CHAPTER.....

AN ACT relating to motor vehicles; requiring certain persons to install an ignition interlock device following a revocation of a driver's license, permit or privilege to drive; revising the provisions governing the period of revocation of a driver's license, permit or privilege to drive related to certain offenses involving driving under the influence; requiring the court to order certain persons to install an ignition interlock device in certain circumstances; revising provisions governing the installation of an ignition interlock device following a conviction of driving under the influence of alcohol or a controlled substance; prohibiting a person from providing his or her breath for an ignition interlock device required to be installed in the vehicle of another person under certain circumstances; requiring the Committee on Testing for Intoxication to adopt certain regulations; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the revocation of the driver's license, permit or privilege to drive of a person who: (1) has a concentration of alcohol of 0.08 or more in his or her blood or breath or who is found to have a detectable amount of a prohibited substance in his or her blood or urine for which he or she did not have a valid prescription or hold a valid registry identification card; or (2) fails to submit to an evidentiary test requested by a police officer. The driver's license, permit or privilege of the person is revoked for a period of: (1) 90 days for having a concentration of alcohol of 0.08 or more in his or her blood or breath or who is found to have a detectable amount of a prohibited substance in his or her blood or urine under certain circumstances; or (2) not less than 1 year, or 3 years under certain circumstances, for failing to submit to an evidentiary test. (NRS 484C.210, 484C.220) **Section 3** of this bill requires a person whose license, permit or privilege has been revoked for failure to submit to an evidentiary test or for having a concentration of alcohol of 0.08 or more in his or her blood or breath to install, at his or her own expense, an ignition interlock device in each vehicle the person operates as a condition to obtaining a restricted license. Existing law further provides that the officer is required to advise the person of his or her right to administrative and judicial review of the revocation and to have a temporary license, valid for 7 days, which the officer must issue upon request. (NRS 484C.220) **Section 4** of this bill requires the officer to also advise the person that he or she is required to install an ignition interlock device, at his or her own expense, in each vehicle the person operates as a condition to obtaining a restricted license.

Under existing law, the driver's license, permit or privilege of a person convicted of an offense involving driving under the influence of alcohol or a controlled substance is revoked for a period of 90 days for a first offense. (NRS 483.460) **Section 1** of this bill revises the period of revocation for such an offense to not less than 185 days.

With certain exceptions, existing law requires a court to order a person to install, at his or her own expense, an ignition interlock device in each vehicle the person owns or operates if the person is convicted of an offense involving driving under the influence of alcohol or a controlled substance which: (1) constitutes a felony; or (2) constitutes a misdemeanor, but the concentration of alcohol in the person's blood or breath was 0.18 or more. Existing law also authorizes a court to order a person to install an ignition interlock device if the person is convicted of a misdemeanor offense involving driving under the influence of alcohol or a controlled substance in which the concentration of alcohol in the person's blood or breath was less than 0.18. (NRS 484C.110, 484C.400, 484C.460) **Section 6** of this bill requires a court to order the installation of an ignition interlock device for all persons convicted of an offense involving driving under the influence of alcohol or a controlled substance. **Section 9** of this bill authorizes a juvenile court to order the installation of an ignition interlock device for a child convicted of an offense involving driving under the influence of alcohol or a controlled substance. **Section 3** authorizes the court to give the person day-for-day credit for any period during which the person installed a device as a condition to obtaining a restricted license before the issuance of an order from the court to do so. Further, **section 7** of this bill authorizes the court to extend the order of a person required to install an ignition interlock device if the court receives a report from the Director of the Department of Public Safety that the person has committed certain violations. Existing law authorizes a court to provide an exception to ordering a person to install an ignition interlock device to avoid undue hardship to the person. (NRS 484C.460) **Section 6** revises this exception and additionally authorizes the court, in the interests of justice, to not order a person to install an ignition interlock device if: (1) a person is unable to provide a deep lung sample for a device as certified in writing by a physician; or (2) a person resides more than 100 miles from a manufacturer of a device.

Section 2.5 of this bill prohibits a person from providing a sample of his or her breath for an ignition interlock device required to be installed in a vehicle of another person with the intent to enable the person who is required to install the device to start the vehicle. A person who provides such a sample of breath is guilty of a misdemeanor.

Section 8 of this bill requires the Committee on Testing for Intoxication to adopt certain regulations relating to the manufacturer of the ignition interlock device to: (1) prescribe the form and content of certain records; (2) prescribe certain standards and procedures related to the device; and (3) require certain discounts and waive certain costs for certain persons.

(b) To acquire supplies of medicine or food or receive regularly scheduled medical care for himself, herself or a member of his or her immediate family.

↳ Before a restricted license may be issued, the applicant must submit sufficient documentary evidence to satisfy the Department that a severe hardship exists because the applicant has no alternative means of transportation and that the severe hardship outweighs the risk to the public if the applicant is issued a restricted license.

Sec. 2.5. Chapter 484C of NRS is hereby amended by adding thereto a new section to read as follows:

Any person who provides a sample of breath for a device, with the intent to start a motor vehicle of another and for the purpose of allowing a person required to install a device pursuant to NRS 484C.210 or 484C.460 to avoid providing a sample of his or her breath, is guilty of a misdemeanor.

Sec. 3. NRS 484C.210 is hereby amended to read as follows:

484C.210 1. If a person fails to submit to an evidentiary test as requested by a police officer pursuant to NRS 484C.160, the license, permit or privilege to drive of the person must be revoked as provided in NRS 484C.220, and the person is not eligible for a license, permit or privilege to drive for a period of:

(a) One year; or

(b) Three years, if the license, permit or privilege to drive of the person has been revoked during the immediately preceding 7 years for failure to submit to an evidentiary test.

2. If the result of a test given under NRS 484C.150 or 484C.160 shows that a person had a concentration of alcohol of 0.08 or more in his or her blood or breath or a detectable amount of a controlled substance or prohibited substance in his or her blood or urine for which he or she did not have a valid prescription, as defined in NRS 453.128, or hold a valid registry identification card, as defined in NRS 453A.140, at the time of the test, the license, permit or privilege of the person to drive must be revoked as provided in NRS 484C.220 and the person is not eligible for a license, permit or privilege for a period of 90 days.

3. ***Except as otherwise provided in subsection 1, at any time while a person is not eligible for a license, permit or privilege to drive following a revocation under subsection 1 or 2 which was based on the person having a concentration of alcohol of 0.08 or more in his or her blood or breath, the person shall install, at his or her own expense, a device in any motor vehicle which the person operates as a condition to obtaining a restricted license pursuant to NRS 483.490.***

4. If a revocation of a person's license, permit or privilege to drive under NRS 62E.640 or 483.460 follows a revocation under subsection 2 which was based on the person having a concentration of alcohol of 0.08 or more in his or her blood or breath, the Department shall cancel the revocation under that subsection and

give the person credit for any period during which the person was not eligible for a license, permit or privilege.

5. If an order to install a device pursuant to NRS 62E.640 or 484C.460 follows the installation of a device pursuant to subsection 3, the court may give the person day-for-day credit for any period during which the person installed a device as a condition to obtaining a restricted license.

~~4.~~ ***6.*** Periods of ineligibility for a license, permit or privilege to drive which are imposed pursuant to this section must run consecutively.

7. As used in this section, "device" has the meaning ascribed to it in NRS 484C.450.

Sec. 4. NRS 484C.220 is hereby amended to read as follows:

484C.220 1. As agent for the Department, the officer who requested that a test be given pursuant to NRS 484C.150 or 484C.160 or who obtained the result of a test given pursuant to NRS 484C.150 or 484C.160 shall immediately serve an order of revocation of the license, permit or privilege to drive on a person who failed to submit to a test requested by the police officer pursuant to NRS 484C.150 or 484C.160 or who has a concentration of alcohol of 0.08 or more in his or her blood or breath or has a detectable amount of a controlled substance or prohibited substance in his or her blood or urine for which he or she did not have a valid prescription, as defined in NRS 453.128, or hold a valid registry identification card, as defined in NRS 453A.140, if that person is present, and shall seize the license or permit to drive of the person. The officer shall then, unless the information is expressly set forth in the order of revocation, advise the person of his or her right to administrative and judicial review of the revocation pursuant to NRS 484C.230 and, except as otherwise provided in this subsection, that the person has a right to request a temporary license. ***The officer shall also, unless the information is expressly set forth in the order of revocation, advise the person that he or she is required to install a device pursuant to NRS 484C.210.*** If the person currently is driving with a temporary license that was issued pursuant to this section or NRS 484C.230, the person is not entitled to request an additional temporary license pursuant to this section or NRS 484C.230, and the order of revocation issued by the officer must revoke the temporary license that was previously issued. If the person is entitled to request a temporary license, the officer shall issue the person a temporary license on a form approved by the Department if the person requests one, which is effective for only 7 days including the date of issuance. The officer shall immediately

transmit the person's license or permit to the Department along with the written certificate required by subsection 2.

2. When a police officer has served an order of revocation of a driver's license, permit or privilege on a person pursuant to subsection 1, or later receives the result of an evidentiary test which indicates that a person, not then present, had a concentration of alcohol of 0.08 or more in his or her blood or breath or had a detectable amount of a controlled substance or prohibited substance in his or her blood or urine for which he or she did not have a valid prescription, as defined in NRS 453.128, or hold a valid registry identification card, as defined in NRS 453A.140, the officer shall immediately prepare and transmit to the Department, together with the seized license or permit and a copy of the result of the test, if any, a written certificate that the officer had reasonable grounds to believe that the person had been driving or in actual physical control of a vehicle:

(a) With a concentration of alcohol of 0.08 or more in his or her blood or breath or with a detectable amount of a controlled substance or prohibited substance in his or her blood or urine for which he or she did not have a valid prescription, as defined in NRS 453.128, or hold a valid registry identification card, as defined in NRS 453A.140, as determined by a chemical test; or

(b) While under the influence of intoxicating liquor or a controlled substance or with a prohibited substance in his or her blood or urine and the person refused to submit to a required evidentiary test.

↳ The certificate must also indicate whether the officer served an order of revocation on the person and whether the officer issued the person a temporary license.

3. The Department, upon receipt of such a certificate for which an order of revocation has not been served, after examining the certificate and copy of the result of the chemical test, if any, and finding that revocation is proper, shall issue an order revoking the person's license, permit or privilege to drive by mailing the order to the person at the person's last known address. The order must indicate the grounds for the revocation and the period during which the person is not eligible for a license, permit or privilege to drive and state that the person has a right to administrative and judicial review of the revocation and to have a temporary license. ***The order must also indicate that the person is required to install a device pursuant to NRS 484C.210.*** The order of revocation becomes effective 5 days after mailing.

4. Notice of an order of revocation and notice of the affirmation of a prior order of revocation or the cancellation of a temporary license provided in NRS 484C.230 is sufficient if it is mailed to the person's last known address as shown by any application for a license. The date of mailing may be proved by the certificate of any officer or employee of the Department, specifying the time of mailing the notice. The notice is presumed to have been received upon the expiration of 5 days after it is deposited, postage prepaid, in the United States mail.

5. As used in this section, "device" has the meaning ascribed to it in NRS 484C.450.

Sec. 5. NRS 484C.230 is hereby amended to read as follows:

484C.230 1. At any time while a person is not eligible for a license, permit or privilege to drive following an order of revocation issued pursuant to NRS 484C.220, the person may request in writing a hearing by the Department to review the order of revocation, but the person is only entitled to one hearing. The hearing must be conducted as soon as is practicable at any location, if the hearing officer permits each party and witness to attend the hearing by telephone, videoconference or other electronic means. The Director or agent of the Director may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a reexamination of the requester. Unless the person is ineligible for a temporary license pursuant to NRS 484C.220, the Department shall issue an additional temporary license for a period which is sufficient to complete the administrative review. ***A person who is issued a temporary license is not subject to and is exempt from the requirement to install a device pursuant to NRS 484C.210.***

2. The scope of the hearing must be limited to the issue of whether the person:

(a) Failed to submit to a required test provided for in NRS 484C.150 or 484C.160; or

(b) At the time of the test, had a concentration of alcohol of 0.08 or more in his or her blood or breath or a detectable amount of a controlled substance or prohibited substance in his or her blood or urine for which he or she did not have a valid prescription, as defined in NRS 453.128, or hold a valid registry identification card, as defined in NRS 453A.140.

↳ Upon an affirmative finding on either issue, the Department shall affirm the order of revocation. Otherwise, the order of revocation must be rescinded.

3. *If, after the hearing, the order of revocation is affirmed, the person whose license, permit or privilege to drive has been revoked shall, if not previously installed, install a device pursuant to NRS 484C.210.*

4. If, after the hearing, the order of revocation is affirmed, the person whose license, privilege or permit has been revoked is entitled to a review of the same issues in district court in the same manner as provided by chapter 233B of NRS. The court shall notify the Department upon the issuance of a stay, and the Department shall issue an additional temporary license for a period which is sufficient to complete the review. *A person who is issued a temporary license is not subject to and is exempt from the requirement to install a device pursuant to NRS 484C.210.*

~~4.~~ 5. If a hearing officer grants a continuance of a hearing at the request of the person whose license was revoked, or a court does so after issuing a stay of the revocation, the officer or court shall notify the Department, and the Department shall cancel the temporary license and notify the holder by mailing the order of cancellation to the person's last known address.
