Legislative Counsel's Digest:

Existing law sets forth various provisions governing the grades and standards for the sale of eggs in this State. (NRS 583.110-583.210) **Sections 1.3-22** of this bill enact provisions to prohibit an egg product or egg from being sold, offered for sale or transported for the purpose of sale within this State that is produced by an egg-laying hen that is confined in certain enclosures.

Section 1.3 of this bill provides that the Legislature finds and declares that the regulation of egg production on farms and of the sale of eggs and egg products in this State is necessary to protect the health and welfare of its citizens, promote food safety and advance animal welfare.

Section 1.5 of this bill provides that the provisions of **sections 1.3-22** do not apply to the production, sale or transport for sale in this State of shell eggs by a farm owner or operator who has an annual shell egg production from 3,000 or fewer egg-laying hens if all shell eggs sold or transported for sale in this State by the farm owner or operator are derived from the 3,000 or fewer egg-laying hens.

Section 15 of this bill prohibits, on or after July 1, 2022, certain farm owners or operators in this State from knowingly confining an egg-laying hen in an enclosure which has less than 1 square foot of usable floor space per egg-laying hen. **Section 15** prohibits, on or after January 1, 2024, certain farm owners or operators in this State from knowingly confining an egg-laying hen in an enclosure which: (1) is not a cage-free housing system; or (2) is a cage-free housing system that has insufficient usable floor space for each egg-laying hen. **Section 5** of this bill provides that an egg-laying hen is a female chicken, turkey, duck, goose or guinea

fowl that is domesticated and is kept for the purpose of producing eggs commercially. **Section 3** of this bill provides that a cage-free housing system is an enclosure for egg-laying hens which is located indoors or outdoors, in which egg-laying hens are unrestricted and free to roam under certain circumstances and which: (1) provides egg-laying hens enrichment that allows them to exhibit natural behaviors; (2) enables farm employees to provide care while standing within the usable floor space of the system; and (3) for a system located indoors, allows the egg-laying hens to be unrestricted and free to roam within the system. **Section 15** exempts from this prohibition certain confinements of an egg-laying hen if the egg-laying hen is confined during certain activities.

Existing law requires a person who is an actual producer of farm products, including, without limitation, eggs, to obtain a certificate as an actual producer of farm products from the State Department of Agriculture. (NRS 576.128; NAC 576.300-576.440) Before selling, offering or exposing for sale or transporting for sale egg products or shell eggs within this State, **section 16** of this bill requires certain farm owners or operators to obtain from the Department an endorsement of the certificate indicating that the egg products or shell eggs sold, offered or exposed for sale or transported for sale within this State are produced by an egg-laying hen which was confined in a manner that complies with **section 15**. **Section 16** requires the farm owner or operator to submit certain information to the Department to apply for such an endorsement, including evidence that the enclosure for egg-laying hens has been inspected by a government inspector or a private inspection or process verification provider to ensure compliance. **Section 16** provides that an endorsement is valid for the same period as the certificate as an actual producer issued to the farm owner or operator. **Section 16** additionally sets forth how such an endorsement may be renewed and authorizes the Department to require an inspection of the enclosure for egg-laying hens before renewing the endorsement.

Section 17 of this bill authorizes the Department to deny an application for an endorsement or a renewal of an endorsement or to suspend or revoke an endorsement upon the following grounds: (1) the failure or refusal of the farm owner or operator to comply with the provisions governing cage-free housing systems; (2) the failure or refusal of the farm owner or operator to cooperate with an inspection; or (3) the farm owner or operator selling, offering or exposing for sale or transporting for sale egg products or shell eggs within this State without an endorsement. **Section 18** of this bill provides that a farm owner or operator whose endorsement is denied, suspended or revoked may, not later than 10 business days after such denial, suspension or revocation, file a notice of appeal to the Department.

Section 19 of this bill prohibits a business owner or operator from knowingly selling, offering or exposing for sale or transporting for sale certain egg products or shell eggs within this State that the business owner or operator knows or should have known were produced by an egg-laying hen which was confined in a manner that conflicts with the standards set forth in **section 15**. **Section 19** requires a business owner or operator to: (1) obtain a copy of the certificate with the endorsement issued pursuant to **section 16** issued to certain farm owners or operators before doing business with the farm owner or operator; (2) retain a copy of the certificate; and (3) provide the copy of the certificate to the Department upon request. **Section 19** provides that it is a defense to any action to enforce this bill that a business owner or operator relied in good faith upon a certificate obtained from a farm owner or operator.

Section 20 of this bill requires the Department to enforce the provisions of this bill. **Section 20** provides that the Department or an authorized inspector or agent of the Department is entitled to free access during regular business hours to the farm,

business or records of certain farm owners or operators or a business owner or operator to ensure compliance with the provisions of this bill.

Section 21 of this bill authorizes the State Quarantine Officer to adopt such regulations as he or she deems necessary to carry out the provisions of this bill.

Existing law provides that any person violating certain provisions is subject to a civil penalty that does not exceed: (1) for the first violation, \$250; (2) for the second violation, \$500; and (3) for each subsequent violation, \$1,000. (NRS 583.700) **Section 22** of this bill provides that any person who violates any of the provisions of this bill is subject to these civil penalties.

Section 23 of this bill provides that this bill is in addition to and supplemental to the powers conferred by any other law protecting animal welfare. **Section 23** provides that the provisions of this bill must not be construed as to prevent the exercise of any power granted by any other law to any officer, agent or employee of this State or of a county or local governing body in this State that protect animal welfare. **Section 23** provides that this bill does not prevent a county or local governing body from adopting and enforcing its own animal welfare rules or ordinances that are more stringent than the provisions of this bill.
