Legislative Counsel’s Digest:

1 This bill adds new provisions to the Nevada Insurance Code in conformance
2 with the National Association of Insurance Commissioners’ Insurance Data
3 Security Model Law.

4 **Section 19** of this bill requires a licensee, not later than January 1, 2021, to
5 develop and implement a comprehensive written information security program

6 containing administrative, technical and physical safeguards for the protection of
7 nonpublic information and the licensee's information systems, which the licensee is
8 required to monitor, evaluate and adjust as appropriate. **Section 19** also requires a
9 licensee to assess the risks within its organization, implement certain security
10 measures based on those risks and create an incident response plan to direct the
11 response to and recovery from a cybersecurity event. **Section 19** also provides that,
12 beginning on January 1, 2022, a licensee is required to exercise diligence in
13 selecting a third-party service provider and to require any such third-party service
14 provider to implement appropriate measures to protect and secure its information
15 systems and any nonpublic information held by the third-party security provider.
16 Finally, **section 19** provides that, not later than February 15, 2021, and annually
17 thereafter, each insurer domiciled in this State is required to submit to the
18 Commissioner of Insurance a statement certifying that the insurer is in compliance
19 with the requirements established by **section 19**.

20 **Section 24** of this bill provides that certain insurers are exempt from the
21 requirements imposed by **section 19**.

22 **Section 20** of this bill requires a licensee to conduct an investigation if a
23 cybersecurity event occurs or may have occurred and specifies the minimum
24 requirements for such an investigation. If a licensee learns that a cybersecurity
25 event occurred or may have occurred in a system maintained by a third-party
26 service provider, the licensee is required to investigate the cybersecurity event or
27 confirm and document that the third-party service provider has completed such an
28 investigation.

29 **Section 21** of this bill requires certain licensees to notify the Commissioner of
30 any cybersecurity event and to notify consumers of the cybersecurity event in
31 accordance with existing law. **Section 21** also requires an assuming insurer to
32 notify its affected ceding insurer and an insurer who was contacted by a consumer
33 through an independent insurance producer to notify the producer of record for that
34 consumer, if the producer of record is known. Under **section 21**, the ceding insurer
35 or independent insurance producer is required to notify consumers of the
36 cybersecurity event in accordance with existing law.

37 **Section 22** of this bill authorizes the Commissioner to examine and investigate
38 a licensee for violations of the requirements established by this bill and to take
39 action to enforce those provisions.

40 **Section 23 and 26** of this bill establish that certain information which is
41 obtained by the Commissioner in relation to cybersecurity is confidential and
42 privileged, except for certain limited purposes.

43 **Section 25** of this bill authorizes the Commissioner to suspend or revoke a
44 license, certificate of authority or registration issued pursuant to the Nevada
45 Insurance Code, to impose an administrative fine and to adopt regulations. **Section**
46 **25** also authorizes a licensee to request a hearing on any administrative action taken
47 by the Commissioner.
