

CHAPTER.....

AN ACT relating to special license plates; revising provisions relating to disabled veterans who are entitled to special license plates; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the issuance of special license plates to veterans of the Armed Forces of the United States who survived the attack on Pearl Harbor, or who were awarded the Purple Heart or the Congressional Medal of Honor. (NRS 482.3765, 482.3775, 482.378) Existing law also authorizes the issuance of special license plates to a veteran who has been captured and held as a prisoner of war or who, as a result of his or her service, has suffered a 100-percent service-connected disability and receives compensation from the United States for the disability. Special license plates issued to a veteran with a qualifying disability must be inscribed with the international symbol of access, which is a diagram of a figure that resembles a wheelchair. A vehicle on which such ex prisoner of war or disabled veteran special license plates are displayed is exempt from the payment of parking fees charged by the State or any political subdivision or other public body within the State, other than the United States. (NRS 482.377)

Sections 1, 3 and 4 of this bill provide that a veteran who is eligible for Pearl Harbor, Purple Heart or Congressional Medal of Honor special license plates and who, as a result of his or her service, has suffered a 100-percent service-connected disability and receives compensation from the United States for the disability may have the international symbol of access inscribed on his or her special license plates, and that a vehicle on which such plates are displayed is exempt from the payment of parking fees charged by the State or any political subdivision or other public body within the State, other than the United States. **Section 2** of this bill provides that a veteran who is eligible for ex prisoner of war special license plates and who, as a result of his or her service, has suffered a 100-percent service-connected disability and receives compensation from the United States for the disability may have the international symbol of access inscribed on his or her special license plates.

Sections 5 and 6 of this bill make conforming changes to the provisions of existing law regarding the applicability of parking laws to vehicles displaying special license plates which bear the international symbol of access. (NRS 484B.463, 484B.467) **Section 8** of this bill provides that the special license plates will be issued not later than July 1, 2018, and earlier than that date if the Department of Motor Vehicles determines that it has sufficient resources to issue the plates before that time.
