A member is eligible to receive disability retirement benefits only if the member:

- (1) Became disabled during the period of eligible employment; and

- (2) Applies for disability retirement benefits within twelve months of the date the member terminates employment.

A member is eligible to continue to receive disability benefits as long as the permanent and total disability continues and the member submits the necessary documentation and undergoes medical testing required by the board, or for as long as the member participates in a rehabilitation program required by the board, or both. If the board determines that a member no longer meets the eligibility definition, the board may discontinue the disability retirement benefit. The board may pay the cost of any medical testing or rehabilitation services it deems necessary and these payments are appropriated from the retirement fund for those purposes.

SECTION 28. AMENDMENT. Subsection 4 of section 54-52-17 of the North Dakota Century Code is amended and reenacted as follows:

4. The board shall calculate retirement benefits as follows:
 - a. Normal retirement benefits for all retirees, except supreme and district court judges, reaching normal retirement date equal an annual amount, payable monthly, comprised of a service benefit and a prior service benefit, as defined in this chapter, which is determined as follows:
 - (1) Service benefit equals two percent of final average salary multiplied by the number of years of service employment.
 - (2) Prior service benefit equals two percent of final average salary multiplied by the number of years of prior service employment.
 - b. Normal retirement benefits for all supreme and district court judges under the public employees retirement system reaching normal retirement date equal an annual amount, payable monthly, comprised of a benefit as defined in this chapter, determined as follows:
 - (1) Benefits must be calculated from the time of appointment or election to the bench and must equal three and one-half percent of final average salary multiplied by the first ten years of judicial service, two and eighty hundredths percent of final average salary multiplied by the second ten years of judicial service, and one and one-fourth percent of final average salary multiplied by the number of years of judicial service exceeding twenty years.
 - (2) Service benefits must include, in addition, an amount equal to the percent specified in subdivision a of final average salary multiplied by the number of years of nonjudicial employee service and employment.
 - c. Postponed retirement benefits are calculated as for single life benefits for those members who retired on or after July 1, 1977.
 - d. Early retirement benefits are calculated as for single life benefits accrued to the date of termination of employment, but must be actuarially reduced to account for benefit payments beginning prior to the normal retirement date, which is the earlier of age sixty-five or the age at which current service plus age equals eighty-five. Except for a national guard security officer or firefighter, a peace officer or correctional officer employed by the bureau of criminal investigation or by a political subdivision, or a supreme court or district court judge, early retirement benefits for members first enrolled after December 31, 2015, are calculated for single life benefits accrued to the date of termination of employment, but must be reduced by fixed rate of eight percent per year to account for benefit payments beginning before the normal retirement date. A retiree, other than a supreme or district court judge, is eligible for early retirement benefits only after having completed three years of eligible employment. A supreme or district court

judge retiree is eligible for early retirement benefits only after having completed five years of eligible employment.

- e. Except for supreme and district court judges, disability retirement benefits are twenty-five percent of the member's final average salary. Disability retirement benefits for supreme and district court judges are seventy percent of final average salary reduced by the member's primary social security benefits and by any workforce safety and insurance benefits paid. The minimum monthly disability retirement benefit under this section is one hundred dollars.

SECTION 29. A new section to chapter 54-52.6 of the North Dakota Century Code is created and enacted as follows:

Changes to election.

1. In this section the term "participating member" is limited in application to a participating member who elected to participate in the defined contribution retirement plan established under this chapter as an active employee of a participating employer, is an actively participating member of the defined contribution plan as of the effective date of this Act, and is an active employee with a participating employer on the date an election is made under this section. The term does not include a participant who is not actively employed with a participating employer on the date of transfer of the funds under this section, has taken a distribution from the defined contribution plan, is retired, is no longer actively employed with a participating employer, or who is a member who has a qualified domestic relations order or other court order on the member's account.
2. Notwithstanding any other provision of law, the board shall provide an opportunity for each participating member to elect in writing to terminate membership in the defined contribution retirement plan under this chapter and to elect to become a participating member in the public employees retirement system under chapter 54-52.
3. The board shall establish a three-calendar-month election period beginning not later than February 1, 2016. A participating member who does not make a written election or who does not file the election with the North Dakota public employees retirement system office during the period specified in this section continues to be a member of the defined contribution plan. A participating member who makes and files a written election with the North Dakota public employees retirement system office under this section ceases to be a member of the defined contribution plan upon receipt by the public employees retirement system of the accumulated fund balance of the member's defined contribution plan under this chapter and waives all rights to that employee's accumulated fund balance under the defined contribution plan. If the executive director of the North Dakota public employees retirement system determines a participating member was not adequately notified of the option to make an election under this section, the executive director may provide that participating member a reasonable time, not to exceed three months, within which to make that election.
4. The public employees retirement system shall credit the transferring employee with the service credit and salary history reflected on the public employees retirement system's electronic database.
5. The board shall determine the method by which a participating member may make a written election under this section. If the participating member is married at the time of the election, the election is not effective unless the election is signed by the individual's spouse. However, the executive director of the North Dakota public employees retirement system may waive this spousal signature requirement if the spouse's signature cannot be obtained because of extenuating circumstances.
6. For a participating member who elects to terminate membership in the defined contribution plan under this section, the board shall transfer that member's accumulated fund balance, less

any rollovers from other plans made into the defined contribution plan, to the public employees retirement system under chapter 54-52. If funds are transferred from the defined contribution plan to the defined benefit plan under an election made under this section, the board shall record this transfer to the defined benefit plan as employee and employer contributions in the same manner as transferred by the defined contribution provider. If a participating member has a separate account attributable to rollover contributions to the defined contribution plan pursuant to section 54-52.6-09.1, the participating member shall make an election to receive a distribution of the entire amount held in the rollover account at the time of transfer.

7. A participating member who elects a transfer under this section is entitled to vested employer contribution amounts under section 54-52-11.1 prospectively from the date of transfer. A participating member who elects a transfer under this section must be assessed and required to pay monthly to the defined benefit plan an additional employee contribution of an additional two percent of the monthly salary or wages paid to the member.
