

SECOND REGULAR SESSION

SENATE BILL NO. 682

101ST GENERAL ASSEMBLY

INTRODUCED BY SENATOR O'LAUGHLIN.

4279S.01H

ADRIANE D. CROUSE, Secretary

AN ACT

To repeal section 338.010, RSMo, and to enact in lieu thereof one new section relating to pharmacists.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Section 338.010, RSMo, is repealed and one new
2 section enacted in lieu thereof, to be known as section 338.010,
3 to read as follows:

338.010. 1. The "practice of pharmacy" means the
2 interpretation, implementation, and evaluation of medical
3 prescription orders, including any legend drugs under 21
4 U.S.C. Section 353; receipt, transmission, or handling of
5 such orders or facilitating the dispensing of such orders;
6 the designing, initiating, implementing, and monitoring of a
7 medication therapeutic plan, as defined by the prescription
8 order, so long as the prescription order is specific to each
9 patient for care by a pharmacist; the compounding,
10 dispensing, labeling, and administration of drugs and
11 devices pursuant to medical prescription orders and **the**
12 administration of viral influenza, pneumonia, shingles,
13 hepatitis A, hepatitis B, diphtheria, tetanus, pertussis,
14 and meningitis vaccines by written protocol authorized by a
15 physician for persons at least seven years of age or the age
16 recommended by the Centers for Disease Control and
17 Prevention, whichever is higher, or the administration of
18 pneumonia, shingles, hepatitis A, hepatitis B, diphtheria,

19 tetanus, pertussis, meningitis, and viral influenza vaccines
20 by written protocol authorized by a physician for a specific
21 patient, as authorized by rule; the participation in drug
22 selection according to state law and participation in drug
23 utilization reviews; the proper and safe storage of drugs
24 and devices and the maintenance of proper records thereof;
25 consultation with patients and other health care
26 practitioners, and veterinarians and their clients about
27 legend drugs, about the safe and effective use of drugs and
28 devices; the prescribing and dispensing of any nicotine
29 replacement therapy product under section 338.665; the
30 dispensing of HIV postexposure prophylaxis pursuant to
31 section 338.730; and the offering or performing of those
32 acts, services, operations, or transactions necessary in the
33 conduct, operation, management, and control of a pharmacy.
34 No person shall engage in the practice of pharmacy unless he
35 or she is licensed under the provisions of this chapter.
36 This chapter shall not be construed to prohibit the use of
37 auxiliary personnel under the direct supervision of a
38 pharmacist from assisting the pharmacist in any of his or
39 her duties. This assistance in no way is intended to
40 relieve the pharmacist from his or her responsibilities for
41 compliance with this chapter and he or she will be
42 responsible for the actions of the auxiliary personnel
43 acting in his or her assistance. This chapter shall also
44 not be construed to prohibit or interfere with any legally
45 registered practitioner of medicine, dentistry, or podiatry,
46 or veterinary medicine only for use in animals, or the
47 practice of optometry in accordance with and as provided in
48 sections 195.070 and 336.220 in the compounding,
49 administering, prescribing, or dispensing of his or her own
50 prescriptions.

51 2. Any pharmacist who accepts a prescription order for
52 a medication therapeutic plan shall have a written protocol
53 from the physician who refers the patient for medication
54 therapy services. The written protocol and the prescription
55 order for a medication therapeutic plan shall come from the
56 physician only, and shall not come from a **registered**
57 **professional** nurse engaged in a collaborative practice
58 arrangement under section 334.104, or from a physician
59 assistant engaged in a collaborative practice arrangement
60 under section 334.735.

61 3. Nothing in this section shall be construed as to
62 prevent any person, firm or corporation from owning a
63 pharmacy regulated by sections 338.210 to 338.315, provided
64 that a licensed pharmacist is in charge of such pharmacy.

65 4. Nothing in this section shall be construed to apply
66 to or interfere with the sale of nonprescription drugs and
67 the ordinary household remedies and such drugs or medicines
68 as are normally sold by those engaged in the sale of general
69 merchandise.

70 5. No health carrier, as defined in chapter 376, shall
71 require any physician with which they contract to enter into
72 a written protocol with a pharmacist for medication
73 therapeutic services.

74 6. This section shall not be construed to allow a
75 pharmacist to diagnose or independently prescribe
76 pharmaceuticals.

77 7. The state board of registration for the healing
78 arts, under section 334.125, and the state board of
79 pharmacy, under section 338.140, shall jointly promulgate
80 rules regulating the use of protocols for prescription
81 orders for medication therapy services and administration of
82 viral influenza vaccines. Such rules shall require

83 protocols to include provisions allowing for timely
84 communication between the pharmacist and the referring
85 physician, and any other patient protection provisions
86 deemed appropriate by both boards. In order to take effect,
87 such rules shall be approved by a majority vote of a quorum
88 of each board. Neither board shall separately promulgate
89 rules regulating the use of protocols for prescription
90 orders for medication therapy services and administration of
91 viral influenza vaccines. Any rule or portion of a rule, as
92 that term is defined in section 536.010, that is created
93 under the authority delegated in this section shall become
94 effective only if it complies with and is subject to all of
95 the provisions of chapter 536 and, if applicable, section
96 536.028. This section and chapter 536 are nonseverable and
97 if any of the powers vested with the general assembly
98 pursuant to chapter 536 to review, to delay the effective
99 date, or to disapprove and annul a rule are subsequently
100 held unconstitutional, then the grant of rulemaking
101 authority and any rule proposed or adopted after August 28,
102 2007, shall be invalid and void.

103 8. The state board of pharmacy may grant a certificate
104 of medication therapeutic plan authority to a licensed
105 pharmacist who submits proof of successful completion of a
106 board-approved course of academic clinical study beyond a
107 bachelor of science in pharmacy, including but not limited
108 to clinical assessment skills, from a nationally accredited
109 college or university, or a certification of equivalence
110 issued by a nationally recognized professional organization
111 and approved by the board of pharmacy.

112 9. Any pharmacist who has received a certificate of
113 medication therapeutic plan authority may engage in the
114 designing, initiating, implementing, and monitoring of a

115 medication therapeutic plan as defined by a prescription
116 order from a physician that is specific to each patient for
117 care by a pharmacist.

118 10. Nothing in this section shall be construed to
119 allow a pharmacist to make a therapeutic substitution of a
120 pharmaceutical prescribed by a physician unless authorized
121 by the written protocol or the physician's prescription
122 order.

123 11. "Veterinarian", "doctor of veterinary medicine",
124 "practitioner of veterinary medicine", "DVM", "VMD", "BVSe",
125 "BVMS", "BSe (Vet Science)", "VMB", "MRCVS", or an
126 equivalent title means a person who has received a doctor's
127 degree in veterinary medicine from an accredited school of
128 veterinary medicine or holds an Educational Commission for
129 Foreign Veterinary Graduates (EDFVG) certificate issued by
130 the American Veterinary Medical Association (AVMA).

131 12. In addition to other requirements established by
132 the joint promulgation of rules by the board of pharmacy and
133 the state board of registration for the healing arts:

134 (1) A pharmacist shall administer vaccines by protocol
135 in accordance with treatment guidelines established by the
136 Centers for Disease Control and Prevention (CDC);

137 (2) A pharmacist who is administering a vaccine shall
138 request a patient to remain in the pharmacy a safe amount of
139 time after administering the vaccine to observe any adverse
140 reactions. Such pharmacist shall have adopted emergency
141 treatment protocols;

142 (3) In addition to other requirements by the board, a
143 pharmacist shall receive additional training as required by
144 the board and evidenced by receiving a certificate from the
145 board upon completion, and shall display the certification
146 in his or her pharmacy where vaccines are delivered.

147 13. A pharmacist shall inform the patient that the
148 administration of the vaccine will be entered into the
149 ShowMeVax system, as administered by the department of
150 health and senior services. The patient shall attest to the
151 inclusion of such information in the system by signing a
152 form provided by the pharmacist. If the patient indicates
153 that he or she does not want such information entered into
154 the ShowMeVax system, the pharmacist shall provide a written
155 report within fourteen days of administration of a vaccine
156 to the patient's health care provider, if provided by the
157 patient, containing:

- 158 (1) The identity of the patient;
159 (2) The identity of the vaccine or vaccines
160 administered;
161 (3) The route of administration;
162 (4) The anatomic site of the administration;
163 (5) The dose administered; and
164 (6) The date of administration.
