

Assembly Bill No. 37—Committee on Natural
Resources, Agriculture, and Mining

CHAPTER.....

AN ACT relating to air pollution; revising provisions relating to the sale of a motor vehicle at a consignment auction; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law generally requires that a seller of a used motor vehicle provide the buyer of the vehicle with evidence that the vehicle complies with certain emissions standards for the purpose of registering the vehicle with the Department of Motor Vehicles. (NRS 445B.800) Existing law exempts from this requirement a consignee who is authorized to sell vehicles at a qualifying consignment auction if the vehicle is sold on behalf of a registered owner, lienholder or insurance company and the consignee, at the time of the auction, complies with certain notice requirements. (NRS 445B.728, 445B.805, 445B.807) **Sections 2-12** of this bill provide that, for the purpose of entrusting or authorizing a consignee to sell or display for sale a motor vehicle at such an auction, the registered owner or lienholder may not be an automobile wrecker, body shop, distributor, manufacturer, rebuilder, salvage pool, vehicle dealer or garage.
