7 recognized principles and standards for quality charter authorizing.

8 (10) If at any time the commission finds that an authorizer is not in compliance with an existing charter

- 28 (v) a compensation structure, including clear identification of all fees to be paid to the education service
- 29 provider;
- 30 (vi) methods of contract oversight and enforcement;

1 (vii) investment disclosure;
2 (viii) conditions for renewal and termination of the contract; and
3 (c) disclose and explain any existing or potential conflicts of interest between the school governing board
4 and the proposed education service provider or any affiliated business entities.

5 (11) In the case of a public charter school proposal from an applicant that currently operates one or more
6 schools in any state or nation, a request for proposal must additionally require the applicant to provide evidence
7 of past performance and current capacity for growth.

8 (12) In reviewing and evaluating charter applications, authorizers shall employ procedures, practices, and
9 criteria consistent with nationally recognized principles and standards for quality charter authorizing. The
10 application review process must include thorough evaluation of each written charter application, an in-person
11 interview with the applicant group, and an opportunity in a public forum for local residents to learn about and
12 provide input on each application.

13 (13) In deciding whether to approve charter applications, authorizers shall:

14 (a) grant charters only to applicants that have demonstrated competence in each element of the
15 authorizer's published approval criteria and are likely to open and operate a successful public charter school;

16 (b) base decisions on documented evidence collected through the application review process; and

17 (c) follow charter-granting policies and practices that are transparent, are based on merit, and avoid
18 conflicts of interest or any appearance of conflict.

19 (14) (a) Within 60 days after the filing of a charter application, the authorizer shall approve or deny the
20 charter application. The authorizer shall adopt by resolution all charter approval or denial decisions in an open
21 meeting of the authorizer's governing board.

22 (b) An approval decision may include, if appropriate, reasonable conditions that the charter applicant
23 must meet before a charter contract may be executed pursuant to [section 9].

24 (c) For any charter denial, the authorizer shall clearly state, for public record, the reasons for denial. A
25 denied applicant may subsequently reapply to that authorizer or apply to any other authorizer in the state.

26 (d) Within 10 days of taking action to approve or deny a charter application, the authorizer shall report
27 its decision to the commission. The authorizer shall provide a copy of the report to the charter applicant at the
28 same time that the report is submitted to the commission. The report must include a copy of the authorizer
29 governing board's resolution setting forth the action taken and reasons for the decision and providing assurances
30 of compliance with all of the procedural requirements and application elements set forth in this section.

1

2 **NEW SECTION. Section 9. Charter contract -- terms.** (1) An initial charter must be granted for a term
3 of 5 operating years, commencing on the public charter school's first day of operation. An approved public charter
4 school may delay its opening for 1 school year to plan and prepare for the school's opening. If the school requires
5 an opening delay of more than 1 school year, the school shall request an extension from its authorizer. The
6 authorizer may grant or deny the extension depending on the particular school's circumstances.

7 (2) Within 30 days of approval of a charter application, the authorizer and the governing board of the
8 approved public charter school shall execute a charter contract that clearly sets forth the academic and
9 operational performance expectations and measures by which the public charter school will be judged and the
10 administrative relationship between the authorizer and public charter school, including each party's rights and
11 duties.

12 (3) The performance expectations and measures set forth in the charter contract must include at a
13 minimum the applicable federal and state accountability requirements. The performance provisions may be
14 refined or amended by mutual agreement after the public charter school is operating and has collected baseline
15 achievement data for its enrolled students.

16 (4) The charter contract for a virtual public charter school must include a description and agreement
17 regarding the methods by which the school will:

18 (a) monitor and verify full-time student enrollment, student participation in a full course load, credit
19 accrual, and course completion;

20 (b) monitor and verify student progress and performance in each course through regular, proctored
21 assessments and submissions of coursework;

22 (c) conduct parent-teacher conferences; and

23 (d) administer state-required assessments to all students in a proctored setting.

24 (5) The charter contract must be signed by the president of the authorizer's governing board and the
25 president of the public charter school's governing body. Within 10 days of executing a charter contract, the
26 authorizer shall submit to the commission written notification of the charter contract execution, including a copy
27 of the executed charter contract and any attachments.

28 (6) A public charter school may not commence operations without a charter contract executed in
29 accordance with this provision and approved in an open meeting of the authorizer's governing board.

30 (7) Authorizers may establish reasonable preopening requirements or conditions to monitor the startup

1 progress of a newly approved public charter school to ensure that the school is prepared to open smoothly on
2 the date agreed and to ensure that each school meets all building, health, safety, insurance, and other legal
3 requirements for school opening.

4

5 **NEW SECTION. Section 10. Enrollment.** (1) (a) A public charter school must be open to any student
6 residing in the state.

7 (b) A school district may not require any student enrolled in the school district to attend a public charter
8 school.

9 (c) A public charter school may not limit admission based on ethnicity, national origin, religion, gender,
10 income level, disabling condition, proficiency in the English language, or academic or athletic ability.

11 (d) A public charter school may limit admission to students within a given age group or grade level.

12 (e) A public charter school may be organized for a special emphasis, theme, or concept as stated in the
13 school's application.

14 (f) A public charter school shall enroll all students who wish to attend the school unless the number of
15 students exceeds the capacity of a program, class, grade level, or building.

16 (g) If capacity is insufficient to enroll all students who wish to attend the school, the public charter school
17 shall select students through a lottery.

18 (2) A noncharter public school converting to a public charter school shall adopt and maintain a policy
19 giving enrollment preference to students who reside within the former attendance area of that public school.

20 (3) (a) A public charter school shall give enrollment preference to students who were enrolled in the
21 public charter school the previous school year and to siblings of students already enrolled in the public charter
22 school. An enrollment preference for returning students excludes those students from entering into a lottery.

23 (b) A public charter school may give enrollment preference to children of a public charter school's
24 founders, governing board, and full-time employees, limited to no more than 10% of the school's total student
25 population.

26 (4) This section does not preclude the formation of a public charter school for the purpose of serving
27 students with disabilities, students of the same gender, students who pose a sufficiently severe disciplinary
28 problem to warrant a specific educational program, or students who are at risk of academic failure. If capacity is
29 insufficient to enroll all students who wish to attend such a school, the public charter school shall select students
30 through a lottery.

1 (5) If a student who was previously enrolled in a public charter school enrolls in any other public school
2 in this state, the student's new school must accept credits earned by the student in courses or instructional
3 programs at the public charter school in a uniform and consistent manner and according to the same criteria for
4 accepting academic credits between other public schools.

5 (6) A school district shall provide or publicize to parents and the general public information about public
6 charter schools authorized by the district as an enrollment option within the district to the same extent and through
7 the same means that the district provides and publicizes information about noncharter public schools in the
8 district.

9 (7) An authorizer may not restrict the number of students a public charter school may enroll. The capacity
10 of the public charter school must be determined annually by the governing board of the public charter school in
11 conjunction with the authorizer and in consideration of the public charter school's ability to facilitate the academic
12 success of its students, to achieve the objectives specified in the charter contract, and to ensure that its student
13 enrollment does not exceed the capacity of its facility or site.

14
15 **NEW SECTION. Section 11. Charter school performance and renewal.** (1) The performance
16 provisions within the charter contract must be based on a performance framework that clearly sets forth the
17 academic and operational performance indicators, measures, and metrics that will guide the authorizer's
18 evaluations of each public charter school. The performance framework must include indicators, measures, and
19 metrics for, at a minimum:

- 20 (a) student academic proficiency;
21 (b) student academic growth;
22 (c) achievement gaps in both proficiency and growth between major student subgroups;
23 (d) attendance;
24 (e) recurrent enrollment from year to year;
25 (f) postsecondary readiness;
26 (g) financial performance and sustainability; and
27 (h) board performance and stewardship, including compliance with all applicable laws, regulations, and
28 terms of the charter contract.

29 (2) Each public charter school, in conjunction with its authorizer, shall set annual performance targets
30 designed to help each school meet applicable federal, state, and authorizer expectations.

1 (3) (a) The contract performance framework must allow the inclusion, with the authorizer's approval, of
2 additional rigorous, valid, and reliable indicators proposed by a public charter school to augment external
3 evaluations of its performance that are consistent with the purposes of [sections 1 through 17].

4 (b) The performance framework must require the disaggregation of all student performance data by
5 major student subgroups, including gender, race, poverty status, special education status, English learner status,
6 and gifted status.

7 (c) The authorizer shall collect state assessment data from each public charter school it oversees and
8 shall analyze and report all data from state assessments in accordance with the performance framework.

9 (d) Multiple schools operating under a single charter contract or overseen by a single governing board
10 shall report their performance as separate, individual schools, and each school must be held independently
11 accountable for its performance.

12 (4) (a) An authorizer shall monitor the performance and legal compliance of the public charter schools
13 it oversees, including collecting and analyzing data to support ongoing evaluation according to the charter
14 contract. Every authorizer has the authority to conduct or require oversight activities that do not unduly inhibit the
15 autonomy granted to public charter schools but that enable the authorizer to fulfill its responsibilities under
16 [sections 1 through 17], including conducting appropriate inquiries and investigations consistent with the intent
17 of [sections 1 through 17], and to adhere to the terms of the charter contract.

18 (b) Each authorizer shall annually publish and provide, as part of its annual report to the commission and
19 the legislature, a performance report for each public charter school it oversees, within the performance framework
20 set forth in the charter contract and [section 9]. The authorizer may require each public charter school it oversees
21 to submit an annual report to assist the authorizer in gathering complete information about each school,
22 consistent with the performance framework.

23 (c) In the event that a public charter school's performance or legal compliance appears unsatisfactory,
24 the authorizer shall promptly notify the public charter school of the perceived problem and provide reasonable
25 opportunity for the school to remedy the problem.

26 (d) An authorizer may take appropriate corrective action or exercise sanctions short of revocation in
27 response to apparent deficiencies in public charter school performance or legal compliance. The action or
28 sanctions may include, if warranted, requiring a school to develop and execute a corrective action plan within a
29 specified timeframe.

30 (5) (a) A charter may be renewed for successive 5-year terms, although the authorizer may vary the term

1 based on the performance, demonstrated capacities, and particular circumstances of each public charter school.

2 An authorizer may grant renewal with specific conditions for necessary improvement to a public charter school.

3 (b) No later than June 30 of each year, the authorizer shall issue a public charter school performance
4 report and charter renewal application guide to any public charter school whose charter will expire the following
5 year. The performance report must summarize the public charter school's performance record to date, based on
6 the data required by [sections 1 through 17] and the charter contract, and must provide notice of any weaknesses
7 or concerns perceived by the authorizer concerning the public charter school that may jeopardize renewal if not
8 promptly rectified. The public charter school shall respond to the performance report and submit any corrections
9 or clarifications within 90 days.

10 (6) The renewal application guide must, at a minimum, provide an opportunity for the public charter
11 school to:

12 (a) present additional evidence, beyond the data contained in the performance report, supporting its case
13 for charter renewal;

14 (b) describe improvements undertaken or planned for the school; and

15 (c) detail the school's plans for the next charter term.

16 (7) The renewal application guide must include or refer explicitly to the criteria that will guide the
17 authorizer's renewal decisions, based on the performance framework set forth in the charter contract and
18 consistent with [sections 1 through 17].

19 (8) (a) No later than February 1 of each year, the governing board of a public charter school seeking
20 renewal shall submit a renewal application to the charter authorizer pursuant to the renewal application guide
21 issued by the authorizer. The authorizer shall rule by resolution on the renewal application no later than 30 days
22 after the filing of the renewal application.

23 (b) Every authorizer shall, when considering charter renewal:

24 (i) base its decision on evidence of the school's performance over the term of the charter contract in
25 accordance with the performance framework set forth in the charter contract;

26 (ii) ensure that the data used in making renewal decisions is available to the school and the public; and

27 (iii) provide a public report summarizing the basis for each decision.

28

29 **NEW SECTION. Section 12. Charter school revocation or nonrenewal.** (1) A charter contract is
30 subject to nonrenewal or revocation at any time if the authorizer determines that the public charter school:

- 1 (a) committed a material and substantial violation of any of the terms, conditions, standards, or
2 procedures required under [sections 1 through 17] or the charter contract and from which the public charter
3 school was not exempted;
- 4 (b) failed to meet or make sufficient progress toward the performance expectations set forth in the charter
5 contract; or
- 6 (c) failed to meet generally accepted standards of fiscal management.
- 7 (2) An authorizer shall develop revocation and nonrenewal processes that:
- 8 (a) provide the charter holders with timely notification of the prospect of revocation or nonrenewal and
9 of the reasons for the possible closure;
- 10 (b) allow the charter holders a reasonable amount of time in which to prepare a response;
- 11 (c) provide the charter holders an opportunity to submit documents and testimony at a hearing to
12 challenge the rationale for the closure recommendation and in support of the continuation of the school;
- 13 (d) allow the charter holders to be represented by counsel and call witnesses on their behalf;
- 14 (e) permit the recording of the proceedings; and
- 15 (f) provide for a final determination conveyed in writing to the charter holders.
- 16 (3) If an authorizer revokes or denies renewal of a charter, the authorizer shall clearly state, by resolution
17 of its governing board, the reasons for the revocation or nonrenewal.
- 18 (4) Within 10 days of taking action to renew, not renew, or revoke a charter, the authorizer shall report
19 to the commission the action taken and at the same time shall provide a copy of the report to the public charter
20 school. The report must include a copy of the authorizer governing board's resolution setting forth the action taken
21 and reasons for the decision and providing assurances of compliance with all of the requirements set forth in
22 [sections 1 through 17]. The authorizer's decision is appealable to the commission in writing within 30 days of the
23 commission's receipt of the authorizer's report.
- 24 (5) (a) Prior to any public charter school closure, an authorizer shall develop a public charter school
25 closure protocol to ensure timely notification to parents, orderly transition of students and student records to new
26 schools, and proper disposition of school funds, property, and assets in accordance with the requirements of
27 [sections 1 through 17]. The protocol must specify responsible parties, transition and closure timelines, and a
28 delineation of the respective duties of the school and the authorizer.
- 29 (b) The authorizer shall oversee the closure and work with the closing school to ensure a smooth and
30 orderly closure and transition for students and parents.

1 (c) In the event of a public charter school closure for any reason, the assets of the school must be
2 distributed first to satisfy outstanding payroll obligations for employees of the school, then to creditors of the
3 school, and then to the state general fund. If the assets of the school are insufficient to pay all obligations, the
4 prioritization of the distribution of assets may be determined by a court of law.

5 (d) If a closing public charter school was converted from an existing public school, the closing public
6 charter school is not responsible for any financial obligation or debt of the previously existing public school unless
7 the converting public charter school assumed the debt or obligation at the time of conversion.

8 (6) Transfer of a charter contract, and of oversight of that public charter school from one authorizer to
9 another before the expiration of the charter term, may occur only if the authorizer violates the provisions of
10 [section 5] or by special petition to the commission by a public charter school or its authorizer. The commission
11 shall consider a petition for transfer on a case-by-case basis and may grant transfer requests in response to
12 special circumstances and to evidence that the transfer would serve the best interests of the public charter
13 school's students.

14 (7) On or before December 1 of each year, beginning in the first year public charter schools have been
15 in operation for a full school year, the commission shall issue to the governor, the legislature, and the public an
16 annual report on the state's public charter schools that includes data from the annual reports submitted by every
17 authorizer, as well as any additional relevant data compiled by the commission, for the school year ending in the
18 preceding calendar year. The annual report must include:

19 (a) a comparison of the performance of public charter school students with the performance of
20 academically, ethnically, and economically comparable groups of students in noncharter public schools; and

21 (b) the commission's assessment of the successes, challenges, and areas for improvement in meeting
22 the purposes of [sections 1 through 17], including the commission's assessment of the sufficiency of funding for
23 public charter schools, the efficacy of the state formula for authorizer funding, and any suggested changes in
24 state law or policy necessary to strengthen the state's public charter schools.

25
26 **NEW SECTION. Section 13. Charter school operation and autonomy.** (1) (a) A public charter school
27 must be a nonprofit education organization.

28 (b) A public charter school is subject to all federal laws and authorities as provided in [sections 1 through
29 17] or arranged by charter contract with the school's authorizer consistent with applicable laws, rules, and
30 regulations.

1 (c) Except as provided in [sections 1 through 17], a public charter school is not subject to the provisions
 2 of Title 20 or any state or local rule, regulation, policy, or procedure relating to noncharter public schools within
 3 an applicable local school district.

4 (d) A charter contract may consist of one or more schools, to the extent approved by the authorizer and
 5 consistent with applicable law. Each public charter school that is part of a charter contract is separate and distinct
 6 from any other public charter school.

7 (e) A single governing board may hold one or more charter contracts. Each public charter school that
 8 is part of a charter contract is separate and distinct from any other public charter school.

9 (2) A startup public charter school may not be created within the geographical boundaries of a class
 10 three elementary district, as defined in 20-6-201, or a class three high school district, as defined in 20-6-301,
 11 unless ~~the public charter school is being converted from the existing public school or is a virtual public charter~~
 12 ~~school;~~

13 (A) THE PUBLIC CHARTER SCHOOL IS BEING CONVERTED FROM AN EXISTING PUBLIC SCHOOL;

14 (B) THE SCHOOL DISTRICT ELECTS TO ESTABLISH A PUBLIC CHARTER SCHOOL;

15 (C) THE SCHOOL DISTRICT ELECTS TO CONVERT A GRADE OR GRADES TO A PUBLIC CHARTER SCHOOL FROM AN
 16 EXISTING SCHOOL;

17 (D) THE PUBLIC CHARTER SCHOOL IS A TRIBAL CHARTER SCHOOL; OR

18 (E) THE PUBLIC CHARTER SCHOOL IS A VIRTUAL PUBLIC CHARTER SCHOOL.

19 (3) (a) A public charter school shall function as a local educational agency. A public charter school is
 20 responsible for meeting the requirements of a local educational agency under applicable federal, state, and local
 21 laws, including those relating to special education.

22 (b) A public charter school is primarily responsible for special education at the school, including
 23 identification and service provisions, and is responsible for meeting the needs of enrolled students with
 24 disabilities. If a student's individualized education program team determines that a student's needs are so
 25 profound that they cannot be met in the public charter school and that the public charter school cannot provide
 26 a free, appropriate public education to that student, the student's district of residence shall place the student in
 27 a more appropriate setting.

28 (4) Except as provided in [sections 1 through 17], a public charter school shall comply with all budgeting
 29 requirements provided in Title 20, chapter 9, and is entitled to the same funding of public charter schools as are
 30 other public schools under those provisions. FUNDS MUST BE PAID FROM THE STATE DIRECTLY TO A PUBLIC CHARTER

1 SCHOOL IN THE SAME MANNER AND AT THE SAME TIME AS FUNDS ARE PAID TO PUBLIC SCHOOL DISTRICTS UNDER THIS
2 TITLE.

3 (5) For ~~budgeting purposes~~, RECEIPT OF BASE AID AS DEFINED IN 20-9-306 OR OTHER COUNTY EQUALIZATION
4 AID, a public charter school is considered to be in the same school district as that within whose geographical
5 boundaries the public charter school is located.

6 (6) A public charter school has all the powers necessary for carrying out the terms of its charter contract,
7 including the following powers:

8 (a) to receive and disburse funds for school purposes;

9 (b) to secure appropriate insurance and to enter into contracts and leases, free from prevailing wage
10 laws;

11 (c) to contract with an education service provider for the management and operation of the public charter
12 school only if the school's governing board retains oversight authority over the school;

13 (d) to incur debt in reasonable anticipation of the receipt of public or private funds;

14 (e) to pledge, assign, or encumber its assets to be used as collateral for loans or extensions of credit;

15 (f) to solicit and accept gifts or grants for school purposes subject to applicable laws and the terms of
16 its charter contract;

17 (g) to acquire real property, for use as its facility or facilities, from public or private sources; and

18 (h) to sue and be sued in its own name.

19 (7) (a) A public charter school may not discriminate against any person on the basis of race, creed, color,
20 sex, disability, or national origin or any other category that would be unlawful if done by a noncharter public
21 school.

22 (b) A public charter school may not engage in any sectarian practices in its educational program,
23 admissions policies, employment policies or practices, or operations.

24 (c) A public charter school may not discriminate against any student on the basis of national origin,
25 minority status, or limited proficiency in English. Consistent with federal civil rights laws, a public charter school
26 shall provide appropriate services designed to teach English and the general curriculum to students with limited
27 English proficiency.

28 (d) The powers, obligations, and responsibilities set forth in the charter contract may not be delegated
29 or assigned by either party, except as otherwise specifically provided in [sections 1 through 17].

30 (8) (a) A public charter school is subject to the same civil rights, health, and safety requirements

1 applicable to other public schools in the state, except as otherwise specifically provided in [sections 1 through
2 17].

3 (b) A public charter school is subject to the student assessment and accountability requirements
4 applicable to other public schools in the state, but [sections 1 through 17] do not preclude a public charter school
5 from establishing additional student assessment measures that exceed state requirements if the school's
6 authorizer approves those measures.

7 (c) A public charter school governing board is subject to and shall comply with state open meeting and
8 freedom of information laws.

9 (9) (a) A public charter school shall comply with applicable federal laws, rules, and regulations regarding
10 the qualification of teachers and other instructional staff. Public charter school teachers are exempt from state
11 teacher certification requirements.

12 (b) Employees in public charter schools have the same rights and privileges as other public school
13 employees except as otherwise provided in [sections 1 through 17].

14 (c) Employees in a public charter school are eligible for participation in retirement and other benefits
15 programs of the state if the public charter school chooses to participate.

16 (d) Teachers and other school personnel, as well as governing board trustees, are subject to criminal
17 history record checks and fingerprinting requirements as are other public schools.

18 (e) Public charter school employees may not be required to be members of any existing collective
19 bargaining agreement between a school district and its employees. However, a public charter school may not
20 interfere with laws and other applicable rules protecting the rights of employees to organize and be free from
21 discrimination.

22 ~~———— (10) (a) A public charter school is entitled to eligibility for state-sponsored or district-sponsored
23 interscholastic leagues, competitions, awards, scholarships, and recognition programs for students, educators,
24 administrators, and schools to the same extent as noncharter public schools.~~

25 ~~———— (b) A public charter school student is eligible to participate in extracurricular activities not offered by the
26 student's school at the school within whose attendance boundaries the student's custodial parent or legal
27 guardian resides or the noncharter public school from which the student withdrew for the purpose of attending
28 a public charter school.~~

29 ~~———— (c) A public charter school student is eligible for extracurricular activities at a noncharter public school
30 consistent with eligibility standards as applied to full-time students of the noncharter public school.~~

1 ~~———(d) A school district or noncharter public school may not impose additional requirements on a public~~
 2 ~~charter school student to participate in extracurricular activities not imposed on full-time students of the~~
 3 ~~noncharter public school.~~

4 ~~———(e) When selection to participate in an extracurricular activity at a noncharter public school is made on~~
 5 ~~a competitive basis, a public charter school student is eligible to try out for and participate in the activity as~~
 6 ~~provided in this section.~~

7 ~~———(f) The state superintendent of schools shall make rules establishing fees for public charter school~~
 8 ~~students' participation in extracurricular activities at noncharter public schools. The rules must provide that:~~

9 ~~———(i) public charter school students pay the same fees as other students to participate in extracurricular~~
 10 ~~activities;~~

11 ~~———(ii) public charter school students are eligible for fee waivers similar to other students;~~

12 ~~———(iii) for each public charter school student who participates in an extracurricular activity at a noncharter~~
 13 ~~public school, the public charter school shall pay a share of the noncharter public school's costs for the~~
 14 ~~extracurricular activity; and~~

15 ~~———(iv) a public charter school's share of the costs of having one or more students participate in an~~
 16 ~~extracurricular activity at noncharter public schools must reflect state and local tax revenues expended, except~~
 17 ~~capital facilities expenditures, for extracurricular activities in a noncharter public school divided by total student~~
 18 ~~enrollment of the noncharter public school.~~

19 ~~———(g) In determining a public charter school's share of the costs of an extracurricular activity under~~
 20 ~~subsections (10)(f)(iii) and (10)(f)(iv), the state superintendent of schools may establish uniform fees statewide~~
 21 ~~based on average costs statewide or average costs within a sample of school districts.~~

22
 23 **NEW SECTION. Section 14. Funding of public charter schools.** (1) A public charter school may not
 24 charge tuition and may only charge fees that may be imposed ~~on~~ BY other public schools in the state.

25 (2) Students of a public charter school are considered to be residents of the school district in which the
 26 public charter school is located for purposes of funding.

27 (3) In addition to those payments or funds specifically provided in [sections 1 through 17], a public charter
 28 school is entitled to all payments and funds available to school districts pursuant to Title 20, chapter 9, except
 29 for the quality educator payment described in 20-9-327.

30 (4) (a) Subject to 20-9-311, for its basic entitlement and per-ANB entitlement calculation in the first year

1 that a public charter school is in existence, the ANB is based upon projections of initial year enrollment according
 2 to the charter contract and with as much factual information as may be available to the public charter school. The
 3 calculation must be performed in accordance with the ANB formula prescribed in 20-9-311 ~~and approved by the~~
 4 ~~superintendent of public instruction.~~

5 (b) (i) The initial year projections must be reconciled with actual enrollment counts no later than June
 6 1 of the first fiscal year of operation.

7 (ii) If the initial ANB projections were underestimated, the public charter school may request additional
 8 funding from the state.

9 (iii) If the initial ANB projections were overestimated, the public charter school shall reimburse the state
 10 the amount resulting from the overestimation.

11 (c) Increases in the ANB must be determined pursuant to 20-9-314.

12 (5) The governing board of a public charter school shall adopt a general fund budget pursuant to
 13 20-9-308 and to the general provisions of Title 20, chapter 9. The governing board shall provide the general fund
 14 budget directly to the superintendent of public instruction for disbursement of all payments available pursuant to
 15 Title 20, chapter 9. A PUBLIC CHARTER SCHOOL MAY EXPEND FUNDS ACCORDING TO ITS CHARTER CONTRACT AND IS NOT
 16 SUBJECT TO BUDGET RESTRICTIONS UNDER TITLE 20, CHAPTER 9.

17 (6) (a) The school district within which the public charter school is located is responsible for the
 18 transportation of students attending the public charter school in the same manner as students attending

3 **"20-5-323. Tuition and transportation rates.** (1) Except as provided in subsections (2) through (5),
4 whenever a child has approval to attend a school outside of the child's district of residence under the provisions
5 of 20-5-320 or 20-5-321, the rate of tuition charged for a Montana resident student may not exceed 20% of the
6 per-ANB maximum rate established in 20-9-306 for the year of attendance.

7 (2) The tuition for a child with a disability must be determined under rules adopted by the superintendent
8 of public instruction for the calculation of tuition for special education pupils.

9 (3) The tuition rate for out-of-district placement pursuant to 20-5-321(1)(d) and (1)(e) for a student
10 without disabilities who requires a program with costs that exceed the average district costs must be determined
11 as the actual individual costs of providing that program according to the following:

12 (a) the district of attendance and the district, person, or entity responsible for the tuition payments shall
13 approve an agreement with the district of attendance for the tuition cost;

14 (b) for a Montana resident student, 80% of the maximum per-ANB rate established in 20-9-306, received
15 in the year for which the tuition charges are calculated, must be subtracted from the per-student program costs
16 for a Montana resident student; and

17 (c) the maximum tuition rate paid to a district under this section may not exceed \$2,500 per ANB.

18 (4) When a child attends a public school of another state or province, the amount of daily tuition may not
19 be greater than the average annual cost for each student in the child's district of residence. This calculation for
20 tuition purposes is determined by totaling all of the expenditures for all of the district budgeted funds for the
21 preceding school fiscal year and dividing that amount by the October 1 enrollment in the preceding school fiscal
22 year. For the purposes of this subsection, the following do not apply:

23 (a) placement of a child with a disability pursuant to Title 20, chapter 7, part 4;

24 (b) placement made in a state or province with a reciprocal tuition agreement pursuant to 20-5-314;

25 (c) an order issued under Title 40, chapter 4, part 2; or

26 (d) out-of-state placement by a state agency.

27 (5) When a child is placed by a state agency in an out-of-state residential facility, the state agency
28 making the placement is responsible for the education costs resulting from the placement.

29 (6) The amount, if any, charged for transportation may not exceed the lesser of the average
30 transportation cost for each student in the child's district of residence or 35 cents a mile. The average

1 expenditures for the district transportation fund for the preceding school fiscal year must be calculated by dividing
 2 the transportation fund expenditures by the October 1 enrollment for the preceding fiscal year.

3 (7) The provisions of this section do not apply to a public charter school established under [sections 1
 4 through 17]."

5

6 **Section 20.** Section 20-6-104, MCA, is amended to read:

7 **"20-6-104. Moratorium on creation of new district -- exceptions.** (1) Except as provided in

 9 school district.

10 (2) Pursuant to the provisions of 20-6-326, the trustees or the electors of an existing elementary district
 11 may initiate the creation of a new high school district solely for the purpose of expanding into a K-12 district.

12 (3) The moratorium in subsection (1) does not apply to a district that results from the procedure for the
 13 dissolution of a K-12 school district pursuant to 20-6-704 or to a public charter school established in accordance
 14 with the provisions of [sections 1 through 17]."

 24 in accordance with 20-6-503, 20-6-504, or 20-6-505. The average number belonging for the high school must be
 25 established by the county superintendent's estimate, after an investigation of the probable number of pupils that
 26 will attend the high school.

27 (c) a district anticipates an increase in the average number belonging due to the closing of a private or
 28 public school in the district or a neighboring district. The estimated increase in average number belonging must
 29 be established by the trustees and the county superintendent and approved, disapproved, or adjusted by the
 30 superintendent of public instruction no later than the fourth Monday in June.

1 (d) a district anticipates an unusual enrollment increase in the ensuing school fiscal year. The increase
 2 in average number belonging must be based on estimates of increased enrollment approved by the
 3 superintendent of public instruction and must be computed in the manner prescribed by 20-9-314.

4 (e) for the initial year of operation of a kindergarten program established under 20-7-117(1), the ANB
 5 to be used for budget purposes is:

6 (i) one-half the number of 5-year-old children residing in the district as of September 10 of the preceding

 11 year, either as shown on the official school census or as determined by some other procedure approved by the

 13 in 20-1-301; or

14 (f) a high school district provides early graduation for a student who completes graduation requirements
 15 in less than eight semesters or the equivalent amount of secondary school enrollment. The increase must be
 16 established by the trustees as though the student had attended to the end of the school fiscal year and must be
 17 approved, disapproved, or adjusted by the superintendent of public instruction; or

18 (g) the opening of a public charter school is approved under the provisions of [sections 1 through 17].

19 (2) This section does not apply to the expansion of a half-time kindergarten program to a full-time
 20 kindergarten program."
