AN ACT relating to government affairs; authorizing county park and recreation commissions and city planning commissions to encourage and accept gifts, grants, donations and endowments for recreational, cultural and park facilities; requiring county park and recreation commissions and city planning commissions to use certain money to ensure that residents of this State may use recreational, cultural and park facilities free of charge; exempting residents of this State from paying certain fees to use recreational, cultural and park facilities; requiring the Department of Motor Vehicles to transfer a portion of the proceeds of the governmental services tax to fund state parks; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Existing law grants certain powers and duties to county park and recreation
2 commissions and city planning commissions relating to planning for and
3 developing recreational, cultural and park facilities in counties and cities in this
4 State. (NRS 244.30792, 268.190) **Sections 1 and 2** of this bill authorize county
5 park and recreation commissions and city planning commissions to encourage and
6 accept any gifts, grants, donations and endowments for recreational, cultural or
7 park facilities and require the commissions to use such money to ensure that
8 residents may use such facilities free of charge.

9 Existing law requires the Administrator of the Division of State Parks of the
10 State Department of Conservation and Natural Resources to impose and collect
11 reasonable fees for entering, camping and boating in state parks and recreational
12 areas. (NRS 407.065) **Section 3** of this bill exempts residents of this State from

13 paying a fee to enter any state park or recreational area, though residents of this
14 State must still pay any established fees for boating, camping or special events.

15 Existing law imposes a basic governmental services tax for the privilege of
16 operating any vehicle upon the public highways of this State. (NRS 371.030)
17 Pursuant to existing law, the Department of Motor Vehicles is required to distribute
18 the money collected from this governmental services tax in a specified manner to
19 the Motor Vehicle Fund and the State General Fund and to the counties of this
20 State, after deducting a commission for itself. (NRS 482.180, 482.181, 482.182)
21 **Section 4** of this bill requires the Department to monthly transfer an amount from
22 the proceeds of the governmental services tax equal to \$3 per noncommercial
23 vehicle for which the tax was paid in the previous month to the State General Fund
24 for credit to the Division of State Parks of the State Department of Conservation
25 and Natural Resources.

1 WHEREAS, Nevada's state parks provide recreational
2 opportunities for all Nevada residents and visitors and enhance the
3 livability of communities throughout the State; and

4 WHEREAS, State parks offer an affordable alternative for
5 recreation at a time when other recreational activities and outlets are
6 too expensive or unattainable to the average Nevadan; and

7 WHEREAS, Nevada's 25 state parks, recreation areas and historic
8 sites host more than 3.3 million visitors per year; and

9 WHEREAS, State parks, recreation areas and historic sites,
10 totaling more than 130,000 acres, embody the best of Nevada and
11 represent an important and diverse component of Nevada's outdoor
12 recreation estate; and

13 WHEREAS, The legacy of state parks began nearly 90 years ago
14 when the importance of their acquisition and preservation was
15 realized by Governor James Scrugham, who took a major step in
16 1923 to set aside certain areas of the public domain as "state
17 recreation grounds and game refuges"; and

18 WHEREAS, In 1935, the Nevada Legislature created the State
19 Park Commission and designated the first of several sites as official
20 "state parks," giving birth to a state park system in this State, and in
21 1963, the Division of State Parks was created; and

22 WHEREAS, Beginning in the 1980s and 1990s, greater attention
23 was focused on maintaining and improving the park system's aging
24 facilities and redesigning facilities to meet federal requirements
25 relating to accessibility and health standards; and

26 WHEREAS, For many years Nevada's parks system has endured
27 unstable financial support which jeopardizes the viability of the
28 system, and despite the clearly documented social and economic
29 value of Nevada's state parks, it continues to be very difficult for the
30 system to compete for the money from the State General Fund; and

31 WHEREAS, While the state parks system in Nevada brings
32 funding to the State and counties that far outweigh the general

1 allowances, the Division of State Parks typically finds itself trying
2 to recover funding lost from previous years of budget reductions;
3 and

4 WHEREAS, The economic problems that have plagued the State
5 of Nevada since 2008 have had a devastating impact on Nevada's
6 state parks system, and appropriations from the State General Fund
7 to the system have been reduced nearly 46 percent, with significant
8 reductions anticipated in 2011; and

9 WHEREAS, Many of Nevada's state parks receive direct
10 assistance from the Federal Land and Water Conservation Fund, and
11 under the rules set forth for the Fund, closure of any sites receiving
12 money from the Fund is a violation of the federal requirements and
13 may jeopardize Nevada's eligibility to participate in future Fund
14 allocations and other federal allocations to the State; and

15 WHEREAS, Despite significant efforts to increase revenue from
16 sources other than the State General Fund by streamlining
17 operations, reducing personnel, increasing fees and developing
18 innovative new sources of revenue, state parks still face an uncertain
19 future; and

20 WHEREAS, The public has no less need for recreational
21 opportunities and access to open space and parks in times of
22 economic hardship, and in fact, these needs are enhanced because of
23 leaner economies and the public's desire to seek more affordable
24 recreational outlets; and

25 WHEREAS, This legislation offers an innovative approach to
26 providing dependable and sustainable funding for Nevada's state
27 parks that will weather challenging economic times and ensure the
28 viability of the park system for Nevada's future; now, therefore,
29

44 deposited in the Local Government Tax Distribution Account
45 created by NRS 360.660 for distribution to local governments,
