AN ACT relating to emergency medical services; revising provisions governing emergency medical services at certain special events; requiring the host organization or certain special events to obtain a special event permit or approval in an order from the local governmental entity with jurisdiction where the special event is to be held; requiring certain host organizations of special events of certain sizes to provide for emergency medical resources at the site of the special event; authorizing a local governmental entity to require the host organization of a special event to pay reasonable fees for certain services provided by the local governmental entity; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

1 Existing law requires a host organization of a special event to provide certain  
2 emergency medical services and a certain number of dedicated advanced life  
3 support ambulances at certain special events in this State. (NRS 450B.690-  
4 450B.700) **Section 6** of this bill requires a host organization in a county whose  
5 population is 100,000 or more (currently Washoe and Clark Counties) to obtain a  
6 special event permit from the local governmental entity with jurisdiction where the  
7 special event is to be held or, if no special permit is required, approval in an order  
8 from the local governmental entity with jurisdiction where the special event is to be  
9 held. Before issuing a special event permit or order, **section 6** requires the local  
10 governmental entity to hold a hearing to make certain determinations concerning  
11 the emergency medical resources that must be made available at the special event  
12 and to establish any standards to assist the host organization to comply with such  
13 requirements. **Section 6** further requires the local governmental entity to inform the

14 host organization of the requirements and standards and determine whether to issue  
15 the special event permit or the order of approval for the special event. The special  
16 event permit or order issued pursuant to **section 6** must also specify any emergency  
17 medical resources the host organization is required to provide and any services that  
18 the local governmental entity will provide. In addition, **section 6** authorizes the  
19 local governmental entity to require the host organization to pay a reasonable fee  
20 for processing and issuing a special event permit or order and for providing such  
21 services as specified in the special event permit or order which may include,  
22 without limitation, providing an incident commander or other person to provide  
23 services at the site of the special event.

24 **Sections 8.3 and 8.6** of this bill establish additional emergency medical  
25 resources that must be provided for certain special events that are expected to  
26 attract a certain number of people. (NRS 450B.690, 450B.700)

12 *provide emergency medical resources during the special event,*  
13 *considering any special conditions which may exist; and*

14 (b) *Establish any standards to assist the host organization to*  
15 *comply with any requirements imposed relating to the provision of*  
16 *emergency medical resources.*

17 3. *During the hearing held pursuant to subsection 2, the local*  
18 *governmental entity shall:*

19 (a) *Consider the impact of the special event on emergency*  
20 *medical services in the applicable geographic area in the event of*  
21 *an unexpected demand on emergency medical transportation at*  
22 *the special event;*

23 (b) *Establish the minimum requirements for any emergency*  
24 *medical resources provided by the host organization, including,*  
25 *without limitation, any requirements for licensure or permits of*  
26 *such emergency medical resources; and*

27 (c) *Ensure that regular emergency medical services provided*  
28 *by the applicable local government, including, without limitation,*  
29 *regular emergency 911 service, are not used to meet the*  
30 *requirements for emergency medical resources during a special*  
31 *event.*

32 4. *After the hearing held pursuant to subsection 2, the local*  
33 *governmental entity shall inform the host organization of the*  
34 *requirements and standards established during the hearing and*  
35 *determine whether the host organization meets those requirements*  
36 *and is able to comply with the standards. If so, the local*  
37 *governmental entity shall issue a special event permit or order, as*  
38 *applicable, that specifies any emergency medical resources the*  
39 *host organization is required to provide during the special event*  
40 *and any services that will be provided by the applicable local*  
41 *government.*

42 5. *The local governmental entity may require the host*  
43 *organization to pay a reasonable fee for:*

44 (a) *Processing and issuing a special event permit or order*  
45 *pursuant to this section; and*

1 (b) *Providing such services at the special event as specified in*  
2 *the special event permit or order. Such services may include*  
3 *without limitation, providing an incident commander or other*  
4 *person to provide services at the site of the special event pursuant*  
5 *to NRS 450B.690 or 450B.700.*

6 **6.** *The host organization shall comply with any requirements*  
7 *and standards set forth in the special event permit or order issued*  
8 *pursuant to this section.*
