AN ACT relating to public works; revising provisions relating to the use of apprentices on public works; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires contractors or subcontractors engaged on public works to use one or more apprentices for a certain percentage of the total hours performed on a public work, depending on the number of workers employed on the public work, and to enter into an apprenticeship agreement for all apprentices so required. (NRS 338.01165) **Section 1** of this bill: (1) eliminates the threshold number of workers for the applicability of the requirements for using apprentices; (2) applies those requirements based on all public works performed by a contractor or subcontractor during a calendar year instead of based on each public work; and (3) limits the requirement to enter into an apprenticeship agreement to those contractors or subcontractors who are not signatories to a collective bargaining agreement with a sponsoring union.

Existing law: (1) sets forth a procedure that authorizes the Labor Commissioner, upon request by a public body, to grant a modification or waiver from the requirements for using apprentices upon a finding of good cause; and (2) defines the circumstances that constitute “good cause.” (NRS 338.01165) **Section 1**: (1) eliminates that procedure; (2) requires a contractor or subcontractor to maintain and provide to the Labor Commissioner any supporting documentation to show that the contractor or subcontractor made a good faith effort to comply with the annual requirements to use one or more apprentices for a certain percentage of the total hours performed on public works; and (3) sets forth certain requirements for such supporting documentation.

Existing law provides that an apprentice who graduates from an apprenticeship program while employed on a public work is deemed to be an apprentice on the public work for purposes of the requirements for using apprentices and a journeyman for certain purposes, including the payment of wages. (NRS 338.01165) **Section 1** expands the circumstances under which a person is treated as an apprentice for those requirements.

Section 1 also requires, on or before February 15 of each year, a contractor or subcontractor to submit certain information to the Labor Commissioner regarding the hours that were worked in a calendar year on vertical or horizontal construction for each apprenticed craft or type of work performed. **Section 2** of this bill requires that the first such annual report be submitted on or before February 15, 2025, and address calendar year 2024.

Finally, **section 1** sets forth a penalty schedule for violations of certain provisions relating to the requirements for a contractor or subcontractor to use one or more apprentices for a certain percentage of the total hours performed on a public work.
