FISCAL NOTE: Effect on Local Government: No. Effect on the State: No.

~

EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~for mitted material~~ is material to be omitted.

AN ACT relating to financial institutions; revising the definition of the term “fiduciary” for the purposes of certain provisions relating to the business of a trust company; authorizing funds held in a fiduciary capacity by a savings bank to be swept to the deposit accounts of the savings bank under certain circumstances; imposing certain requirements on savings banks relating to funds in a fiduciary account administered by a savings bank that are awaiting investment or distribution; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

- 1 Existing law defines “fiduciary” for the purposes of certain provisions
- 2 governing the business of a trust company to include a servicer or administrator of
- 3 individual retirement accounts. (NRS 669.045) **Section 1** of this bill excludes from
- 4 the definition of “fiduciary” a trust company or a savings bank that acts as a
- 5 custodian of individual retirement accounts or an affiliate of such a trust company
- 6 or savings bank that provides services to the trust company or savings bank.
- 7 Existing law authorizes a savings bank to engage in the business of a trust
- 8 company and imposes certain requirements and restrictions on a savings bank that
- 9 engages in such trust company business. (NRS 673.228) **Section 2** of this bill
- 10 makes various changes to reflect the addition of the provisions of **section 1** which
- 11 provide that a savings bank acting as a custodian of an individual retirement
- 12 account does not act as a fiduciary.
- 13 Existing law prohibits funds held in a fiduciary capacity by a savings bank from
- 14 being used in the conduct of its business, but allows such funds to be invested in the
- 15 deposit accounts maintained at the savings bank if a trust or custodial retirement
- 16 plan does not prohibit the investment. (NRS 673.228) **Section 2** revises these
- 17 provisions to instead authorize funds held in a fiduciary capacity by a savings bank
- 18 to be invested in or swept to the deposit accounts of a savings bank if the

19 instrument governing the trust retirement plan or other fiduciary account does not  
20 prohibit the practice.

21 Existing federal regulations set forth certain requirements for a national bank  
22 with respect to funds in a fiduciary account administered by the national bank that  
23 are awaiting investment or distribution. (12 C.F.R. § 9.10) **Section 2** sets forth  
24 certain requirements for a savings bank with respect to funds in a fiduciary account  
25 administered by the savings bank that are awaiting investment or distribution which  
26 are similar to the requirements for national banks set forth in existing federal  
27 regulations.
