AN ACT relating to veterans; authorizing the Director of the Department of Veterans Services to establish and operate programs to provide adult day health care to veterans in certain circumstances; eliminating obsolete requirements concerning the location of veterans' homes; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law requires the Director of the Department of Veterans Services to
2 take such actions as are necessary for the establishment, management, maintenance
3 and operation of veterans' homes. (NRS 417.090, 417.147) Existing federal
4 regulations establish a program to provide funding for certain services for the care
5 of veterans in state homes. (38 C.F.R. Part 51) Such services include adult day
6 health care, which is defined to mean a therapeutic outpatient care program that
7 includes one or more of the following services provided in a congregate setting: (1)
8 medical services; (2) rehabilitation; (3) therapeutic activities; (4) socialization; and
9 (5) nutrition. (38 C.F.R. § 51.2) To the extent that federal funding is available, this
10 bill authorizes the Director to establish and operate programs to provide adult day
11 health care services to veterans. This bill also eliminates certain obsolete
12 requirements governing the location of veterans' homes.
