AN ACT relating to metropolitan police departments; revising provisions concerning the employee benefits of employees of law enforcement agencies upon the merger of the agencies into a metropolitan police department; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law authorizes the board of county commissioners of any county and
2 the governing body of any city or cities located in the county to merge their
3 respective law enforcement agencies into one metropolitan police department.
4 (NRS 280.110) Under existing law, the most liberal employee benefits which are
5 applicable to the employees of any of the merging law enforcement agencies before
6 the merger become the benefits that are applicable to the employees of the
7 metropolitan police department initially upon the merger. (NRS 280.123) **Section 1**
8 of this bill provides instead that the employee benefits that are in effect for the
9 employees of each merging law enforcement agency immediately before the
10 merger will continue to be the benefits for those employees after the merger until
11 the earlier of: (1) the date on which the agreement that established those benefits is
12 set to expire; or (2) the date on which a negotiated agreement that establishes the
13 benefits applicable to all employees of the department becomes effective.

14 **Section 2** of this bill provides that the changes concerning employee benefits
15 made by **section 1** do not apply to a merger initiated, but not completed, before
16 October 1, 2011, which is the effective date of this bill, if all participating political
17 subdivisions have adopted ordinances providing for the merger and those
18 ordinances are in effect on or before October 1, 2011, and, if the merger involves
19 an existing metropolitan police department, its committee on financial affairs has
20 unanimously consented to the merger.
