

CHAPTER.....

AN ACT relating to motor vehicles; requiring the Department of Motor Vehicles to include on certain examinations at least one question testing an applicant’s knowledge of a certain subject; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

Existing law authorizes the Department of Motor Vehicles to require each applicant for an instruction permit, driver’s license or commercial driver’s license to submit to an examination consisting of various areas and subjects, including a test of the applicant’s knowledge of practices for safe driving and the traffic laws of this State. (NRS 483.280, 483.330) As part of the practices for safe driving and the traffic laws of this State, existing law prohibits a person, under certain circumstances, from texting or otherwise using a cellular telephone or other handheld wireless communications device while operating a motor vehicle on a highway in this State, unless the device is used with an accessory which allows the person to communicate without his or her hands. (NRS 484B.165) **Sections 1 and 2** of this bill require the Department, if the Department administers an examination concerning practices for safe driving or the traffic laws of this State, to ensure that the examination includes at least one question testing the applicant’s or licensee’s knowledge of the prohibition against texting or otherwise using a cellular telephone or other handheld wireless communications device while operating a motor vehicle upon a highway in this State.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN  
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

**Section 1.** NRS 483.280 is hereby amended to read as follows:  
483.280 1. Any person who is at least 15 1/2 years of age may apply to the Department for an instruction permit. The Department may, in its discretion, after the applicant has successfully passed all parts of the examination *administered pursuant to NRS 483.330*, other than the driving test, issue to the applicant an instruction permit entitling the applicant, while having the permit in his or her immediate possession, to drive a motor vehicle upon the highways for a period of 1 year when accompanied by a licensed driver who is at least 21 years of age, who has had at least 1 year of licensed driving experience in the type of vehicle for which the permit was issued and who is actually occupying a seat beside the driver, except when the permittee is occupying a motorcycle. The term “licensed driving experience” as used in this

subsection does not include driving experience gained under an instruction permit issued pursuant to the provisions of this section.

2. The Department may, in its discretion, issue a temporary driver's permit to an applicant for a driver's license permitting the applicant to drive a motor vehicle while the Department is completing its investigation and determination of all facts relative to the applicant's right to receive a driver's license. The permit must be in the applicant's immediate possession while driving a motor vehicle, and is invalid when the applicant's license has been issued or for good cause has been refused.

3. The Department, upon receiving proper application, may, in its discretion, issue a restricted instruction permit effective for a school year, or for a more restricted period, to an applicant who is enrolled in a drivers' education program which includes practice driving and which is approved by the Department even though the applicant has not reached the legal age to be eligible for a driver's license. The instruction permit entitles the permittee, when the permittee has the permit in his or her immediate possession, to drive a motor vehicle only on a designated highway or within a designated area, but only when an approved instructor is occupying a seat beside the permittee.

**Sec. 2.** NRS 483.330 is hereby amended to read as follows:

483.330 1. The Department may require every applicant for a driver's license, including a commercial driver's license issued pursuant to NRS 483.900 to 483.940, inclusive, to submit to an examination. The examination may include:

(a) A test of the applicant's ability to understand official devices used to control traffic;

(b) A test of the applicant's knowledge of practices for safe driving and the traffic laws of this State;

(c) Except as otherwise provided in subsection 2, a test of the applicant's eyesight; and

(d) Except as otherwise provided in subsection 3, an actual demonstration of the applicant's ability to exercise ordinary and reasonable control in the operation of a motor vehicle of the type or class of vehicle for which he or she is to be licensed.

➔ The examination may also include such further physical and mental examination as the Department finds necessary to determine the applicant's fitness to drive a motor vehicle safely upon the highways. *If the Department requires an applicant to submit to a test specified in paragraph (b), the Department shall ensure that the test includes at least one question testing the applicant's knowledge of the provisions of NRS 484B.165.*

2. The Department may provide by regulation for the acceptance of a report from an ophthalmologist, optician or optometrist in lieu of an eye test by a driver's license examiner.

3. If the Department establishes a type or classification of driver's license to operate a motor vehicle of a type which is not normally available to examine an applicant's ability to exercise ordinary and reasonable control of such a vehicle, the Department may, by regulation, provide for the acceptance of an affidavit from a:

(a) Past, present or prospective employer of the applicant; or

(b) Local joint apprenticeship committee which had jurisdiction over the training or testing, or both, of the applicant,

↳ in lieu of an actual demonstration.

4. The Department may waive an examination pursuant to subsection 1 for a person applying for a Nevada driver's license who possesses a valid driver's license of the same type or class issued by another jurisdiction unless that person:

(a) Has not attained 21 years of age, except that the Department may, based on the driving record of the applicant, waive the examination to demonstrate the applicant's ability to exercise ordinary and reasonable control in the operation of a motor vehicle of the same type or class of vehicle for which he or she is to be licensed;

(b) Has had his or her license or privilege to drive a motor vehicle suspended, revoked or cancelled or has been otherwise disqualified from driving during the immediately preceding 4 years;

(c) Has been convicted of a violation of NRS 484C.130 or, during the immediately preceding 7 years, of a violation of NRS 484C.110, 484C.120 or 484C.430 or a law of any other jurisdiction that prohibits the same or similar conduct;

(d) Has restrictions to his or her driver's license which the Department must reevaluate to ensure the safe driving of a motor vehicle by that person;

(e) Has had three or more convictions of moving traffic violations on his or her driving record during the immediately preceding 4 years; or

(f) Has been convicted of any of the offenses related to the use or operation of a motor vehicle which must be reported pursuant to the provisions of Parts 1327 et seq. of Title 23 of the Code of Federal Regulations relating to the National Driver Register Problem Driver Pointer System during the immediately preceding 4 years.

**Sec. 3.** This act becomes effective:

1. Upon passage and approval for the purposes of adopting any necessary regulations and performing any other preparatory administrative tasks that are necessary to carry out the provisions of this act; and
2. On January 1, 2014, for all other purposes.
