11 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

12 **SECTION 1. AMENDMENT.** Section 21-06-07 of the North Dakota Century Code is
13 amended and reenacted as follows:

14 **21-06-07. Political subdivisions may invest funds.**

- 15 1. Counties, cities, school districts, park districts, water resource boards, and townships
16 in this state may invest moneys in their general fund, or balances in any special or
17 temporary fund, in:
- 18 a. Bonds, treasury bills and notes, or other securities that are a direct obligation of,
19 or an obligation insured or guaranteed by, the treasury of the United States, or its

6 deposit placement service as determined by the commissioner of financial
7 institutions.
- 8 e. State and local securities:
- 9 (1) Any security that is a general obligation of any state or local government
10 with taxing powers and is rated in the highest three categories by a
11 nationally recognized rating agency.
- 12 (2) An obligation of the state housing finance agency that is rated in the highest

21 consideration in making levies for the ensuing year, and when funds are needed for

24 **SECTION 2. AMENDMENT.** Section 61-01-06 of the North Dakota Century Code is
25 amended and reenacted as follows:

26 **61-01-06. Watercourse and waterway - ~~Definition~~Definitions.**

- 27 1. A watercourse entitled to the protection of the law is constituted if there is a sufficient
28 natural and accustomed flow of water to form and maintain a distinct and a defined
29 channel. The supply of water is not required to be continuous or from a perennial living
30 source. The criteria for constituting a watercourse are satisfied if the flow arises
31 periodically from natural causes and reaches a plainly defined channel of a permanent

1 character. If requested by a water resource board, the department of water resources
2 shall determine whether a watercourse is constituted.

3 2. For purposes of this title, unless the context otherwise requires, "waterway" means a
4 natural, geologic feature that conveys surface water over land.

5 **SECTION 3. AMENDMENT.** Section 61-05-02.1 of the North Dakota Century Code is
6 amended and reenacted as follows:

7 **61-05-02.1. Creation and jurisdiction of irrigation district - Limitations.**

8 Notwithstanding section 61-05-02, an irrigation district may not be created if the primary
9 purpose of the district is to provide drainage benefits to residents of the district. A drainage
10 project proposed, undertaken, approved, or subject to assessment by an irrigation district also
11 is subject to the permit requirements under chapter 61-32. Drainage benefits provided by an
12 irrigation district may not impact the authority of a water resource board to assess for drainage
13 projects under chapter 61-16.1 or 61-24.

14 **SECTION 4. AMENDMENT.** Section 61-16.1-02 of the North Dakota Century Code is
15 amended and reenacted as follows:

10 2. Exercise the power of eminent domain as follows:

11 a. Except as permitted under subdivision b, the board shall comply with title 32 for
12 the purpose of acquiring and securing by eminent domain any rights, titles,
13 interests, estates, or easements necessary or proper to carry out the duties
14 imposed by this chapter, and particularly to acquire the necessary rights in land
15 for the construction of dams, flood control projects, and other water conservation,
16 distribution, and supply works of any nature and to permit the flooding of lands,
17 and to secure the right of access to such dams and other devices and the right of
18 public access to any waters impounded thereby.

19 b. (1) If the interest sought to be acquired is an easement for a right of way for any
20 project authorized in this chapter for which federal or state funds have been
21 made available, the district may acquire the right of way by quick take
22 eminent domain as authorized by section 16 of article I of the Constitution of
23 North Dakota, after the district attempts to purchase the easement for the
24 right of way by:

25 (a) Conducting informal negotiations for not less than sixty days.

26 (b) If informal negotiations fail, the district shall engage in formal
27 negotiations by:

28 [1] Sending the landowner an appraisal and written offer for just
29 compensation, which includes a specific description of the exact
30 location of the right of way, by certified mail or commercial

1 delivery requiring a signed receipt, and receiving the signed
2 receipt or documentation of constructive notice.

3 [2] Sending the landowner a written request for a meeting by
4 certified mail or commercial delivery requiring a signed receipt if
5 there is no agreement regarding compensation or no response to
6 the written offer within fifteen days of receipt, and receiving the
7 signed receipt or documentation of constructive notice.

8 [3] Sending the landowner a written notice, by certified mail or
9 commercial delivery requiring a signed receipt, of intent to take
10 possession of the right of way if there is no agreement regarding
11 compensation or no response to the written request for a
12 meeting within thirty days of receipt, and receiving the signed
13 receipt or documentation of constructive notice.

14 (2) Any written communication to the landowner must include contact
15 information for responding to the board and a description of the required
16 negotiation timeline.

17 (3) A district may not include or utilize any reference to quick take eminent
18 domain during negotiations to acquire the necessary easement for a right of
19 way. If formal negotiation efforts fail, the district shall request approval from
20 the board of county commissioners of the county in which the right of way is
21 located to take possession of the right of way by quick take eminent domain.
22 After receiving the request, the county commissioners shall hold a public
23 meeting and give the landowner thirty days' notice of the meeting to allow
24 the landowner to attend. After receiving verification from the district that
25 there has been no reference or threat of quick take eminent domain by the
26 district during negotiations, the commissioners shall vote on whether to
27 approve the taking of the easement for a right of way using quick take
28 eminent domain. If the county commissioners approve the use of quick take
29 eminent domain by a majority vote, the district may take immediate
30 possession of the right of way, but not a blanket easement, if the district files
31 an affidavit by the chairman of the water resource board which states the

- 1 district has fulfilled the required negotiation steps and deposits the amount
2 of the written offer with the clerk of the district court of the county in which
3 the right of way is located.
- 4 (4) Within thirty days after notice has been given in writing to the landowner by
5 the clerk of the district court that a deposit has been made for the taking of a
6 right of way as authorized in this subsection, the owner of the property taken
7 may appeal to the district court by serving a notice of appeal upon the
8 acquiring agency, and the matter must be tried at the next regular or special
9 term of court with a jury unless a jury be waived, in the manner prescribed
10 for trials under chapter 32-15.
- 11 (5) If ownership of a right of way has not terminated, ownership of a right of way
12 acquired under this subdivision terminates automatically when the district no
13 longer needs the right of way for the purpose for which it was acquired.

15 state, and other public or private sources for the purposes of aiding the construction or
16 maintenance of water conservation, distribution, and flood control projects; and
17 cooperate and contract with the state or federal government, or any department or
18 agency thereof, or any municipality within the district, in furnishing assurances and

22 ~~or attorneys~~ to assist, advise, and act for it in its proceedings.
- 23 5. Plan, locate, relocate, construct, reconstruct, modify, maintain, repair, and control all
24 dams and water conservation and management devices of every nature and water
25 channels, and to control and regulate the same and all reservoirs, artificial lakes, and
26 other water storage devices within the district.
- 27 6. Maintain and control the water levels and the flow of water in the bodies of water and
28 streams involved in water conservation and flood control projects within the district and
29 regulate streams, channels, drains, or watercourses and the flow of water ~~therein~~
30 them by changing, widening, deepening, ~~or straightening the same~~, or otherwise
31 improving the use and capacity thereof; or by cleaning out and repairing a drain.

- 1 7. Regulate and control water for the prevention of floods and flood damages by
2 deepening, widening, straightening, or diking the channels or floodplains of any stream
3 or watercourse within the district, and construct reservoirs or other structures to
4 impound and regulate such waters.
- 5 8. Make rules and regulations concerning the management, control, regulation, and
6 conservation of waters and prevent the pollution, contamination, or other misuse of the
7 water resources, streams, or bodies of water included within the district.
- 8 9. Do all things reasonably necessary and proper to preserve the benefits to be derived
9 from the conservation, control, and regulation of the water resources of this state.
- 10 10. Construct, operate, and maintain recreational facilities, including beaches, swimming
11 areas, boat docking and landing facilities, toilets, wells, picnic tables, trash
12 receptacles, and parking areas, and to establish and enforce rules and regulations for
13 the use thereof.
- 14 11. Have, in addition to any powers provided in this chapter, the authority to construct an
15 assessment drain in accordance with the ~~procedures and provisions~~requirements of
16 this chapter ~~61-24~~.
- 17 12. Acquire by lease, purchase, gift, condemnation, or other lawful means and to hold in
18 its corporate name for its use and control both real and personal property and

22 by this chapter.
- 23 14. Authorize and issue warrants to finance construction of water conservation and flood
24 control projects, assess benefited property for part or all of the cost of such projects,
25 and require appropriations and tax levies to maintain sinking funds for construction
26 warrants on a cash basis at all times.
- 27 15. Borrow money within the limitations imposed by this chapter for projects herein
28 authorized and pledge security for the repayment of such loans.
- 29 16. Order or initiate appropriate legal action to compel the entity responsible for the
30 maintenance and repair of any bridge or culvert to remove from under, within, and
31 around such bridge or culvert all dirt, rocks, weeds, brush, shrubbery, other debris,

1 and any artificial block which hinders or decreases the flow of water through such
2 bridge or culvert.

3 17. Order or initiate appropriate legal action to compel the cessation of the destruction of
4 native woodland bordering within two hundred feet [60.96 meters] of that portion of a
5 riverbank subject to overflow flooding that will cause extensive property damage, or in
6 the alternative, order, that, if such destruction is permitted, the party or parties
7 responsible for the destruction must, when the board has determined that such
8 destruction will cause excessive property damage from overflow flooding due to the
9 erosion or blocking of the river channel, plant a shelterbelt which meets the
10 specifications of the board. In the event the native woodland within such area has
11 already been destroyed, the board may, in its discretion, order the planting of a
12 shelterbelt which, in the judgment of the board, will curtail the erosion or blocking of
13 such river channel where overflow flooding has caused extensive property damage.
14 For purposes of this subsection, the words "riverbank" and "river channel" relate to
15 rivers as defined in the United States geological survey base map of North Dakota,
16 edition of 1963. The provisions of this subsection shall not be construed to limit,
17 impair, or abrogate the rights, powers, duties, or functions of any federal, state, or local
18 entity to construct and maintain any flood control, irrigation, recreational, or municipal
19 or industrial water supply project.

20 18. Petition any zoning authority established pursuant to chapter 11-33, 11-35, or 40-47 or
21 section 58-03-13 to assume jurisdiction over a floodplain for zoning purposes when
22 such zoning is required to regulate and enforce the placement, erection, construction,
23 reconstruction, repair, and use of buildings and structures to protect and promote the
24 health, safety, and general welfare of the public within a floodplain area. In the event
25 such zoning authority fails to act or does not exist, the board may request the state
26 water commission to assist it in a study to determine and delineate the floodplain area.
27 Upon completion of such study, the board shall make suitable recommendations for
28 the establishment of a floodplain zone to all zoning authorities and the governing
29 bodies of all political subdivisions having jurisdiction within the floodplain area.

30 19. Plan, locate, relocate, construct, reconstruct, modify, extend, improve, operate,
31 maintain, and repair sanitary and storm sewer systems, or combinations thereof,

1 including sewage and water treatment plants, and regulate the quantity of sewage
2 effluent discharged from municipal lagoons; and contract with the United States
3 government, or any department or agency thereof, or any private or public corporation
4 or limited liability company, the government of this state, or any department, agency,
5 or political subdivision thereof, or any municipality or person with respect to any such
6 systems.

7 20. Develop water supply systems, store and transport water, and provide, contract for,
8 and furnish water service for domestic, municipal, and rural water purposes, irrigation,
9 milling, manufacturing, mining, metallurgical, and any and all other beneficial uses,
10 and fix the terms and rates therefor. Each district may acquire, construct, operate, and
11 maintain dams, reservoirs, ground water storage areas, canals, conduits, pipelines,
12 tunnels, and any and all works, facilities, improvements, and property necessary
13 therefor.

14 21. Coordinate proposals for installation, modification, or construction of culverts and
15 bridges in an effort to achieve appropriate sizing and maximum consistency of road
16 openings. The department of transportation, railroads, counties, and townships shall
17 cooperate with the districts in this effort. Each district shall also consider the possibility
18 of incorporating appropriate water control structures, where appropriate, as a part of
19 such road openings.

20 22. Plug abandoned water wells and participate in cost-sharing arrangements with water
21 well owners to plug water wells to protect aquifers from pollution or depletion, maintain
22 pressure, and prevent damage to surrounding property.

23 23. Have, in addition to any powers provided in this chapter, the authority to conduct
24 weather modification operations in accordance with the procedures and provisions of
25 chapter 61-04.1.

26 24. Establish, deepen, widen, and improve drains; and extend drains as necessary to
27 provide a suitable outlet or reasonably drain lands within a practical drainage area.

28 25. Install artificial subsurface drainage systems.

29 **SECTION 6.** A new section to chapter 61-16.1 of the North Dakota Century Code is created
30 and enacted as follows:

1 **Right of way - How acquired - Assessment of damages - Issuance of warrants.**

2 If lands assessed for drainage benefits are not contiguous to the drain, the water resource
3 board may exercise eminent domain to acquire a right of way easement to the drain over the
4 land of others. The right of way, when acquired, is the property of the water resource district in
5 which the lands are located. The board may issue warrants in a sum sufficient to pay the
6 damages assessed for the right of way. The warrants must be drawn upon the proper county
7 treasurer or, if the water resource district treasurer is custodian of the drain funds, water
8 resource district treasurer, and are payable out of drain funds in the hands of the treasurer
9 which have been collected for the construction of the drain for which the right of way is sought.

10 **SECTION 7. AMENDMENT.** Section 61-16.1-09.1 of the North Dakota Century Code is
11 amended and reenacted as follows:

12 **61-16.1-09.1. Watercourses, bridges, and low-water crossings.**

- 13 1. A water resource board may undertake the snagging, clearing, and maintaining of
14 natural watercourses and the debris removal of bridges and low-water crossings. The
15 board may finance the project in whole or in part with funds raised through the
16 collection of a special assessment levied against the land and premises benefited by
17 the project. The benefits of a project must be determined in the manner provided in
18 section ~~61-16.1-17~~61-16.1-18. Revenue from an assessment under this section may
19 not be used for construction of a drain or reconstruction or maintenance of an existing
20 assessment drain. Any question as to whether the board is maintaining a natural
21 watercourse or is constructing a drain or reconstructing or maintaining an existing
22 assessment drain must be resolved by the department of water resources. All
23 provisions of this chapter apply to assessments levied under this section except:
- 24 a. An assessment may not exceed fifty cents per acre [.40 hectare] annually on
25 agricultural lands and may not exceed fifty cents annually for each five hundred
26 dollars of taxable valuation of nonagricultural property; ~~and~~.
- 27 b. If the assessment is for a project costing less than one hundred thousand dollars,
28 no action is required for the establishment of the assessment district or the
29 assessments except the board must approve the project and assessment by a
30 vote of two-thirds of the members and the board of county commissioners of the

1 county in which the project is located must approve and levy the assessments to
2 be made by a vote of two-thirds of its members.

3 (1) If a board that undertakes a project finds the project will benefit lands
4 outside water resource district boundaries, the board shall provide notice to
5 the water resource board where the benefited lands are located together
6 with the report prepared under section 61-16.1-17.

7 (2) The board of each water resource district containing lands benefited by a
8 project must approve the project and assessment by a vote of two-thirds of
9 its members. The board of county commissioners in each county that
10 contains lands benefited by a project must approve and levy the
11 assessment to be made by a vote of two-thirds of its members.

12 (3) If a project and assessment is not approved by all affected water resource
13 boards and county commission boards, the board of each water resource
14 district and the board of county commissioners of each county shall meet to
15 ensure all common water management problems are resolved pursuant to
16 section 61-16.1-10. In addition, the water resource board that undertakes
17 the project may proceed with the project if the board finances the cost of the
18 project and does not assess land outside the boundaries of the district.

19 c. All revenue from an assessment under this section must be exhausted before a
20 subsequent assessment covering any portion of lands subject to a prior
21 assessment may be levied.

22 2. Before an assessment may be levied under this section, a public hearing must be held
23 and attended by a quorum of the affected water resource boards and a quorum of the
24 affected boards of county commissioners. The hearing must be preceded by notice as
25 to date, time, location, and subject matter published in the official newspaper in the
26 county or counties in which the proposed assessment is to be levied. The notice must
27 be published at least ten days but not more than thirty days before the public hearing.

28 **SECTION 8. AMENDMENT.** Section 61-16.1-15 of the North Dakota Century Code is
29 amended and reenacted as follows:

1 **61-16.1-15. ~~Financing project~~Initiating project financed through revenue bonds,**
2 **general taxes, or special assessments - ~~Apportionment of benefits~~Bond required.**

3 A water resource board shall ~~have the authority, either upon request or by its own motion,~~
4 ~~to~~ may acquire needed interest in property and provide for the cost of construction, alteration,
5 repair, operation, and maintenance of a project through issuance of improvement warrants or
6 with funds raised by special assessments, general tax levy, issuance of revenue bonds, or by a
7 combination of general ad valorem tax, special assessments, and revenue bonds. ~~Whenever a~~
8 ~~water resource board decides to acquire property or interests in property to construct, operate,~~
9 ~~alter, repair, or maintain a project with funds raised in whole or in part through special~~
10 ~~assessments, such assessments shall be apportioned to and spread upon lands or premises~~
11 ~~benefited by the project in proportion to and in accordance with benefits accruing thereto. The~~
12 ~~board shall assess the proportion of the cost of the project, or the part of the cost to be financed~~
13 ~~with funds raised through levy and collection of special assessments which any lot, piece, or~~
14 ~~parcel of land shall bear in proportion to the benefits accruing thereto and any county, city, or~~
15 ~~township which is benefited thereby. In determining assessments, the water resource board~~
16 ~~shall carry out to the maximum extent possible the water management policy of this chapter that~~
17 ~~upstream landowners must share with downstream landowners the responsibility to provide for~~
18 ~~the proper management of surface waters.~~A request under this section must be in writing and
19 be accompanied by a bond in a sum the water resource board deems sufficient to pay all
20 expenses of the board related to the petition in case the petition is denied. If the proposed
21 project is an assessment drain, the request must identify the starting point, terminus, and
22 general course of the proposed drain and be signed by at least two owners of property that
23 would be drained by the proposed drain. If among the leading purposes of the proposed drain
24 are benefits to the health, convenience, or welfare of the residents of any city, the petition must
25 be signed by a sufficient number of the property owners of the city to satisfy the board there is a
26 public demand for the drain. If a petition under this section is approved by voters under section
27 61-16.1-19 but the project is not constructed, the board may not require the petitioners to pay
28 any expenses incurred by the board related to the petition.

29 **SECTION 9. AMENDMENT.** Section 61-16.1-17 of the North Dakota Century Code is
30 amended and reenacted as follows:

1 **61-16.1-17. Financing of special improvements Assessment projects - Procedure -**
2 **Engineer report.**

3 When it is proposed to finance in whole or in part the construction of a project with a water
4 resource board receives a petition or approves a motion to construct a project with funds raised
5 through the collection of special assessments levied against lands and premises benefited by
6 construction and maintenance of such project, the water resource board shall examine the
7 proposed project, and if in its opinion, if the water resource board decides further proceedings
8 are warranted, it the board shall adopt a resolution and declare that it declaring constructing and
9 maintaining the proposed project is necessary to construct and maintain the project. The
10 resolution shall briefly state, identifying the nature and purpose of the proposed project, and
11 shall designate designating a registered engineer to assist the board. As soon as practicable,
12 the board shall publish the resolution in the newspaper of general circulation in each area in
13 which lands that reasonably may be condemned or subject to assessment for the project are
14 located. For the purpose of making examinations or surveys, the board or its employees the

30 necessary openings through the road or highway at its own expense after receiving notice of

1 the water resource board's determination. The cost to build, maintain, and repair the culverts
2 must be allocated as provided under section 61-16.1-43.

3 **SECTION 23. AMENDMENT.** Section 61-16.1-51 of the North Dakota Century Code is
4 amended and reenacted as follows:

5 **61-16.1-51. Removal of obstructions to drain - Notice and hearing - Appeal -**
6 **Injunction - Definition.**

7 1. If a water resource board determines that an obstruction to a drain has been caused
8 by the result of a natural occurrence, such as sedimentation or vegetation, or by the
9 negligent act or omission of a landowner or tenant, the board shall notify the
10 landowner by registered mail at the landowner's post-office address of record. A copy
11 of the notice ~~also~~ must ~~also~~ be sent to the tenant, if any. The notice must specify the

26 proportionate responsibility of the landowners. A landowner aggrieved by action of the
27 board under this section may appeal the decision of the board to the district court of
28 the county in which the land is located in accordance with the procedure provided in
29 section 28-34-01. A hearing ~~as provided for in~~under this section is not a prerequisite to
30 an appeal. If a complaint is frivolous in the discretion of the board, the board may
31 assess the costs of the frivolous complaint against the complainant. If the obstruction

1 is located in a road ditch, the timing and method of removal must be approved by the
2 appropriate road authority before the notice required by this section is given and
3 appropriate construction site protection standards must be followed.

4 2. For the purposes of this section, "an obstruction to a drain" means a natural or artificial
5 barrier to a watercourse, as defined by section 61-01-06, or an artificial drain, including

7 the free flow of waters in the watercourse or drain.

8 3. Following removal of an obstruction to a drain, either by a water resource board or by
9 a party complying with an order of a water resource board, the board may assess its
10 costs against the property of the responsible landowner.

27 **SECTION 25.** A new section to chapter 61-16.1 of the North Dakota Century Code is
28 created and enacted as follows:

29 **Designation of lateral drain.**

30 A determination by a water resource board as to whether an existing or proposed drain is a
31 lateral drain is a conclusive determination when entered on the records of the board.

1 **SECTION 26.** A new section to chapter 61-16.1 of the North Dakota Century Code is
2 created and enacted as follows:

3 **Notice of letting of contracts.**

4 After the recording of percentage assessments as provided in section 61-16.1-22, the board
5 shall give at least ten days' notice of the time and place where contracts will be let for the
6 construction of the drain. The notice must be published at least once in a newspaper having
7 general circulation in the county.

8 **SECTION 27.** A new section to chapter 61-16.1 of the North Dakota Century Code is
9 created and enacted as follows:

10 **Extension of time to contractors - Reletting unfinished part of contract.**

11 A water resource board may grant a reasonable extension of time for the completion of any
12 contract. If a board reasonably believes the work required under a contract will not be
13 completed by the agreed upon deadline, the board may relet any unfinished portion to the
14 lowest responsible bidder, and shall take security as before. The cost of completing the
15 unfinished portions over and above the contract price, and the expense of notices and reletting,
16 must be collected by the board from the parties first contracting. The board may not terminate a
17 contract without giving five days' notice to the contractor, provided the contractor may be found
18 or has a known place of residence in the county. The notice may be given to the contractor
19 personally or may be left at the contractor's place of residence.

20 **SECTION 28.** A new section to chapter 61-16.1 of the North Dakota Century Code is
21 created and enacted as follows:

22 **Procedure to construct or extend an assessment drain through or into two or more**
23 **counties.**

24 To construct or extend an assessment drain in two or more counties, a petition must be
25 presented to the several water resource boards for the area in which the drain will lie for the
26 establishment of the drain under this chapter. The boards shall hold a joint meeting and shall
27 determine the necessity or expediency of the establishment of the drain. To proceed with the
28 drain, the boards shall agree upon the proportion of damages and benefits to accrue to the
29 lands affected in each county, and for this purpose the boards shall consider the entire course
30 of the drain through all the counties as one drain. If the boards fail to agree upon the benefits to
31 accrue to the lands in each county, the boards shall submit the points in controversy to the

1 department of water resources, and the department's decision is final. The boards may
2 apportion the cost of establishing and constructing the entire drain ratably and equitably upon
3 the lands in each county in proportion to the benefits to accrue to the county's lands. When the
4 boards have apportioned the costs, the boards shall make written reports of the apportionment
5 to the auditors of the several counties affected. The reports must show the portion of cost of the
6 entire drain to be paid by taxes upon the lands in each of the counties and must be signed by
7 the boards of all counties affected. Upon the filing of the reports, the several boards shall meet
8 and assess against the lands in each of the counties, ratably and equitably as provided by this
9 chapter, an amount sufficient to pay the proportion of the cost of the drain in each county. The
10 provisions of this chapter relating to drains within a single county govern the establishment,
11 construction, maintenance, repair, and cleanout of the drains.

12 **SECTION 29.** A new section to chapter 61-16.1 of the North Dakota Century Code is
13 created and enacted as follows:

14 **Drain warrants - Terms and amounts.**

15 Drain costs must be paid upon order of the board by warrants signed by the chairman and
16 one other member of the board. The warrants are payable from the proper drain fund and, upon
17 maturity, are receivable by the treasurer for drain assessments supporting the fund. The
18 warrants may be issued at any time after the order establishing the drain has become final and
19 after incurring liability to pay for drain work to be financed by drain assessments and in
20 anticipation of levy and collection of the assessments. Every warrant not made payable on
21 demand must specify the date when it becomes payable. Demand warrants not paid for want of
22 funds must be registered by the county treasurer or, if the water resource district treasurer is
23 custodian of the drain funds, the water resource district treasurer and bear interest at a rate
24 determined by the board, not exceeding eight percent per annum. Warrants of specified
25 maturities bear interest according to their provisions at a rate or rates resulting in an average
26 net interest cost not exceeding twelve percent per annum if sold at private sale, and may be
27 issued with interest coupons attached. There is no interest rate ceiling on warrants sold at
28 public sale or to the state of North Dakota or any of its agencies or instrumentalities. All drain
29 warrants must state upon their faces the purpose for which they are issued and the drain fund
30 from which they are payable. The warrants may be used to pay drain obligations, or may be
31 sold at not less than ninety-eight percent of par value, provided that the proceeds of warrants

1 sold are placed in the proper drain fund and used exclusively for drain expenses. Any unpaid
2 warrants issued for the acquisition of right of way or the construction of a drain, including all
3 incidental costs in connection with the acquisition or construction, must be funded by a bond
4 issue within one hundred eighty days from and after the filing of the assessment of all costs with
5 the county auditor as provided in section 61-16.1-28, but this requirement may not be construed
6 as prohibiting the funding of warrants or the issuance of bonds after the one hundred eighty-day
7 period.

8 **SECTION 30.** A new section to chapter 61-16.1 of the North Dakota Century Code is
9 created and enacted as follows:

10 **Settlement of unpaid warrants.**

11 A board of county commissioners may negotiate and execute a settlement with the owners
12 of drain warrants and pay the amount of the settlement from the general fund of the county if:

- 13 1. Drain warrants issued pursuant to the establishment of a drain in two or more counties
14 remain unpaid;
- 15 2. The amounts realized from the original assessments are not sufficient to pay the
16 warrants;
- 17 3. An additional assessment would be necessary to meet the deficit; and
- 18 4. The board finds the county has received benefits from the drain by reasons of public
19 health, convenience, or welfare and, as a result, may be liable for assessment or
20 reassessment and the credit of the county is or may be affected by the existence of
21 the outstanding and unpaid warrants.

22 **SECTION 31.** A new section to chapter 61-16.1 of the North Dakota Century Code is
23 created and enacted as follows:

24 **Closing of noncomplying drain - Notice and hearing - Appeal - Injunction.**

25 If the board determines a drain, lateral drain, or ditch has been opened or established by a
26 landowner or tenant contrary to this chapter or any rules adopted by the board, the board shall
27 notify the landowner by registered mail at the landowner's address of record. A copy of the
28 notice also must be sent to the tenant, if any. The notice must specify the nature and extent of
29 the noncompliance and must state if the drain, lateral drain, or ditch is not closed or filled within
30 the period the board determines, but not less than fifteen days, the board shall procure the
31 closing or filling of the drain, lateral drain, or ditch and assess the cost, or the portion the board

1 determines, against the property of the landowner responsible. The notice also must state the
2 affected landowner, within fifteen days of the date the notice is mailed, may demand in writing a
3 hearing on the matter. Upon receipt of the demand, the board shall set a hearing date within
4 fifteen days from the date the demand is received. In the event of an emergency, the board may
5 apply immediately to the appropriate district court for an injunction prohibiting the landowner or
6 tenant from maintaining the drain, lateral drain, or ditch. Assessments levied under this section
7 must be collected in the same manner as other assessments authorized by this chapter. If, in
8 the opinion of the board, more than one landowner or tenant has been responsible, the costs
9 may be assessed on a pro rata basis in accordance with the proportionate responsibility of the
10 landowners. A landowner aggrieved by action of the board under this section may appeal the
11 decision of the board to the district court of the county in which the land is located in
12 accordance with the procedure provided for in section 28-34-01. A hearing as provided for in
13 this section is not a prerequisite to an appeal.

14 **SECTION 32.** A new section to chapter 61-16.1 of the North Dakota Century Code is
15 created and enacted as follows:

16 **Reconveyance of land no longer required for drainage.**

17 When land acquired for drainage is no longer required for drainage, the board of county
18 commissioners may reconvey the land to the present owner of the adjacent property if the
19 present owner of the adjacent property surrenders all warrants issued in payment of the land or
20 repays the amount of cash paid for the land.

21 **SECTION 33.** A new section to chapter 61-16.1 of the North Dakota Century Code is
22 created and enacted as follows:

23 **Sinking funds and bonds.**

24 A water resource board shall establish a sinking fund for each issue of bonds, and the fund
25 must consist of all drain assessments made for the bonds, all warrants funded, all assessments
26 for the warrants, all accrued interest received on sale of bonds, all proceeds of bonds sold not
27 actually expended for the drain, the reserve fund authorized for purchase of tax delinquent
28 lands affected by the drain, all general tax levies for payment of obligations of the drain, and any
29 other moneys that may be appropriated to the sinking fund. Separate sinking funds must be
30 provided for each separate drain for which bonds have been issued. Until the purpose of the

1 sinking fund has been fulfilled, moneys in the sinking fund may not be applied to any purpose
2 other than payment of the bonds for which the fund was created.

3 **SECTION 34.** A new section to chapter 61-16.1 of the North Dakota Century Code is
4 created and enacted as follows:

5 **Existing obligations and regulations.**

6 Except as specified, amendments to this chapter do not affect the validity of any valid
7 outstanding warrants, bonds, or other obligations of drainage districts, and all sinking funds
8 created for the payment of these obligations continue in force until the liquidation of the
9 obligations. All valid rules adopted by any board of county commissioners or board of drainage
10 commissioners remain in full force and effect until altered or repealed by the board.

11 **SECTION 35. AMENDMENT.** Subdivision g of subsection 4 of section 61-32-03.1 of the
12 North Dakota Century Code is amended and reenacted as follows:

13 g. If the subsurface water management system will discharge into the watershed
14 area of an assessment drain, inclusion of the relevant property into the
15 assessment district for the assessment drain in accordance with the benefits the
16 property receives, provided the property is not assessed already for the
17 assessment drain. The water resource district may include the new property into
18 the assessment district, and determine the benefits and assessment amounts
19 under ~~chapters 61-21 and~~chapter 61-16.1, without conducting the reassessment
20 of benefit proceedings under ~~sections 61-21-44 and~~section 61-16.1-26, provided
21 the property is not assessed already for the assessment drain.

22 **SECTION 36. REPEAL.** Section 61-16.1-01 and chapter 61-21 of the North Dakota Century
23 Code are repealed.
