AN ACT relating to economic development; establishing the Nevada Innovation Account; requiring the Executive Director of the Office of Economic Development within the Office of the Governor to establish certain programs to be funded from the Account; establishing certain duties of the Executive Director regarding such programs; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Existing law establishes the Office of Economic Development within the Office
2 of the Governor, the administration and technical activities of which are directed
3 and supervised by an Executive Director. (NRS 231.043, 231.047) Existing law
4 authorizes the Executive Director to cause the formation of a nonprofit entity for
5 certain economic development purposes, upon approval by the Board of Economic
6 Development. (NRS 231.0545) **Section 3** of this bill creates the Nevada Innovation
7 Account in the State General Fund and requires the Executive Director to
8 administer the Account. **Section 5** of this bill requires the Executive Director to
9 establish certain programs to be funded from the Account and to establish
10 procedures for applying for an allocation of money from the Account pursuant to
11 such programs. **Section 4** of this bill requires the Executive Director to enter into a
12 contract with a nonprofit corporation for economic development to operate such
13 programs. **Section 5** requires applications for an allocation from the Account to be
14 made to the nonprofit corporation and authorizes the nonprofit corporation to
15 approve such applications if the nonprofit corporation makes certain findings.
16 **Section 5** authorizes the Executive Director to make an allocation from the
17 Account to an applicant whose application is approved by the nonprofit
18 corporation. **Section 6** of this bill sets forth various duties of the Executive Director

19 regarding the programs established pursuant to **section 5. Section 7** of this bill
20 makes a conforming change to exclude an allocation of money from the Account
21 from the definition of “development resource.”
