BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

NEW SECTION. Section 1. Presumptive disease for firefighters -- rebuttal -- definitions. (1) For

purposes of obtaining benefits from the presumptive disease compensation account in [section 5], a firefighter is presumed to have a compensable presumptive disease claim if the firefighter meets the requirements of [section 2] and subsection (2) of this section.

(2) The presumption in subsection (1) applies only to a presumptive disease contracted:

- (a) during the term of employment of the firefighter; or
- (b) during a period following termination of employment that:
 - (i) is the equivalent of 3 months for every year of employment; and
 - (ii) is not more than 60 months after termination.

(3) The department may rebut the presumption if it establishes, by a preponderance of evidence:

- (a) that the conditions of [section 2] or subsection (2) of this section have not been met; or
- (b) that the presumptive disease was not compensable as demonstrated by medical evidence. Medical evidence may include use of tobacco products, physical fitness and weight, lifestyle, hereditary factors, and exposure from nonemployment activities.

(4) For the purposes of [sections 1 through 7], the following definitions apply:

- (a) "Department" means the department of labor and industry provided for in 2-15-1701.
- (b) (i) "Firefighter" means a firefighter as defined in 19-13-104, a volunteer firefighter as defined in 7-33-4510, and a volunteer as described in 7-33-4109: WHO, DURING THE COURSE AND SCOPE OF THE FIREFIGHTER'S DUTIES, INHALED SMOKE OR PARTICLES IN SUFFICIENT QUANTITIES TO HAVE REASONABLY CAUSED A PRESUMPTIVE

1 DISEASE.

2 (II) THE TERM DOES NOT APPLY TO A FIREFIGHTER WHOSE COURSE AND SCOPE OF FIREFIGHTING DUTIES WERE
3 CLERICAL, DID NOT INVOLVE CLOSE PROXIMITY TO FIRES AND SMOKE, OR OTHERWISE DID NOT INCLUDE INHALING SMOKE
4 OR PARTICLES IN SUFFICIENT QUANTITIES TO HAVE REASONABLY CAUSED A PRESUMPTIVE DISEASE.

5 (c) "Presumptive disease" means diseases affecting the lungs, including but not limited to lung cancer.

6
7 NEW SECTION. Section 2. Conditions for claiming presumptive disease. (1) Except as provided
8 in [section 6(2)], the following must be satisfied for the presumption in [section 1] to apply:

9 (a) the firefighter must timely file a claim for a presumptive disease under Title 39, chapter 71, and the
10 claim must be denied as noncompensable; and

11 (b) (i) the firefighter must have undergone, within 90 days of hiring, a medical examination that did not
12 reveal substantial evidence of the presumptive disease for which the presumption under [section 1] is sought;
13 and

14 (ii) the firefighter must have undergone subsequent periodic medical examinations occurring at least once
15 every 5 years during the first 10 years of service and once every 3 years after 10 years of service.

16 (2) (a) Subsection (1)(b) does not require the employer of a firefighter to provide or pay for a medical
17 examination, either at the time of hiring or during the subsequent term of employment.

18 (b) If the employer of a firefighter does not provide or pay for a medical examination under subsection
19 (1)(b), the firefighter may satisfy the requirements of subsection (1)(b) by obtaining the medical examination at
20 the firefighter's expense or at the expense of another party.

21 (3) To qualify for a noncancer respiratory disease presumption, a firefighter may not be a regular user
22 of tobacco products or have a history of regular tobacco use in the 5 years preceding the filing of the claim under
23 subsection (1)(a).

24 (4) To qualify for a cancer respiratory disease presumption, a firefighter must have completed at least
25 10 years of service as a firefighter.

26
27 NEW SECTION. Section 3. Presumption -- procedure. (1) If a firefighter files a claim under Title 39,
28 chapter 71, for a presumptive disease and the claim is denied as noncompensable, an insurer shall notify the
29 department and the firefighter in writing of the denial. The denial must inform the firefighter that the claim has
30 been forwarded to the department for review.

1 (2) (a) Within 30 days of receiving the notice under subsection (1), the department shall determine if it
2 intends to rebut the presumption pursuant to [section 1(3)].

3 (b) In making a determination under this subsection (2), the department may not give deference to the
4 claim determination of the insurer.

5 (3) The department shall notify the firefighter of its determination under subsection (2)(a) within 1 week
6 of making the determination.

7 (4) (a) If the department intends to rebut the presumption, it shall hold a contested case hearing in
8 accordance with the provisions of the Montana Administrative Procedure Act.

9 (b) In a hearing under subsection (4)(a), the department bears the burden of rebuttal under [section 1(3)].

10 (5) Except as provided in subsection (6)(b), if after all administrative remedies are exhausted under
11 subsection (4)(a) the department successfully rebuts the presumption pursuant to [section 1(3)], the presumptive
12 disease claim is denied.

13 (6) The administrative remedies under Title 39, chapter 71, are not applicable to a presumptive disease
14 claim, except that a firefighter may pursue administrative remedies available for denial of a claim under Title 39,
15 chapter 71, if:

16 (a) a firefighter agrees the requirements of [section 1(3)(a)] are not met and notifies the department that
17 the firefighter does not intend to pursue a presumption under this section; or

18 (b) the department successfully rebuts the presumption under [section 1(3)(a)].

19 (7) If the department does not intend to rebut or is unsuccessful in rebutting a presumptive disease claim,
20 a firefighter must receive benefits as specified in [section 4].

21
22 **NEW SECTION. Section 4. Presumptive disease -- benefit payment.** (1) A firefighter who is eligible

25 (2) The benefits provided under subsection (1) must be paid out of the presumptive disease
26 compensation account in [section 5].

27 (3) The department shall administer benefits under this section.

28 (4) A claim approval under [sections 1 through 7] does not impose an obligation on the insurer.

30 **DEPARTMENT DETERMINES AT ANY TIME THAT THE MONEY IN THE ACCOUNT IS NOT ADEQUATE TO FULLY PAY ALL CLAIMS,**

 11 account.

12

16 (2) A firefighter who, prior to [the effective date of this act], did not receive a medical examination as
 17 frequently as the intervals set forth in [section 2(1)(b)] is not ineligible for a presumption under [sections 1 through
 18 7] on that basis.

19 (3) The presumption in [section 1(1)] applies only to benefits under this chapter and is not to be applied
 20 to a claim for benefits under Title 39, chapter 71.
