The board may not enter into long-term financing contracts until evidence is provided to the budget administrator of the budget division of the Department of Administrative Services that \$5,650,000 in private or other funds have been received for this project. The payments of the costs of the project may occur over a contract period not to extend beyond June 30, 2023. The board shall not pledge the credit of the State of Nebraska for the payment of any sum owing on account of such contract, except that there may be pledged for the payment of any such contract any appropriations made by the Legislature for such purpose. No contract shall be entered into pursuant to this section without prior approval by resolution by the board. The board may also convey, lease, or lease back all or any part of the College of Nursing Building project and the land on which such project is situated to such person, firm, or corporation as the board may contract with pursuant to this section to facilitate the long-term payment of the costs of the College of Nursing Building project. Any such conveyance or lease shall provide that when the cost of the College of Nursing Building project has been paid, together with interest and other costs thereon, the College of Nursing Building project and the land on which such project is located shall become the property of the board. The board may schedule contractual payments on a monthly, quarterly, or semiannual basis consistent with the state fiscal year. On or before August 31, 2023, any funds appropriated from the General Fund for the project held in the state treasury and held by any trustee which are not necessary to meet the terms of any long-term financing agreements entered into pursuant to this section shall be transferred to the General Fund.

The Legislature finds and determines that the College of Nursing Building project is of critical importance to the State of Nebraska. It is the intent of the Legislature that the appropriations for the College of Nursing Building project shall not be reduced until all contracts and securities relating to the construction and financing of the College of Nursing Building project are completed or paid but in no case shall such appropriations extend beyond the fiscal year ending June 30, 2023.
