AN ACT relating to vital statistics; providing for the issuance of a certificate of birth resulting in stillbirth upon the request of a parent of a stillborn child; prohibiting the use of a certificate of birth resulting in stillbirth for certain purposes; authorizing the State Board of Health to adopt regulations concerning a certificate of birth resulting in stillbirth; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Pursuant to existing law, a certificate of stillbirth must be filed with the local
2 health officer with respect to a birth which occurs after at least 20 weeks of
3 gestation and where the child shows no evidence of life after complete birth. (NRS
4 440.340) This bill authorizes a parent of a stillborn child to request that the State
5 Registrar of Vital Statistics issue a certificate of birth resulting in stillbirth for a
6 stillborn child, in addition to the certificate of stillbirth required by existing law,
7 regardless of the date on which the certificate of stillbirth is filed. This bill requires
8 a funeral director or other person who files a certificate of stillbirth to advise a
9 parent of the stillborn child that the parent may request the issuance of a certificate
10 of birth resulting in stillbirth. This bill also sets forth the requirements for such a
11 request as well as the requirements concerning the contents of a certificate of birth
12 resulting in stillbirth.

13 In addition, this bill prohibits the use of a certificate of birth resulting in
14 stillbirth for any statistical purpose or to secure any right, benefit or privilege in this
15 State. This bill also prohibits using the issuance of a certificate of birth resulting in
16 stillbirth to establish, bring or support a civil action seeking damages for bodily
17 injury, personal injury or wrongful death for a stillbirth.
