Committee:

A BILL

1 FOR AN ACT relating to the Child Care Licensing Act; to amend section
2 71-1911, Reissue Revised Statutes of Nebraska; to require
3 an affidavit relating to radon levels at the child care
4 location as prescribed; and to repeal the original
5 section.
6 Be it enacted by the people of the State of Nebraska,

1 Section 1. Section 71-1911, Reissue Revised Statutes of
2 Nebraska, is amended to read:

3 71-1911 (1) A person may operate child care for three or
4 fewer children without having a license issued by the department. A
5 person who is not required to be licensed may choose to apply for a
6 license and, upon obtaining a license, shall be subject to the Child
7 Care Licensing Act. A person who has had a license issued pursuant to
8 this section and has had such license suspended or revoked other than
9 for nonpayment of fees shall not operate or offer to operate a
10 program for or provide care to any number of children until the
11 person is licensed pursuant to this section.

12 (2) No person shall operate or offer to operate a program
13 for four or more children under his or her direct supervision, care,
14 and control at any one time from families other than that of such
15 person without having in full force and effect a written license
16 issued by the department upon such terms as may be prescribed by the
17 rules and regulations adopted and promulgated by the department. The
18 license may be a provisional license or an operating license. A city,
19 village, or county which has rules, regulations, or ordinances in
20 effect on July 10, 1984, which apply to programs operating for two or
21 three children from different families may continue to license
22 persons providing such programs. If the license of a person is
23 suspended or revoked other than for nonpayment of fees, such person
24 shall not be licensed by any city, village, or county rules,
25 regulations, or ordinances until the person is licensed pursuant to

1 this section.

2 (3) A provisional license shall be issued to all
3 applicants following the completion of preservice orientation
4 training approved or delivered by the department for the first year
5 of operation. At the end of one year of operation, the department
6 shall either issue an operating license, extend the provisional
7 license, or deny the operating license. The provisional license may
8 be extended once for a period of no more than six months. The
9 decision regarding extension of the provisional license is not
10 appealable. The provisional license may be extended if:

11 (a) A licensee is unable to comply with all licensure
12 requirements and standards, is making a good faith effort to comply,
13 and is capable of compliance within the next six months;

14 (b) The effect of the current inability to comply with a
15 rule or regulation does not present an unreasonable risk to the
16 health, safety, or well-being of children or staff; and

17 (c) The licensee has a written plan of correction that
18 has been approved by the department which is to be completed within
19 the renewal period.

20 (4) The department may place a provisional or operating
21 license on corrective action status. Corrective action status is
22 voluntary and may be in effect for up to six months. The decision
23 regarding placement on corrective action status is not a disciplinary
24 action and is not appealable. If the written plan of correction is
25 not approved by the department, the department may discipline the

1 license. A probationary license may be issued for the licensee to
2 operate under corrective action status if the department determines
3 that:

4 (a) The licensee is unable to comply with all licensure
5 requirements and standards or has had a history of noncompliance;

6 (b) The effect of noncompliance with any rule or
7 regulation does not present an unreasonable risk to the health,
8 safety, or well-being of children or staff; and

9 (c) The licensee has a written plan of correction that
10 has been approved by the department.

11 (5) If a building in which a program is located has a
12 radon level greater than four picocuries per liter of air, a licensee
13 shall provide an affidavit containing that information to the
14 department and to each parent or guardian of each child served by the
15 program.

16 ~~(5)~~(6) Operating licenses issued under the Child Care
17 Licensing Act shall remain in full force and effect subject to annual
18 inspections and fees. The department may amend a license upon change
19 of ownership or location. Upon a change of location, if the new
20 location has a radon level greater than four picocuries per liter of
21 air, the licensee shall provide an affidavit containing that
22 information to the department and to each parent or guardian of each
23 child served by the program. Amending a license requires a site
24 inspection by the department at the time of amendment, except that
25 for amendment of a family child care home I license, an inspection

1 shall occur within sixty days. When a program is to be permanently
2 closed, the licensee shall return the license to the department
3 within one week after the closing.

4 ~~(6)~~(7) The license, including any applicable status or
5 amendment, shall be displayed by the licensee in a prominent place so
6 that it is clearly visible to parents and others. License record
7 information and inspection reports shall be made available by the
8 licensee for public inspection upon request.

9 Sec. 2. Original section 71-1911, Reissue Revised
10 Statutes of Nebraska, is repealed.
