CHAPTER.....

AN ACT relating to fire protection; codifying in statute the requirement in regulation that a person obtain a certificate of registration before acting as a fire performer; authorizing a person to act as a fire performer if the person holds a certificate of registration as an apprentice fire performer; providing for the application for and issuance of a certificate of registration as an apprentice fire performer; prohibiting an apprentice fire performer from acting as a fire performer without certain supervision; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Currently, regulations adopted by the State Fire Marshal, who is charged with enforcing all laws and adopting regulations relating to fire prevention, require a person to apply to the State Fire Marshal for a certificate of registration as a fire performer before entertaining or otherwise performing before an audience using an open flame. (NRS 477.030; NAC 477.630) Any person who knowingly violates any of those laws or regulations is guilty of a misdemeanor. (NRS 477.250)

This bill codifies in statute the requirements in those regulations and adds requirements for both fire performers and apprentice fire performers. Under **section 5** of this bill, a person is prohibited from acting as a fire performer unless the person is the holder of a certificate of registration as a fire performer, as in existing regulation. **Section 5** also authorizes a person to act as a fire performer if the person is the holder of a certificate of registration as an apprentice fire performer. **Section 5** authorizes the State Fire Marshal to issue either certificate to a person who meets the age requirement for that certificate, submits an application that includes a description of the person's experience as a fire performer or apprentice fire performer and all safety precautions used by the applicant while acting as a fire performer or apprentice fire performer, and pays an application fee prescribed by regulations adopted by the State Fire Marshal. **Section 5** also provides for the renewal of each such certificate.

Section 6 of this bill prohibits an apprentice fire performer from acting as a fire performer unless the apprentice is directly supervised at all times by a registered fire performer who is at least 21 years of age. The person supervising must ensure that the apprentice fire performer safely handles and operates any equipment and complies with all applicable laws relating to acting as a fire performer.
