Committee:

A BILL

1 FOR AN ACT relating to long-term care; to state intent relating to

2 requests for proposals.

3 Be it enacted by the people of the State of Nebraska,

1 Section 1. The Legislature finds that sufficient planning
2 and meaningful input from stakeholders, including, but not limited
3 to, service providers and consumers, is critical for establishing an
4 effective managed care system for medicaid recipients. To ensure the
5 safety and well-being of the state's most vulnerable population, the
6 Department of Health and Human Services shall not release a request
7 for proposals relating to procurement of managed care for long-term
8 care services and support prior to September 1, 2015.
