**Summary of purpose and/or changes:**

As part of the process mandated by the Nebraska Budget Act for governing bodies, statements setting out the amount of property tax to be raised are prepared for public inspection. LB 1165 would modify this requirement and authorize such statements to include not only funds to be raised for payments on outstanding bonds but also bonds that are authorized by voters to be issued but which have not yet been issued. This change is also made in the statutes setting out the requirements for regular annual or biennial budget hearings and for newspaper publication.
