

CHAPTER.....

AN ACT relating to gaming; revising the boundaries of the Las Vegas Boulevard gaming corridor; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law provides that the Nevada Gaming Commission is prohibited from approving a nonrestricted license for an establishment in a county whose population is 400,000 or more (currently Clark County) unless the establishment is located in a gaming enterprise district, which is defined as “an area that has been approved by a county, city or town as suitable for operating an establishment that has been issued a nonrestricted license.” (NRS 463.0158, 463.308) If the location of a proposed establishment is within the Las Vegas Boulevard gaming corridor or the rural Clark County gaming zone, but not within an area already designated as a gaming enterprise district, the Commission is prohibited from approving a nonrestricted license for the proposed establishment unless the location of the proposed establishment is first designated a gaming enterprise district pursuant to the criteria set forth in NRS 463.3084. (NRS 463.3082) However, if the location of a proposed establishment is not within the Las Vegas Boulevard gaming corridor or the rural Clark County gaming zone and not within an area already designated as a gaming enterprise district, the Commission is prohibited from approving a nonrestricted license for the proposed establishment unless the location of the proposed establishment is first designated a gaming enterprise district pursuant to the criteria set forth in NRS 463.3086, which contains certain additional requirements that are not contained in NRS 463.3084, such as the requirements that: (1) the property line of the proposed establishment must be not less than 500 feet from the property line of a developed residential district and not less than 1,500 feet from the property line of a public school, private school or structure used primarily for religious services or worship; and (2) a three-fourths vote of the governing body of the county, city or town is required for designation of the location as a gaming enterprise district. (NRS 463.3086)

This bill revises the boundaries of the Las Vegas Boulevard gaming corridor to include certain new areas. Consequently, if a proposed establishment which is located in a new area of the Las Vegas Boulevard gaming corridor and which is not already in a gaming enterprise district were to seek to have the location designated as a gaming enterprise district, the determination of whether the location may be designated as a gaming enterprise district would be based upon the criteria set forth in NRS 463.3084, rather than the criteria set forth in NRS 463.3086.
