CHAPTER.....

AN ACT relating to motor vehicles; requiring the Department of Motor Vehicles, with respect to special license plates for the support of outreach programs and services for veterans and their families, to make such plates available to female veterans with an optional image representative of female veterans; providing for the issuance of special license plates inscribed with the words “DISABLED FEMALE VETERAN”; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires the Director of the Department of Motor Vehicles to order the preparation of special license plates for the support of outreach programs and services for veterans and their families. These special license plates are available to veterans of the Army, Navy, Air Force, Marine Corps or Coast Guard of the United States, a reserve component thereof or the National Guard, or the spouse, parent or child of such a veteran. (NRS 482.3763) **Section 4** of this bill requires the Department to make the plates available: (1) to female veterans; and (2) with an optional image representative of female veterans. The fees for the initial issuance and renewal of the optional version of the special license plates for the support of outreach programs and services for veterans and their families are the same as for the regular version.

Under existing law, new special license plates authorized by an act of the Legislature typically are subject to all of the following: (1) approval or disapproval by the Commission on Special License Plates; (2) the limitation on the number of separate designs of special license plates that may be issued by the Department at any one time; and (3) the requirement that the Department receive at least 1,000 applications for the issuance of the plate within 2 years after the effective date of the act of the Legislature. (NRS 482.367004, 482.367008, 482.36705) The optional special license plates for female veterans are exempt from all three of the preceding requirements because the plates are simply an optional version of existing special license plates for veterans.

Existing law entitles a veteran who has suffered a 100-percent service-connected disability and who receives compensation from the United States for the disability to receive special license plates inscribed with the words “DISABLED VETERAN” or “VETERAN WHO IS DISABLED.” (NRS 482.377) Veterans with these license plates are entitled to certain privileges and exemptions related to parking. (NRS 482.377, 484B.463, 484B.467) **Section 4.5** of this bill provides for the issuance of such plates inscribed with the words “DISABLED FEMALE VETERAN.”
