A. Amounts set out under column headings are expressed in thousands of dollars.

9 B. Amounts set out under column headings are appropriated from the source indicated by the column heading. All amounts set out under the column heading "Internal Service Funds/Interagency 10 11 Transfers" are intergovernmental transfers and do not represent a portion of total state government appropriations. All information designated as "Total" or "Subtotal" is provided for information and 12 13 amounts are not appropriations.

C. Amounts set out in Section 4 of the General Appropriation Act of 2020, or so much as may 14 be necessary, are appropriated from the indicated source for expenditure in fiscal year 2021 for the 15 objects expressed. 16

D. Unexpended balances in agency accounts remaining at the end of fiscal year 2020 shall revert to the general fund by October 1, 2020 unless otherwise indicated in the General Appropriation Act of 2020 or otherwise provided by law.

E. Unexpended balances in agency accounts remaining at the end of fiscal year 2021 shall revert to the general fund by October 1, 2021 unless otherwise indicated in the General Appropriation Act of 2020 or otherwise provided by law.

F. The state budget division shall monitor revenue received by agencies from sources other than the general fund and shall reduce the operating budget of any agency whose revenue from such sources is not meeting projections. The state budget division shall notify the legislative finance committee of

1 any operating budget reduced pursuant to this subsection.

G. Except as otherwise specifically stated in the General Appropriation Act of 2020,
appropriations are made in this act for the expenditures of agencies and for other purposes as required
by existing law for fiscal year 2021. If any other act of the second session of the fifty-fourth
legislature changes existing law with regard to the name or responsibilities of an agency or the name or
purpose of a fund or distribution, the appropriation made in the General Appropriation Act of 2020 shall
be transferred from the agency, fund or distribution to which an appropriation has been made as required
by existing law to the appropriate agency, fund or distribution provided by the new law.

9 H. The department of finance and administration will regularly consult with the legislative 10 finance committee staff to compare fiscal year 2021 revenue collections with the revenue estimate. If the 11 analyses indicate that revenues and transfers to the general fund are not expected to meet 12 appropriations, then the department shall present a plan to the legislative finance committee that 13 outlines the methods by which the administration proposes to address the deficit.

I. Pursuant to Sections 6-3-23 through 6-3-25 NMSA 1978, agencies whose revenue from state board of finance loans, from revenue appropriated by other acts of the legislature, or from gifts, grants, donations, bequests, insurance settlements, refunds or payments into revolving funds exceeds specifically appropriated amounts may request budget increases from the state budget division. If approved by the state budget division, such money is appropriated.

J. Except for gasoline credit cards used solely for operation of official vehicles, telephone credit cards used solely for official business and procurement cards used as authorized by Section 6-5-9.1 NMSA 1978, none of the appropriations contained in the General Appropriation Act of 2020 may be expended for payment of agency-issued credit card invoices.

K. For the purpose of administering the General Appropriation Act of 2020, the state of New Mexico shall follow the modified accrual basis of accounting for governmental funds in accordance with the manual of model accounting practices issued by the department of finance and administration.

1 age in the state.

2 Appropriations: 3,235,465.4 7,000.0 3,242,465.4 3 The rate of distribution of the state equalization guarantee distribution shall be based on a program unit value determined by the secretary of public education. The secretary of public education shall 4 establish a preliminary unit value to establish budgets for the 2020-2021 school year and then, on 5 6 verification of the number of units statewide for fiscal year 2021 but no later than January 31, 2021, the secretary of public education may adjust the program unit value. In setting the preliminary unit 7 value and the final unit value in January, the public education department shall consult with the 8 9 department of finance and administration, the legislative finance committee and the legislative education 10 study committee.

11 The general fund appropriation to the state equalization guarantee distribution includes sixty-nine million five hundred seventy-two thousand dollars (\$69,572,000) to provide an average three percent 12 13 salary increase for all public school personnel other than public school transportation personnel. The secretary of public education shall not approve the operating budget of a school district or charter 14 school that does not provide an average three percent salary increase for all public school personnel. 15

The secretary of public education shall ensure that during fiscal year 2021 no full-time level one teacher receives a base salary less than forty-one thousand dollars (\$41,000).

The general fund appropriation to the state equalization guarantee distribution includes fiftyseven million two hundred dollars (\$57,000,200) contingent on enactment of a bill in the second session of the fifty-fourth legislature amending the Public School Finance Act to increase the at-risk index multiplier to twenty-seven-hundredths; create a cost differential of seventy-five-hundredths of one program unit in the public school funding formula for licensed teachers with special education endorsement providing appropriate instruction and interventions to students with disabilities that address the needs of students with disabilities; create a cost differential of seventy-five-hundredths of one program unit in the public school funding formula for licensed teachers who teach in a public

1 hundred dollar (\$119,895,900) appropriation that is not distributed through the K-5 plus program factor, 2 calculated by multiplying the final program unit value set for the 2020-2021 school year by the total K-5 plus program units and subtracting that product from one hundred nineteen million eight hundred ninety-3 five thousand nine hundred dollars (\$119,895,900), shall be transferred to the public education reform 4 5 fund.

6 For fiscal year 2021, in approving schools for participation in the K-5 plus program, the public education department shall prioritize approval for school districts or charter schools that provide the 7 program to all elementary students. A school district or charter school that provides a public education 8 department-approved K-5 plus program as defined in Subsection B of Section 22-13D-2 NMSA 1978 or at least 9 10 two hundred five days of instruction to all elementary school students in the school district or charter 11 school in fiscal year 2021 shall be eligible to generate K-5 plus program units using the total average number of elementary school students enrolled on the second and third reporting date of the 2019-2020 12 school year multiplied by the cost differential factor of three-tenths as established in Section 22-8-13 23.11 NMSA 1978. 14

For fiscal year 2021, the secretary of public education may allow an elementary school starting a new K-5 plus program with at least eighty percent of students that participate in the K-5 plus program staying with the same teacher and cohort of students during the regular school year to be eligible for K-5 plus program units in fiscal year 2021, provided the elementary school shall meet all requirements of Subsection B of Section 22-13D-2 NMSA 1978 by fiscal year 2022.

For fiscal year 2021, if the general fund appropriation to the state equalization guarantee distribution for extended learning time programs is insufficient to meet the level of state support required for public education department-approved extended learning time programs and the secretary of public education certifies to the department of finance and administration, legislative finance committee and legislative education study committee that sufficient funds remain unspent from the K-5 plus appropriation after all eligible public education department-approved K-5 plus programs are funded, up to

1 thirty-five million dollars (\$35,000,000) of the general fund appropriation to the state equalization 2 guarantee distribution for K-5 plus programs may be used for extended learning time programs.

3 For fiscal year 2021, if the program cost made available is insufficient to meet the level of state support required by the special education maintenance of effort requirements of Part B of the federal 4 Individuals with Disabilities Education Act, the public education department shall reduce the program 5 6 cost in an amount that equals the projected shortfall and distribute that amount to school districts and charter schools in the same manner and on the same basis as the state equalization guarantee distribution 7 to meet the level of support required by Part B of the federal Individuals with Disabilities Education 8 9 Act for fiscal year 2021 and shall reduce the final unit value to account for the reduction.

After considering those elementary physical education programs eligible for state financial support 10 11 and the amount of state funding available for elementary physical education, the secretary of public education shall annually determine the programs and the consequent numbers of students in elementary 12 13 physical education that will be used to calculate the number of elementary physical education program units, provided that no school district or charter school shall generate elementary physical education 14 program units in fiscal year 2021 in excess of the total average number of elementary school students 15 enrolled on the second and third reporting date of the 2019-2020 school year multiplied by the cost 16 differential factor of six one-hundredths as established in Section 22-8-23.7 NMSA 1978. 17

The public education department shall monitor and evaluate the ways in which school districts and individual schools use funding distributed for at-risk program units, bilingual and multicultural education program units, extended learning time program units, K-5 plus program units, special education program units, instructional materials, new teacher mentorship and classroom instruction in fiscal year 2021 and report its findings and recommendations to the governor, legislative education study committee and legislative finance committee on or before November 1, 2020.

A school district or charter 2 school that does not use the allocation for instructional materials shall provide the public education department a description of how the allocation was used and demonstrate that budgeted spending levels for 3 instructional materials are sufficient to provide a free and appropriate public education to all 4 students. 5

The public education department shall monitor and evaluate the extent to which schools purchase and 6 use instructional materials relevant to the cultures, languages, history and experiences of culturally 7 and linguistically diverse students and report its findings and recommendations to the governor, 8 9 legislative education study committee and legislative finance committee on or before November 1, 2020.

The general fund appropriation to the state equalization guarantee distribution includes twelve 10 11 million dollars (\$12,000,000) for school districts and charter schools to meet requirements of Section 22-10A-9 NMSA 1978, create an educational plan pursuant to Section 22-8-6 NMSA 1978 and provide targeted 12 and ongoing professional development focused on case management, tutoring, data-guided instruction, 13 coaching or other evidence-based practices that improve student outcomes. The public education department 14 shall monitor and evaluate the ways in which school districts and individual schools use funding for 15 mentorship and professional development and report its findings and recommendations to the governor, 16 legislative education study committee and legislative finance committee on or before November 1, 2020. 17

The general fund appropriation to the state equalization guarantee distribution includes twelve 18 million dollars (\$12,000,000) for school districts and charter schools to provide evidence-based 19 structured literacy interventions and develop literacy collaborative models that lead to improved reading 20 and writing achievement of students in kindergarten through second grade. The public education department 21 shall monitor and evaluate the ways in which school districts and individual schools use funding 22 distributed for early literacy interventions and collaborative models and report its findings and recommendations to the governor, legislative education study committee and legislative finance committee on or before November 1, 2020.

 four-day school week during the 2019-2020 school year.

The public education department shall not approve the operating budget of any school district or charter school with fewer than fifty thousand students that spends less than one standard deviation below the average expenditure rate of comparable school districts and charter schools on instruction, student support services and instructional support services unless that school district or charter school demonstrates the budgeted spending level for instruction, student support services and instructional support services is sufficient to provide a free and appropriate public education to all students.

10 The public education department shall not approve the operating budget of any school district or 11 charter school with greater than or equal to fifty thousand students that spends less than seventy-five 12 percent of general fund appropriations on instruction, student support services and instructional support 13 services unless that school district or charter school demonstrates the budgeted spending level for 14 instruction, student support services and instructional support services is sufficient to provide a free 15 and appropriate public education to all students.

Funds appropriated from the general fund to the state equalization guarantee distribution or any cash balances derived from appropriations from the general fund to the state equalization guarantee distribution in any year shall not be used to fund any litigation against the state unless or until a court issues a final decision in favor of a plaintiff school district or charter school and all legal remedies have been exhausted.

The general fund appropriation to the public school fund shall be reduced by the amounts transferred to the public school fund from the current school fund and from federal Mineral Leasing Act receipts otherwise unappropriated.

The general fund appropriation to the state equalization guarantee distribution reflects the deduction of federal revenue pursuant to Paragraph (2) of Subsection C of Section 22-8-25 NMSA 1978 that

1 includes payments to school districts and charter schools commonly known as "impact aid funds" pursuant 2 to 20 U.S.C. 7701 et seq., and formerly known as "PL874 funds."

The general fund appropriation to the state equalization guarantee distribution includes eleven million three hundred eighty thousand dollars (\$11,380,000) contingent on enactment of a bill in the second session of the fifty-fourth legislature amending the Public School Finance Act to reduce the deduction for local and federal revenue included in the calculation of the state equalization guarantee distribution in Subsection B and C of Section 22-8-25 NMSA 1978 from seventy-five percent to sixty-five percent.

9 The other state funds appropriation is from the balances received by the public education10 department pursuant to Section 66-5-44 NMSA 1978.

Within thirty calendar days of initial submission, the secretary of public education shall process and pay each request for reimbursement submitted to the public education department by a school district or charter school.

The department of finance and administration may adjust a school district's or charter school's monthly state equalization guarantee progress payment to provide flexibility to meet cash flow needs, provided that no school district or charter school shall receive an annual state equalization guarantee distribution that is more than their proportionate fiscal year 2021 share.

Any unexpended balances in the authorized distributions remaining at the end of fiscal year 2021 from appropriations made from the general fund shall revert to the general fund.
