AN ACT relating to regulations; requiring the adoption of certain permanent regulations; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

1 Existing law sets forth the general procedure for the adoption of a permanent,  
2 temporary or emergency regulation by an agency, bureau, board, commission,  
3 department, division or officer of the Executive Department of the State  
4 Government. (Chapter 233B of NRS) Certain agencies are exempted from that  
5 procedure, including, without limitation, the Governor. (NRS 233B.039) As part of  
6 the procedure for adopting a permanent regulation, an agency which is subject to  
7 the provisions of chapter 233B of NRS must: (1) provide a notice of its intended  
8 action, which must include a statement of the need for and purpose of the proposed  
9 regulation; (2) determine whether the proposed regulation will likely impose a  
10 direct and significant economic burden upon small businesses or directly restrict the  
11 formation, operation or expansion of small businesses; (3) conduct a public  
12 workshop and a public hearing which includes a period for public comment; and (4)  
13 deliver a copy of the proposed regulation to the Legislative Counsel for  
14 examination and possible revision. (NRS 233B.060, 233B.0603, 233B.0608,  
15 233B.061, 233B.063, 233B.064) In lieu of adopting a permanent regulation, an  
16 agency may adopt a temporary regulation between August 1 of an even-numbered  
17 year and July 1 of the next odd-numbered year without submitting a copy of the  
18 regulation to the Legislative Counsel for review. However, such a regulation  
19 expires by limitation on November 1 of the next odd-numbered year.  
20 (NRS 233B.063)

21 On January 3, 2011, the Governor issued Executive Order 2011-01, which  
22 provides that “. . . all proposed administrative regulations propounded by an  
23 Executive Branch agency, department, board or commission within the purview of  
24 the Governor . . . shall be frozen until January 1, 2012. During the freeze, no new  
25 regulations may be proposed or acted on unless excepted from the application of  
26 this order.” Each of those agencies, departments, boards or commissions is required  
27 to complete a comprehensive review of all regulations that are subject to

28 enforcement by the agency, department, board or commission to assess the  
29 consistency of the regulations with the Governor's priority of protecting the health  
30 and welfare of the members of the general public without discouraging economic  
31 growth. Each of those agencies is further required to assess: (1) the problem the  
32 regulation is intended to address or its value to the public; (2) the impact of the  
33 regulation; (3) the adverse impact, if any, the regulation has on businesses,  
34 communities and governmental entities; (4) the cost of the regulation; (5) whether  
35 the regulation remains necessary; (6) whether alternative forms of regulation may  
36 address the problem; (7) whether the regulation is written clearly and concisely;  
37 and (8) whether other regulations address the same problem. (Executive Order  
38 2011-01)

39 Despite its broad application, Executive Order 2011-01 specifies that certain  
40 regulations are not subject to the freeze, including regulations that: (1) affect public  
41 health; (2) affect public safety and security; (3) are necessary to acquire federal  
42 funds or certifications; (4) affect the application of duties that are essential for the  
43 operation of the agency, department, board or commission; (5) affect pending  
44 judicial deadlines; or (6) are necessary to comply with federal law.

45 On January 18, 2011, the Governor issued Executive Order 2011-04 which  
46 amended Executive Order 2011-01 by adding to the list of regulations that are not  
47 subject to the freeze any regulation which will have a positive impact for the people  
48 of the State of Nevada.

49 To ensure compliance with all applicable provisions of law and to ensure that  
50 the intent of the Legislature is carried out by an agency concerning the adoption of  
51 permanent regulations authorized by the Legislature to implement various laws  
52 enacted by the Legislature in previous sessions, **section 1** of this bill requires a  
53 board, commission or person having adopted certain temporary regulations to adopt  
54 a permanent regulation to replace the temporary regulation in accordance with the  
55 applicable provisions of chapter 233B of NRS. **Section 1** requires the permanent  
56 regulation to be adopted before November 1, 2011, which is the date each of the  
57 specified temporary regulations expires by limitation. **Section 1** further provides  
58 that, in replacing a temporary regulation, the board, commission or person is not  
59 required to adopt a substantively identical permanent regulation.
