AN ACT relating to anatomical gifts; authorizing a coroner or medical examiner to release a body or part of a body that is the subject of an anatomical gift under certain circumstances; prescribing a procedure for a court to appoint a person to make an anatomical gift of part or all of a decedent’s body under certain circumstances; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

1 The Revised Uniform Anatomical Gift Act establishes the rights of donors and  
2 other persons to affirmatively make anatomical gifts of human bodies and parts for  
3 the purpose of transplantation, therapy, research or education. The Uniform Act  
4 also sets forth various requirements and procedures for making, amending,  
5 revoking and refusing to make anatomical gifts. (NRS 451.500-451.598) The  
6 Uniform Act authorizes: (1) a donor, an agent or guardian of a donor or the parent  
7 or guardian of a donor who is a minor to make an anatomical gift of the donor’s  
8 body while the donor is still alive; and (2) certain classes of persons to make an  
9 anatomical gift of a decedent’s body or part, in order of priority and subject to  
10 certain limitations. (NRS 451.556, 451.566) **Section 1** of this bill authorizes  
11 a coroner or medical examiner to release and authorize the removal of part or all of  
12 a body in his or her custody for the purpose of transplantation upon the request of a  
13 procurement organization if: (1) the part or body is the subject of a valid anatomical  
14 gift; (2) the coroner or medical examiner has no evidence of the decedent having  
15 communicated a desire that his or her body or part not become anatomical gifts;  
16 and (3) no person in a class authorized to make an anatomical gift of the decedent’s  
17 body or part who is reasonably available objects to the making of an anatomical  
18 gift. **Section 1** immunizes a coroner or medical examiner from civil or criminal  
19 liability for any act or omission in accordance with the provisions of **section 1**.  
20 **Sections 2-4, 6 and 7** of this bill make conforming changes to indicate the proper  
21 placement of **section 1** in the Nevada Revised Statutes.

22 If no other person authorized to make an anatomical gift of a decedent's body  
23 or part for the purpose of transplantation, therapy, research or education is  
24 reasonably available, the Uniform Act authorizes any other person having the  
25 authority to dispose of the decedent's body to make an anatomical gift. (NRS  
26 451.566) **Section 5** of this bill removes this provision and instead authorizes a  
27 procurement organization to petition a district court to appoint a person to make an  
28 anatomical gift of a decedent's body or part if no other person authorized to make  
29 such an anatomical gift is reasonably available. **Section 5** prohibits the court from  
30 granting such a petition unless the procurement organization has determined that:  
31 (1) no person who is otherwise authorized to make an anatomical gift and is  
32 reasonably available objects to the anatomical gift; and (2) no evidence exists of the  
33 decedent having communicated a desire that his or her body or part not become  
34 anatomical gifts.
