AN ACT relating to health insurance; making various changes concerning health carriers granting third-party access to certain provider networks; providing administrative penalties; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Under existing law, health carriers may establish networks of providers of
2 health care to provide health care services to covered persons. (Chapter 687B of
3 NRS) Providers of health care include, but are not limited to, physicians, nurses,
4 chiropractors, dentists and physical therapists. (NRS 687B.660). **Section 1** of this
5 bill provides that it is an unfair method of competition subject to an administrative
6 fine pursuant to NRS 686A.187 to knowingly utilize a provider of health care’s
7 contractual discount without a contractual relationship. **Sections 7-11** of this bill
8 establish a contractually protected system for health carriers to enter contracts with
9 third parties to give them access to certain provider network contracts and
10 information about a provider of health care’s services and discounts. **Section 7**
11 excludes certain insurance plans and coverages from the provisions of this bill.
12 **Section 8** of the bill requires certain disclosures in a health carrier’s provider
13 network contracts with providers of health care and authorizes third parties to sign a
14 contract to access a network contract. **Section 8** also requires that a health carrier
15 maintain a website with certain information about third parties which have access
16 to the network contract. **Section 9** of this bill allows a third party to enter contracts
17 with other third parties under the same terms and conditions as their contract.
18 **Section 10** of this bill requires a third party to establish a website to identify other
19 entities to which it has granted access to provider network contracts. **Section 11** of
20 this bill requires that health carriers and third parties comply with **sections 8 and**
21 **10** when submitting remittance advice and explanation of payments to providers of
22 health care.
