In Regular Session Commencing Tuesday, January 3, 2017**

SENATE BILL NO. 2320
(Senators Anderson, J. Lee, Mathern)
(Representatives J. Nelson, Seibel, Weisz)

AN ACT to create and enact a new subsection to section 19-03.4-02 and a new section to chapter 23-01 of the North Dakota Century Code, relating to drug paraphernalia guidelines and a syringe exchange program.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new subsection to section 19-03.4-02 of the North Dakota Century Code is created and enacted as follows:

Whether the object is a needle or syringe collected during the operation of a needle exchange program under chapter 23-01 to aid in the prevention of bloodborne diseases.

SECTION 2. A new section to chapter 23-01 of the North Dakota Century Code is created and enacted as follows:

Syringe or needle exchange program - Authorization.

1. As used in this section:
 - a. "Program" means a syringe exchange program operated under this section.
 - b. "Qualified entity" means:
 - (1) A local health department;
 - (2) A city that operates a program within the boundaries of the city; or
 - (3) An organization that has been authorized to operate a program by the state department of health, the board of county commissioners, or the governing body for the operation of a program within the boundaries of the city.
2. The state department of health may authorize a qualified entity to operate a program in a county if:
 - a. The area to be served is at risk of an increase or potential increase in prevalence of viral hepatitis or human immunodeficiency virus;
 - b. A syringe exchange program is medically appropriate as part of a comprehensive public health response; and
 - c. The qualified entity conducted a public hearing and submitted a report of the findings and an administration plan for the program to the state health officer.
3. A qualified entity operating a program under this chapter shall:
 - a. Register the program annually in the manner prescribed by the state department of health;
 - b. Have a pharmacist, physician, or advanced practice registered nurse who is licensed in the state to provide oversight for the program;

- c. Store and dispose of all syringes and needles collected in a safe and legal manner;
 - d. Provide education and training on drug overdose response and treatment, including the administration of an overdose reversal medication;
 - e. Provide education, referral, and linkage to human immunodeficiency virus, viral hepatitis, and sexually transmitted disease prevention, treatment, and care services;
 - f. Provide drug addiction treatment information, and referrals to drug treatment programs, including programs in the local area and programs that offer medication-assisted treatment that includes a federal food and drug administration approved long-acting, non-addictive medication for the treatment of opioid or alcohol dependence;
 - g. Provide syringe, needle, and injection supply distribution and collection without collecting or recording personally identifiable information;
 - h. Operate in a manner consistent with public health and safety; and
 - i. Ensure the program is medically appropriate and part of a comprehensive public health response.
4. The state department of health may terminate a program for failure to comply with any of the provisions in this section.
5. A state agency may not provide general fund monies to a program to purchase or otherwise acquire hypodermic syringes, needles, or injection supplies for a program under this section.
6. A law enforcement officer may not stop, search, or seize an individual based on the individual's participation in a program under this section. Syringes and needles appropriately collected under this section are not considered drug paraphernalia as provided in chapter 19-03.4.
7. Each program shall file a semiannual report with the state department of health containing the following information listed on a daily basis and by location, identified by the postal zip code, where the program distributed and collected syringes and needles:
- a. The number of individuals served;
 - b. The number of syringes and needles collected;
 - c. The number of syringes and needles distributed; and
 - d. Any additional information requested by the state department of health.
