Existing law prohibits a person from selling, distributing or offering to sell cigarettes, cigarette paper or other tobacco products to a child under the age of 18 years. (NRS 202.24935, 370.521) **Sections 1, 2 and 8** of this bill prohibit a person from selling, distributing or offering to sell cigarettes, cigarette paper or other tobacco products to a person under 21 years of age. **Section 3** of this bill revises the provisions governing the random, unannounced inspection of locations that sell tobacco products to make conforming changes which are necessary because of the increase in the minimum legal sales age for tobacco products. **Section 3** also requires that, to the extent possible, an inspection of each location must be conducted at least once every 3 years.

Section 2 removes the existing penalty for a person who knowingly distributes cigarettes, cigarette paper or other tobacco products to a person under 21 years of age through a telephonic, computer or electronic network, and **sections 2 and 6** of this bill instead make distributing cigarettes, cigarette paper or other tobacco products to a person under 21 years of age through a telephonic, computer or electronic network punishable by certain administrative, civil or criminal penalties.

Existing law requires a person who sells cigarettes, cigarette paper or other tobacco products through an electronic network to use an independent, third-party age verification service to establish the age of the customer before sending the

items to the customer. A seller may alternatively require the customer to create an online account which requires the customer to provide certain personal information or a copy of a government-issued identification card. (NRS 202.24935) **Section 2** eliminates the authorization for sellers to require a customer to create an online account, thereby requiring sellers to use an independent, third-party age verification system to establish the age of a customer for each sale.

Existing law defines the term "delivery sale" for the purposes of regulating such sales. (NRS 370.0285) **Section 4** of this bill revises the term to include the

sale of cigarette paper and other tobacco products.

 $\overline{30}$

Section 9 of this bill eliminates a requirement of existing law relating to the mailing or shipment of cigarettes that conflict with requirements regarding the sale of cigarettes through a computer, telephonic or electronic network. (NRS 370.323) Section 9 also repeals the statutory provision creating criminal penalties for the: (1) sale of tobacco without a proper license; (2) sale of tobacco without confirming the age of the buyer; and (3) failure to submit a report of sales of tobacco to the Department of Taxation. (NRS 370.395) Sections 3.5 and 8.5 of this bill make conforming changes by removing references to the repealed section.
