AN ACT relating to compensation; revising provisions relating to
the payment of overtime compensation and prevailing
wages; and providing other matters properly relating
thereto.

Legislative Counsel's Digest:

1 The Fair Labor Standards Act requires that compensation for overtime be paid
2 to certain employees for hours worked in excess of 40 hours in any week of work.
3 (29 U.S.C. § 207) Under existing Nevada law, contractors on public works are
4 required to pay overtime compensation to mechanics and workers who work more
5 than 40 hours in a week of work or, except in certain circumstances, more than 8
6 hours in a workday. (NRS 338.020) **Section 1** of this bill removes the requirement
7 that overtime compensation be paid to such mechanics and workers who work more
8 than 8 hours in a day, while retaining the provisions which require payment of
9 compensation for overtime for hours worked in excess of 40 hours in any week of
10 work. **Section 1** also repeals a provision regarding collectively bargained
11 exceptions to the overtime requirements.

12 **Sections 2-4** of this bill increase the monetary threshold at which prevailing
13 wages are required to be paid on public works or other projects from \$100,000 to
14 \$1.5 million. (NRS 279.500, 338.075, 338.080) **Section 3** of this bill also makes the
15 requirements relating to the payment of prevailing wages inapplicable to the repair
16 of an existing building, facility or structure if the building, facility or structure is
17 not replaced or the size, type or extent of the building, facility or structure is not

18 changed or increased by the repair, and even if the repair is a unit of a larger
19 project.
