AN ACT relating to service contracts; allowing a provider to qualify for the issuance of a certificate of registration by maintaining a reserve account and depositing certain security with the Commissioner of Insurance; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Under existing law, in order to be issued a certificate of registration, a provider
2 who wishes to issue, sell or offer for sale any service contracts in this State must:
3 (1) purchase a contractual liability insurance policy which insures the obligations of
4 each service contract that the provider issues, sells or offers for sale; or (2)
5 maintain, or be a subsidiary of a parent company that maintains, a net worth or
6 stockholders’ equity of at least \$100,000,000. (NRS 690C.170) Without revising
7 those provisions of existing law, this bill reenacts provisions, repealed in the 2011
8 Legislative Session, that allow a provider to qualify for the issuance of a certificate
9 of registration by: (1) maintaining a reserve account that contains at all times at
10 least 40 percent of the gross consideration received by the provider for any
11 unexpired contracts, less any claims paid on those contracts; and (2) depositing
12 security with the Commissioner of Insurance in the amount of \$25,000 or 5 percent
13 of the gross consideration received by the provider for any unexpired service
14 contracts, less any claims paid on those contracts, whichever is greater.
