AN ACT relating to fire protection districts; providing for the merger of certain fire protection districts in certain counties; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Existing law provides for the organization of a fire protection district by an
2 ordinance adopted by a board of county commissioners or by the approval of the
3 voters of a proposed fire protection district. (Chapter 474 of NRS) **Section 3** of this
4 bill requires the board of county commissioners in a county whose population is
5 less than 700,000 to consider an ordinance consolidating two or more contiguous
6 fire protection districts located entirely within that county if the board of county
7 commissioners: (1) is presented with a petition signed by a majority of the owners
8 of property within the districts; or (2) together with the governing body of each
9 district, approves a resolution proposing the consolidation of the districts. **Section 4**
10 of this bill specifies that a consolidated fire protection district is subject to certain
11 provisions relating to collective bargaining. **Section 4** also specifies that those
12 provisions do not apply to a consolidated fire protection district that contains fire
13 protection districts which executed an interlocal agreement to consolidate their
14 administration and operation before July 1, 2013. **Section 10** of this bill allows the
15 district emergency fund for a consolidated fire protection district to maintain a
16 balance of up to \$1,500,000.

39 2. The reorganization may be initiated by:

40 (a) A petition signed by a majority of the owners of property

10 this State.

11 **Sec. 19.** NRS 474.565 is hereby amended to read as follows:

12 474.565 1. The boundaries of two or more contiguous fire
13 protection districts located within a county and organized pursuant
14 to NRS 474.010 to 474.450, inclusive, or 474.460 *or section 3 of*
15 *this act* may be adjusted in the manner provided in this section so
16 that all or any part of the area of one such fire protection district is
17 excluded from that district and added to the area of another such fire
18 protection district.

19 2. The adjustment of the boundaries of fire protection districts
20 pursuant to this section must be approved by:

21 (a) A majority of the owners of property located within the
22 portions of those districts directly affected by the proposed
23 adjustment of boundaries; and

24 (b) Resolution of the board of county commissioners of the
25 county in which the districts are located, which resolution must also
26 be approved by the governing bodies of the fire protection districts
27 whose boundaries are proposed to be adjusted.

28 ➔ For the purposes of this subsection, an owner of property located
29 within a fire protection district is “directly affected” by a proposed
30 adjustment of boundaries if the adjustment will cause that property,
31 or other property immediately adjacent to that property, to be
32 excluded from the district in which it is currently located and added
33 to a district other than that in which it is currently located.

34 3. If, after notice and a hearing, the board of county
35 commissioners determines that the proposed adjustment of

39 boundaries of those districts. The ordinance must include the name
40 and boundaries of each district that will result from the adjustment.

41 4. For the purposes of subsection 3, a board of county
42 commissioners shall not determine that a proposed adjustment of
43 boundaries is feasible and in the best interests of the county and the
44 districts whose boundaries are proposed to be adjusted unless the

1 (a) The total assessed valuation of taxable property in the
2 districts whose boundaries are proposed to be adjusted is
3 substantially equivalent; and

4 (b) The total ad valorem tax levied within the districts whose
5 boundaries are proposed to be adjusted is substantially equivalent.

6 5. The board of county commissioners shall cause a copy of
7 any ordinance adopted pursuant to subsection 3 to be certified by the
8 clerk of the board and filed immediately for record in the office of
9 the county recorder.

10 6. If an adjustment of boundaries pursuant to this section
11 causes:

12 (a) Part of the area of one fire protection district to be excluded
13 from that district and added to the area of another fire protection
14 district, the districts may, but are not required to, enter into such an
15 agreement as they determine equitable to address the apportionment
16 of debts, obligations, liabilities and assets.

17 (b) All of the area of one fire protection district to be excluded
18 from that district and added to the area of another fire protection
19 district, the debts, obligations, liabilities and assets of the district
20 from which the area is excluded must be assumed by the district to
21 which the area is added.

22 **Sec. 20.** The amendatory provisions of this act do not apply to
23 modify, directly or indirectly, any taxes levied or revenues pledged
24 in such a manner as to impair adversely any outstanding obligations
25 of a fire protection district, including, without limitation, bonds,
26 medium-term financing, letters of credit and any other financial
27 obligations, until all such obligations have been discharged in full or
28 provisions for their payment and redemption have been fully made.

29 **Sec. 21.** This act becomes effective on July 1, 2013.
