor average dental
325 reimbursement rates. Such plan shall be subject to
326 appropriation and the division shall include in its annual
327 budget request to the governor the necessary funding needed
328 to complete the four-year plan developed under this
329 subdivision.

330 2. Additional benefit payments for medical assistance
331 shall be made on behalf of those eligible needy children,
332 pregnant women and blind persons with any payments to be
333 made on the basis of the reasonable cost of the care or
334 reasonable charge for the services as defined and determined
335 by the MO HealthNet division, unless otherwise hereinafter
336 provided, for the following:

337 (1) Dental services;

338 (2) Services of podiatrists as defined in section
339 330.010;

340 (3) Optometric services as described in section
341 336.010;

342 (4) Orthopedic devices or other prosthetics, including
343 eye glasses, dentures, hearing aids, and wheelchairs;

344 (5) Hospice care. As used in this subdivision, the
345 term "hospice care" means a coordinated program of active
346 professional medical attention within a home, outpatient and
347 inpatient care which treats the terminally ill patient and
348 family as a unit, employing a medically directed
349 interdisciplinary team. The program provides relief of
350 severe pain or other physical symptoms and supportive care
351 to meet the special needs arising out of physical,
352 psychological, spiritual, social, and economic stresses
353 which are experienced during the final stages of illness,
354 and during dying and bereavement and meets the Medicare
355 requirements for participation as a hospice as are provided
356 in 42 CFR Part 418. The rate of reimbursement paid by the
357 MO HealthNet division to the hospice provider for room and
358 board furnished by a nursing home to an eligible hospice
359 patient shall not be less than ninety-five percent of the
360 rate of reimbursement which would have been paid for
361 facility services in that nursing home facility for that
362 patient, in accordance with subsection (c) of Section 6408
363 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

364 (6) Comprehensive day rehabilitation services
365 beginning early posttrauma as part of a coordinated system
366 of care for individuals with disabling impairments.
367 Rehabilitation services [must] **shall** be based on an
368 individualized, goal-oriented, comprehensive and coordinated
369 treatment plan developed, implemented, and monitored through

370 an interdisciplinary assessment designed to restore an
371 individual to optimal level of physical, cognitive, and
372 behavioral function. The MO HealthNet division shall
373 establish by administrative rule the definition and criteria
374 for designation of a comprehensive day rehabilitation
375 service facility, benefit limitations and payment
376 mechanism. Any rule or portion of a rule, as that term is
377 defined in section 536.010, that is created under the
378 authority delegated in this subdivision shall become
379 effective only if it complies with and is subject to all of
380 the provisions of chapter 536 and, if applicable, section
381 536.028. This section and chapter 536 are nonseverable and
382 if any of the powers vested with the general assembly
383 pursuant to chapter 536 to review, to delay the effective
384 date, or to disapprove and annul a rule are subsequently
385 held unconstitutional, then the grant of rulemaking
386 authority and any rule proposed or adopted after August 28,
387 2005, shall be invalid and void.

388 3. The MO HealthNet division may require any
389 participant receiving MO HealthNet benefits to pay part of
390 the charge or cost until July 1, 2008, and an additional
391 payment after July 1, 2008, as defined by rule duly
392 promulgated by the MO HealthNet division, for all covered
393 services except for those services covered under
394 subdivisions (15) and (16) of subsection 1 of this section
395 and sections 208.631 to 208.657 to the extent and in the
396 manner authorized by Title XIX of the federal Social
397 Security Act (42 U.S.C. Section 1396, et seq.) and
398 regulations thereunder. When substitution of a generic drug
399 is permitted by the prescriber according to section 338.056,
400 and a generic drug is substituted for a name-brand drug, the
401 MO HealthNet division may not lower or delete the

402 requirement to make a co-payment pursuant to regulations of
403 Title XIX of the federal Social Security Act. A provider of
404 goods or services described under this section [must] **shall**
405 collect from all participants the additional payment that
406 may be required by the MO HealthNet division under authority
407 granted herein, if the division exercises that authority, to
408 remain eligible as a provider. Any payments made by
409 participants under this section shall be in addition to and
410 not in lieu of payments made by the state for goods or
411 services described herein except the participant portion of
412 the pharmacy professional dispensing fee shall be in
413 addition to and not in lieu of payments to pharmacists. A
414 provider may collect the co-payment at the time a service is
415 provided or at a later date. A provider shall not refuse to
416 provide a service if a participant is unable to pay a
417 required payment. If it is the routine business practice of
418 a provider to terminate future services to an individual
419 with an unclaimed debt, the provider may include uncollected
420 co-payments under this practice. Providers who elect not to
421 undertake the provision of services based on a history of
422 bad debt shall give participants advance notice and a
423 reasonable opportunity for payment. A provider,
424 representative, employee, independent contractor, or agent
425 of a pharmaceutical manufacturer shall not make co-payment
426 for a participant. This subsection shall not apply to other
427 qualified children, pregnant women, or blind persons. If
428 the Centers for Medicare and Medicaid Services does not
429 approve the MO HealthNet state plan amendment submitted by
430 the department of social services that would allow a
431 provider to deny future services to an individual with
432 uncollected co-payments, the denial of services shall not be
433 allowed. The department of social services shall inform

434 providers regarding the acceptability of denying services as
435 the result of unpaid co-payments.

436 4. The MO HealthNet division shall have the right to
437 collect medication samples from participants in order to
438 maintain program integrity.

439 5. Reimbursement for obstetrical and pediatric
440 services under subdivision (6) of subsection 1 of this
441 section shall be timely and sufficient to enlist enough
442 health care providers so that care and services are
443 available under the state plan for MO HealthNet benefits at
444 least to the extent that such care and services are
445 available to the general population in the geographic area,
446 as required under subparagraph (a)(30)(A) of 42 U.S.C.
447 Section 1396a and federal regulations promulgated thereunder.

448 6. Beginning July 1, 1990, reimbursement for services
449 rendered in federally funded health centers shall be in
450 accordance with the provisions of subsection 6402(c) and
451 Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation
452 Act of 1989) and federal regulations promulgated thereunder.

453 7. Beginning July 1, 1990, the department of social
454 services shall provide notification and referral of children
455 below age five, and pregnant, breast-feeding, or postpartum
456 women who are determined to be eligible for MO HealthNet
457 benefits under section 208.151 to the special supplemental
458 food programs for women, infants and children administered
459 by the department of health and senior services. Such
460 notification and referral shall conform to the requirements
461 of Section 6406 of P.L. 101-239 and regulations promulgated
462 thereunder.

463 8. Providers of long-term care services shall be
464 reimbursed for their costs in accordance with the provisions
465 of Section 1902 (a)(13)(A) of the Social Security Act, 42

466 U.S.C. Section 1396a, as amended, and regulations
467 promulgated thereunder.

468 9. Reimbursement rates to long-term care providers
469 with respect to a total change in ownership, at arm's
470 length, for any facility previously licensed and certified
471 for participation in the MO HealthNet program shall not
472 increase payments in excess of the increase that would
473 result from the application of Section 1902 (a) (13) (C) of
474 the Social Security Act, 42 U.S.C. Section 1396a (a) (13) (C).

475 10. The MO HealthNet division may enroll qualified
476 residential care facilities and assisted living facilities,
477 as defined in chapter 198, as MO HealthNet personal care
478 providers.

479 11. Any income earned by individuals eligible for
480 certified extended employment at a sheltered workshop under
481 chapter 178 shall not be considered as income for purposes
482 of determining eligibility under this section.

483 12. If the Missouri Medicaid audit and compliance unit
484 changes any interpretation or application of the
485 requirements for reimbursement for MO HealthNet services
486 from the interpretation or application that has been applied
487 previously by the state in any audit of a MO HealthNet
488 provider, the Missouri Medicaid audit and compliance unit
489 shall notify all affected MO HealthNet providers five
490 business days before such change shall take effect. Failure
491 of the Missouri Medicaid audit and compliance unit to notify
