

CHAPTER.....

AN ACT relating to the State Fire Marshal; revising the requirement that the State Fire Marshal inspect all state buildings; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Under existing law, the State Fire Marshal is required to annually inspect all state buildings and to issue certain orders to provide for the protection of the property against fire. If an agency fails to comply with an order of the State Fire Marshal, the State Fire Marshal is required to report the failure to the State Public Works Board, which must take any necessary steps to correct the situation. (NRS 477.035) The State Public Works Board is required to inspect all state buildings and physical plant facilities periodically. (NRS 341.201)

This bill revises the provisions that require the State Fire Marshal to annually inspect all state buildings to instead require the State Fire Marshal to maintain a prioritized schedule for the inspection of state buildings and to adopt regulations that establish the criteria for the prioritization of inspections.
