AN ACT relating to special fuel; revising the definition of biodiesel; requiring under certain circumstances that all diesel fuel sold, offered for sale or delivered in this State contain a certain percentage of biodiesel; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

- 1 Existing law defines “biodiesel” for purposes of the tax on special fuel. (NRS
2 366.022) **Section 1** of this bill revises the definition of biodiesel to make it
3 consistent with federal law and the laws of other states.
4 Existing law provides for the regulation of petroleum products in this State.
5 (NRS 590.010-590.150) **Section 2** of this bill requires that all diesel fuel sold,
6 offered for sale or delivered in this State must contain not less than 5 percent
7 biodiesel by volume, but this requirement does not become effective unless certain
8 conditions set forth in **section 9** of this bill concerning the production of biodiesel
9 in this State are satisfied. **Section 8** of this bill amends **section 2** to increase the
10 amount of required biodiesel to 10 percent by volume, but similarly does not
11 become effective unless certain other conditions set forth in **section 9** are satisfied.
12 **Section 5** of this bill requires the State Board of Agriculture to enforce the
13 provisions of **section 2** and authorizes the Board to impose fines for violations of
14 that section, while **sections 4 and 7** of this bill make such violations punishable as
15 misdemeanors.
