AN ACT relating to offenders; defining certain terms relating to the housing of offenders, including the term “solitary confinement”; requiring the Director of the Department of Corrections to adopt certain regulations relating to solitary confinement; requiring the Department of Corrections to submit an annual report concerning the use of solitary confinement to the Advisory Commission on the Administration of Justice; limiting the number of days that an offender may be placed in disciplinary segregation; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Existing law prohibits the Department of Corrections and private facilities and
2 institutions from placing an offender in disciplinary segregation or subjecting or
3 assigning an offender to solitary confinement unless certain procedures are
4 followed. (NRS 209.369) **Sections 2-10** of this bill define certain terms, including
5 “solitary confinement,” for purposes relating to the housing of offenders. **Section**
6 **12** of this bill makes a conforming change to indicate the placement of **sections 2-**
7 **10** in the Nevada Revised Statutes.
8 **Section 11** of this bill requires the Director of the Department of Corrections to
9 adopt regulations governing the use of solitary confinement to, among other things:
10 (1) provide that solitary confinement may only be used as a last resort, in the least
11 restrictive manner and for the shortest period of time safely possible; (2) limit the
12 use of disciplinary segregation to certain circumstances; (3) review and make
13 certain evaluations relating to the use of solitary confinement; (4) provide access to
14 programming for offenders who are subjected to or assigned to solitary
15 confinement; (5) require certain training for staff who work in units used for
16 solitary confinement; and (6) establish minimum requirements, reviews and various
17 procedures relating to certain types of solitary confinement.

18 **Section 13** of this bill requires the Department of Corrections to submit an
19 annual report concerning the use of solitary confinement by the Department and
20 private facilities and institutions to the Advisory Commission on the
21 Administration of Justice. The annual report must contain, without limitation: (1)
22 the number of offenders subjected to or assigned to solitary confinement; (2)
23 the periods of time, and the number of offenders for each such period, for which
24 offenders were subjected to or assigned to solitary confinement; (3) the
25 reasons offenders were subjected to or assigned to solitary confinement; (4) the
26 number of offenders subjected to or assigned to solitary confinement who were
27 found to have a mental illness; (5) certain demographic information on the
28 offenders subjected to or assigned to solitary confinement; (6) certain information
29 relating to disciplinary hearings for offenders subjected to or assigned to solitary
30 confinement; (7) certain information on reviews of vulnerable offenders subjected
31 to or assigned to solitary confinement; and (8) certain information on programming
32 for offenders while subjected to or assigned to solitary confinement. **Section 13**
33 also removes certain provisions on the length of stay of offenders placed in
34 disciplinary segregation and instead limits the maximum number of days that an
35 offender may be placed in disciplinary segregation to not more than 30 days.

3 **Sec. 12.** NRS 209.011 is hereby amended to read as follows:
4 209.011 As used in this chapter, unless the context otherwise
5 requires, the terms defined in NRS 209.021 to 209.085, inclusive,
6 *and sections 2 to 10, inclusive, of this act* have the meanings
7 ascribed to them in those sections.

8 **Sec. 13.** NRS 209.369 is hereby amended to read as follows:
9 209.369 1. The Department or a private facility or institution
10 shall not:

11 (a) Place an offender in disciplinary segregation unless the
12 offender is found guilty of an infraction after:

13 (1) Notice and a hearing pursuant to subsection 3; and

14 (2) If applicable, a psychological evaluation pursuant to
15 subsection 4.

16 (b) Subject an offender with a serious mental illness or other
17 significant mental impairment to solitary confinement solely on the
18 basis of such mental illness or impairment, but may subject such an
19 offender to solitary confinement if it is necessary for the safety of
20 the offender, staff or any other person. If such an offender is
21 subjected to solitary confinement, the offender must receive a health
22 and welfare check at his or her cell by a provider of health care at
23 least once each day.

24 2. An offender who is confined in an institution or facility of
25 the Department or a private facility or institution may request
26 placement in solitary confinement to protect his or her safety. The
27 Department or private facility or institution may not assign the
28 offender to solitary confinement unless the Department or private
29 facility or institution performs an independent assessment of the
30 threat to the offender, determines that the placement in solitary
31 confinement is necessary to protect the safety of the offender and
32 the offender is placed in solitary confinement only for the duration
33 of the threat.

34 3. Upon the filing of a disciplinary action against an offender
35 that may result in the sanction of disciplinary segregation of the
36 offender, the Department or private facility or institution shall:

37 (a) Serve written notice of the charges against the offender
38 which sets forth the reasons for the filing of the disciplinary action
39 against the offender and a notice that the offender may appeal any
40 discipline or punishment imposed on the offender as a result of a
41 hearing unless the offender has agreed to a bargained plea.

42 (b) Hold a hearing concerning the charges against the offender
43 not later than 15 days after the alleged violation or not later than 15
44 days after the completion of the investigation of the alleged
45 violation, whichever is later. A hearing held pursuant to this

1 paragraph must be presided over by an officer or employee of the
2 Department or private facility or institution who has no direct
3 involvement in the incident constituting an alleged violation. At the
4 hearing, the offender must be allowed to present documentary
5 evidence germane to the alleged violation and to call one or more
6 witnesses with substantive, relevant knowledge of the issues
7 involved in the alleged violation except for a witness who has been
8 discharged, who is not located at the facility or institution where the
9 hearing is being conducted or who poses a threat to safety or
10 security at the hearing. The presiding officer or employee may find
11 that the offender committed an infraction of the rules of the
12 institution or facility only if he or she finds, based on the evidence
13 presented at the hearing, that there is evidence that the infraction
14 occurred and that the offender more likely than not committed the
15 infraction. The presiding officer or employee must provide to
16 the offender a written statement of the evidence supporting the
17 determination of the presiding officer or employee unless providing
18 such a written statement would jeopardize the safety or security of
19 the institution or facility or the safety of the staff or offenders in the
20 institution or facility.

21 4. The Department or private facility or institution must refer
22 the offender for a psychological evaluation before holding a hearing
23 pursuant to subsection 3 if, at any stage of the disciplinary process
24 set forth in subsection 3:

25 (a) It is known or suspected that a mental health condition or
26 medical condition of the offender was a substantial cause of the
27 alleged violation;

28 (b) The offender is assigned to a mental health program of the
29 Department or private facility or institution; or

30 (c) The offender has been diagnosed as seriously mentally ill.

31 ↪ If, during the psychological evaluation, the staff of the
32 Department or private facility or institution has reason to believe
33 that the alleged violation by the offender may have been the result
34 of a medical condition of the offender, including, without limitation,
35 dementia, Alzheimer's disease, post-traumatic stress disorder or
36 traumatic brain injury, the staff of the Department or private facility
37 or institution must refer the offender to the medical staff of the
38 institution or facility for a medical review and recommendation
39 before holding a hearing pursuant to subsection 3.

40 5. If the sanction of disciplinary segregation is imposed on an
41 offender, the offender:

42 (a) May, after serving one-half of the period for which the
43 offender is sanctioned to disciplinary segregation, petition the
44 warden of the institution or facility for release from disciplinary
45 segregation if the offender has demonstrated good behavior. The

1 offender must be advised that he or she may petition the warden
2 pursuant to this paragraph.

3 (b) Must, while subject to disciplinary segregation, be:

4 (1) Allowed to wear his or her personal clothing issued by
5 the Department;

7 offenders in general population unless the offender is placed on a

10 (4) Allowed all first-class and legal mail addressed to the
11 offender;

14 of the institution or facility;

15 (6) Given access to reading materials; and

16 (7) Given access to materials from the law library in the
17 institution or facility.

18 6. The period for which an offender may be held in disciplinary
19 segregation must be the minimum time required to address the
20 disciplinary sanction or threat of harm to the offender, staff or any
21 other person or to the security of the institution or facility, as
22 defined by the regulations adopted by the Board. Such a period must
23 not exceed ~~6~~:
