1            **NEW SECTION. Section 3. Coal severance tax bonds authorized.** (1) The legislature finds that Title  
2 17, chapter 5, part 7, provides for the issuance of coal severance tax bonds for financing specific approved  
3 renewable resource projects as part of the state renewable resource grant and loan program. Available funds  
4 from previous sales of coal severance tax bonds, plus any additional principal amount on bonds as may be  
5 necessary, pursuant to the conditions in 85-1-605, to fund emergency loans, as authorized and approved in  
6 accordance with 85-1-605(4), may also be used for the projects approved in [sections 1 through 7]. The board  
7 of examiners is authorized to issue coal severance tax bonds in an amount not to exceed ~~\$48,235,000~~  
8 \$37,950,000 in the biennium beginning July 1, 2019, of which up to ~~\$4,385,000~~ \$3,450,000 is to be used to  
9 establish a reserve for the bonds. Proceeds of the bonds are appropriated to the department of natural resources  
10 and conservation for financing the projects identified in [sections 1 and 2] and may be used as authorized in  
11 85-1-605(4). Loans made under 85-1-605(4) must bear interest at the rate borne by the state bonds unless the  
12 legislature in a subsequent session provides for a lower interest rate, in which case the rate must be reduced to  
13 the rate specified by the legislature.

14            (2) In connection with the issuance of coal severance tax bonds, the board of examiners may pay the  
15 principal and interest on the bonds when due from the debt service account and in all other respects manage and  
16 use the funds within each special bond account for the benefit of the bonds. The board of examiners shall  
17 exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial  
18 arrangements for the state.

19            (3) Earnings on bond proceeds prior to the completion of any loan must be allocated to the debt service  
20 account to pay the debt service on the bonds during this period. Earnings in excess of debt service, if any, must  
21 be allocated to the natural resources projects state special revenue account established in 15-38-302.

22            (4) Loan repayments from loans financed with coal severance tax bonds are pledged, dedicated, and  
23 appropriated to the debt service account in the state treasury for the benefit of bonds approved for loans under  
24 this section.

25  
26            **NEW SECTION. Section 4. Condition of loans.** (1) Disbursement of funds under [sections 1 and 2]  
27 for loans is subject to the following conditions that must be met by project sponsors:

28            (a) approval of a scope of work and budget for the project by the department of natural resources and  
29 conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

30            (b) documented commitment of other funds required for project completion;

1 (c) satisfactory completion of conditions described in the recommendations section of the project narrative  
2 in the renewable resource grant and loan program project evaluations and recommendations report;  
3 (d) execution of a loan agreement with the department of natural resources and conservation; and  
4 (e) accomplishment of other specific requirements considered necessary by the department of natural  
5 resources and conservation to accomplish the purpose of the loan as evidenced from the application to the  
6 department or from the proposal to the legislature.

7 (2) Each sponsor authorized for a loan from coal severance tax bond proceeds may be required to pay  
8 to the department of natural resources and conservation a pro rata share of the bond issuance costs and the  
9 administrative costs incurred by the department to complete the loan transaction.

10  
11 **NEW SECTION. Section 5. Private and discount purchase of loans.** Loans to political subdivisions  
12 and local government entities pursuant to [sections 1 and 2] and bonds, warrants, and notes issued in evidence  
13 of those loans may be made, purchased by, and sold to the department of natural resources and conservation  
14 at a discount and at a private negotiated sale, notwithstanding the provisions of any other law applicable to  
15 political subdivisions or local government entities.

16  
17 **NEW SECTION. Section 6. Appropriations established.** For any entity of state government that  
18 receives a loan under [section 1 or 2], an appropriation is established for the amount of the loan upon award of  
19 the loan by the department of natural resources and conservation for the biennium beginning July 1, 2019.

20  
21 **NEW SECTION. Section 7. Creation of state debt -- appropriation of coal severance tax -- bonding**  
22 **provisions.** (1) Because [section 3] authorizes the creation of a state debt, a vote of two-thirds of the members  
23 of each house of the legislature is required for enactment.

24 (2) The legislature, through the enactment of [sections 1 through 7] by a vote of three-fourths of the  
25 members of each house of the legislature, as required by Article IX, section 5, of the Montana constitution,  
26 pledges, dedicates, and appropriates from the coal severance tax bond fund all money necessary for the payment  
27 of principal and interest not otherwise provided for on the coal severance tax bonds authorized by [section 3] to  
28 be issued pursuant to Title 17, chapter 5, part 7, and pursuant to the provisions of [sections 1 through 7] and the  
29 general resolution for this bond program that has been adopted by the board of examiners under the authority  
30 provided in Title 17, chapter 5, part 7.
