620.3510. 1. A rural fund that seeks to have an equity investment certified as a capital investment eligible for credits authorized under the provisions of sections 620.3500 to 620.3530 shall apply to the department. The department shall begin accepting applications within ninety days of the effective date of sections 620.3500 to 620.3530. The application shall include:

(1) The amount of capital investment requested;

(2) A copy of the applicant's or an affiliate of the applicant's license as a rural business investment company under 7 U.S.C. Section 2009cc or as a small business investment company under 15 U.S.C. Section 681, and a certificate executed by an executive officer of the applicant attesting that such license remains in effect and has not been revoked;

(3) Evidence that, as of the date the application is submitted, the applicant or affiliates of the applicant have invested:

(a) At least one hundred million dollars in nonpublic companies located in counties within the United States with

a population of less than fifty thousand according to the 2020 decennial census of United States; and

(b) At least thirty million dollars in nonpublic companies located in Missouri;

(4) A business plan that includes a revenue impact assessment projecting state and local tax revenue to be generated by the applicant's proposed qualified investments, prepared by a nationally recognized, third-party, independent economic forecasting firm using a dynamic economic forecasting model that analyzes the applicant's business plan in yearly increments over the ten years following the date the application is submitted to the department. Such plan shall include an estimate of the number of jobs created and jobs sustained in this state as a result of the applicant's qualified investments; and

(5) A nonrefundable application fee of five thousand dollars payable to the department.

2. Within sixty days after the receipt of a completed application, the department shall grant or deny the application in full or in part. The department shall deny the application if:

(1) The applicant does not satisfy all of the criteria provided under subsection 1 of this section;

(2) The revenue impact assessment submitted with the application does not demonstrate that the applicant's business plan will result in a positive fiscal impact on this state over a ten-year period that exceeds the cumulative amount of tax credits that would be issued to the applicant if the application were approved; or

(3) The department has already approved the maximum amount of capital investment authority under section 620.3515.

3. If the department denies any part of the application, it shall inform the applicant of the grounds for such denial. If the applicant provides any additional information required by the department or otherwise completes its application within fifteen days of the notice of denial, the application shall be considered complete as of the original date of resubmission. If the applicant fails to provide the information or fails to complete its application within the fifteen-day period, the application shall remain denied and shall be resubmitted in full with a new submission date and a new application fee.

4. Upon approval of an application, the department shall certify the proposed equity investment as a capital investment eligible for credits under sections 620.3500 to 620.3530, subject to the limitations contained in section 620.3515. The department shall provide written notice of the certification to the applicant, which shall include the amount of the applicant's capital investment authority. The department shall certify capital investments in the order that the applications are received by the department. Applications received on the same day shall be deemed to have been received simultaneously. For applications that are complete and received on the same day, the department shall certify applications in proportionate percentages based upon the ratio of the amount of capital investment authority requested in an application to the total amount of capital investment authority requested in all applications.

620.3515. 1. The department shall certify capital investment authority under the provisions of sections 620.3500 to 620.3530 in amounts that would authorize not more than sixteen million dollars in state tax credits to be claimed against state tax liability in any calendar year, excluding any credit amounts carried forward as provided

under subsection 1 of section 620.3520. Within ninety days of the applicant receiving notice of certification, the rural fund shall issue the capital investment to, and receive cash in the amount of the certified amount from, a rural investor. At least ten percent of the rural investor's capital investment shall be composed of capital raised by the rural investor directly or indirectly from sources, including directors, members, employees, officers, and affiliates of the rural investor, other than the amount invested by the allocatee claiming the tax credits in exchange for such allocation of tax credits. The rural fund shall provide the department with evidence of the receipt of the cash investment within ninety-five days of the applicant receiving notice of certification.

2. If the rural fund does not receive the cash investment and issue the capital investment within such time period following receipt of the certification notice, the certification shall lapse and the rural fund shall not issue the capital investment without reapplying to the department for certification. Lapsed certifications shall revert to the department and shall be reissued pro rata to applicants whose capital investment allocations were reduced during the immediately preceding application cycle in accordance with the application process provided under subsection 4 of section 620.3510. Any lapsed certification not reissued within the same calendar year as the lapsed certification was issued shall not be reissued.

3. A rural fund, before making a qualified investment, may request from the department a written opinion as to whether the business in which it proposes to invest is an eligible business. Such request shall be on a form developed by the department to be completed by the eligible business and the rural fund. If the department fails to

notify the rural fund of its determination by the twentieth business day following its receipt of the completed form and all information necessary to form its opinion, the business in which the rural fund proposes to invest shall be deemed an eligible business.

620.3520. 1. Upon making a capital investment in a rural fund, a rural investor shall have a vested right to earn a tax credit that will be issued by the department that may be used against such entity's state tax liability that may be utilized on each credit allowance date of such capital investment in an amount equal to the applicable percentage for such credit allowance date multiplied by the purchase price paid to the rural fund for the capital investment. The amount of the credit claimed by a rural investor shall not exceed the amount of such entity's state tax liability for the tax year for which the credit is claimed. Any amount of credit that a rural investor is prohibited from claiming in a taxable year as a result of this section may be carried forward for use in any of the five subsequent taxable years, and shall not be carried back to prior taxable years. A rural investor claiming a credit under the provisions of sections 620.3500 to 620.3530 shall not incur any additional tax that may arise as a result of claiming such credit.

2. No credit claimed under the provisions of sections 620.3500 to 620.3530 shall be refundable or sellable on the open market. Credits earned by or allocated to a partnership, limited liability company, or S-corporation may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders, and a rural fund shall notify the department of the names of the entities that are eligible to utilize

credits pursuant to an allocation of credits or a change in allocation of credits, or due to a transfer of a capital investment upon such allocation, change, or transfer. Such allocation shall not be considered a sale for the purposes of this section.

3. The department may recapture credits from a taxpayer that claimed a credit authorized under this section if:

(1) The rural fund does not invest sixty percent of its capital investment authority in qualified investments in this state within two years of the credit allowance date, and one hundred percent of its capital investment authority in qualified investments in this state within three years of the credit allowance date, provided that at least seventy percent of such initial qualified investments shall be made in eligible businesses located in rural areas or eligible businesses that are also agribusinesses. In no event shall more than thirty percent of such initial qualified investments be made in eligible businesses located outside of a rural area;

(2) The rural fund fails to maintain qualified investments equal to ninety percent of its capital investment authority from the third until the sixth credit allowance date, with seventy percent of such investments maintained in eligible businesses located in rural areas or eligible businesses that are also agribusinesses, provided that in no event shall more than thirty percent of such qualified investments be made in eligible businesses located outside of a rural area. For each year the rural fund fails to maintain such investments, the department may recapture an amount of such year's allowed credits equal to the percentage difference between ninety percent of a rural fund's capital investment authority and the actual amount of

qualified investments maintained for such year. For the purposes of this subdivision, a qualified investment is considered maintained even if the qualified investment was sold or repaid so long as the rural fund reinvests an amount equal to the capital returned or recovered by the rural fund from the original investment, exclusive of any profits realized, in other qualified investments in this state within twelve months of the receipt of such capital. Amounts received periodically by a rural fund shall be treated as continually invested in qualified investments if the amounts are reinvested in one or more qualified investments by the end of the following calendar year. A rural fund shall not be required to reinvest capital returned from qualified investments after the fifth credit allowance date, and such qualified investments shall be considered held continuously by the rural fund through the sixth credit allowance date;

(3) The rural fund, before exiting the program in accordance with sections 620.3500 to 620.3530 or prior to thirty days after the sixth credit allowance date, whichever is earlier, makes a distribution or payment that results in the rural fund having less than one hundred percent of its capital investment authority invested in qualified investments in this state or held in cash or other marketable securities; or

(4) The rural fund violates the provisions of section 620.3525, in which case the department may recapture an amount equal to the amount of a rural fund's capital investment authority found to be in violation of such provisions.

For the purposes of meeting and maintaining the objectives established for investment in subdivisions (1) and (2) of this subsection, a rural fund's qualified investments shall

be multiplied by a factor of one and a quarter in counties with less than thirty thousand in population and more than thirteen thousand in population and shall be multiplied by a factor of one and a half in counties with a population of thirteen thousand or less according to the most recent decennial census.

4. No recapture shall occur until the rural fund has been given notice of noncompliance and afforded six months from the date of such notice to cure the noncompliance.

620.3525. No eligible business that receives a qualified investment under the provisions of sections 620.3500 to 620.3530, or any affiliates of such eligible businesses, shall directly or indirectly:

(1) Own or have the right to acquire an ownership interest in a rural fund or member or affiliate of a rural fund, including, but not limited to, a holder of a capital investment issued by the rural fund; or

(2) Loan to or invest in a rural fund or member or affiliate of a rural fund, including, but not limited to, a holder of a capital investment issued by a rural fund, where the proceeds of such loan or investment are directly or indirectly used to fund or refinance the purchase of a capital investment under sections 620.3500 to 620.3530.

620.3530. 1. Rural funds shall submit a report to the department within the first fifteen business days after the second and third credit allowance date. The report following the second credit allowance date shall provide documentation as to the investment of sixty percent of the purchase price of such capital investment in qualified investments. The report following the third credit allowance date shall provide documentation as to the investment of one hundred percent of the purchase price of such capital investment in qualified investments. Unless

previously reported pursuant to this subsection, such reports shall also include:

(1) The name and location of each eligible business receiving a qualified investment;

(2) Bank statements of such rural fund evidencing each qualified investment;

(3) A copy of the written opinion of the department, as provided in subsection 3 of section 620.3515, or evidence that such business was an eligible business at the time of such qualified investment, as applicable;

(4) The number of jobs created and jobs sustained resulting from each qualified investment;

(5) The average annual salary of positions described in subdivision (4) of this subsection; and

(6) Such other information as required by the department.

2. For all subsequent years, rural funds shall submit an annual report to the department within ninety days of the beginning of the calendar year during the compliance period. The report shall include, but is not limited to, the following:

(1) The number of jobs created and jobs sustained as a result of qualified investments;

(2) The average annual salary of positions described in subdivision (1) of this subsection and new payroll; and

(3) Such other information as required by the department.

3. The program authorized pursuant to sections 620.3500 to 620.3530 shall be considered a business recruitment tax credit under subdivision (4) of subsection 2 of section 135.800, and any rural fund approved under this program shall be subject to the provisions of sections 135.800 to 135.830.

4. On or after the sixth anniversary of the initial credit allowance date, a rural fund may apply to the department to exit the program and no longer be subject to regulation under the provisions of sections 620.3500 to 620.3530. Such request shall be on a form developed by the department to be completed by the rural fund. The department shall respond to the exit application within thirty days of receipt of the completed form. In evaluating the exit application, the fact that no credits have been recaptured and that the rural fund has not received a notice of recapture that has not been cured pursuant to subsection 4 of section 620.3520 shall be sufficient evidence to prove that the rural fund is eligible for exit. The department shall not unreasonably deny, delay, or withhold its determination of an exit application submitted under this subsection. If the exit application is denied, the notice shall include the reasons for such determination.

5. Pursuant to section 23.253 of the Missouri sunset act:

(1) The program authorized under sections 620.3500 to 620.3530 shall expire on August 28, 2029, unless reauthorized by the general assembly; and

(2) Sections 620.3500 to 620.3530 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 620.3500 to 620.3530 is sunset; and

(3) If such program is reauthorized, the program authorized under sections 620.3500 to 620.3530 shall automatically sunset six years after the effective date of the reauthorization of sections 620.3500 to 620.3530; and

(4) Nothing in this subsection shall preclude a rural fund that has received certified capital investment authority from the department prior to the expiration of

sections 620.3500 to 620.3530 from issuing the capital investment pursuant to that authority in accordance with sections 620.3500 to 620.3530.

6. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.3500 to 620.3530. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.
