

CHAPTER.....

AN ACT relating to juvenile justice; authorizing a juvenile court to order a child who has been found incompetent to receive treatment at certain facilities operated by the Division of Child and Family Services of the Department of Health and Human Services; requiring such a facility to accept such a child for treatment; prohibiting a child found to be incompetent from being committed to the custody of a correctional facility; allowing a child found to be incompetent to petition to seal his or her record; requiring the submittal of certain data and information relating to the competency of children; requiring the development and submittal of a plan for the structure of services for the competency of children; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

Subject to the jurisdiction of the juvenile court, in a case to determine the competence of a child, existing law requires a juvenile court to suspend the case until the question of competence is determined if doubt arises as to the competence of the child. (NRS 62D.145) Existing law requires a juvenile court which has determined a child to be developmentally or mentally incompetent to determine: (1) whether the child is a danger to himself or herself or society; (2) whether providing services to the child will assist the child in attaining competence and further the state policy goals for the juvenile justice system; and (3) the best form of any services to be provided to the child, including whether such services would be best provided to the child as an outpatient or inpatient. Existing law requires the juvenile court to issue all necessary and appropriate recommendations and orders after making such determinations. (NRS 62D.180) Existing law also prohibits the commitment of a child by court order to a facility of the Division of Child and Family Services of the Department of Health and Human Services if the administrative officer of the facility or the administrative officer’s designee determines that the treatment available at the facility is not appropriate or necessary for the child’s health and welfare. (NRS 433B.320)

**Section 1.3** of this bill authorizes a juvenile court to issue an order to join any governmental entity or other person as a party to enforce a legal obligation of the entity or person to the child who is the subject of the proceeding if, before issuing the order, the court provides notice and an opportunity to be heard to the entity or person. **Section 1.7** of this bill authorizes the juvenile court to order a facility of the Division to accept and provide services to a child who has been determined to be incompetent. **Section 3** of this bill requires a facility of the Division to accept and provide services to a child who has been determined to be incompetent when ordered pursuant to **section 1.7 or 2** of this bill. **Section 4** of this bill: (1) exempts an admission to a facility of the Division ordered pursuant to **section 1.7 or 2** from the requirement that admission to such a facility is only authorized after consultation with and approval by the administrative officer of the facility or the administrative officer’s designee; and (2) requires the administrative officer of the facility or the administrative officer’s designee to assist the juvenile court in

identifying an alternative facility if the administrative officer or the administrative officer's designee determines that the treatment available at the facility is not appropriate or necessary for the child's health and welfare. (NRS 433B.320)

Existing law requires the juvenile court to conduct a periodic review to determine whether a child who has been determined to be incompetent has attained competence. Existing law requires a juvenile court which has determined that a child has not attained competence and is unlikely to attain competence in the foreseeable future to hold a hearing to consider the best interest of the child and the safety of the community and determine whether to dismiss any proceedings against the child and terminate its jurisdiction. (NRS 62D.185) **Section 2:** (1) requires the juvenile court to issue all necessary and appropriate recommendations and orders; and (2) authorizes the juvenile court to order a facility of the Division to accept and provide services to the child.

Existing law provides that a child found to be incompetent may not be adjudicated delinquent or in need of supervision or placed under the supervision of a juvenile court. (NRS 62D.190) **Section 2.3** of this bill provides that a child found to be incompetent may not be committed to the custody of a correctional facility. Additionally, **section 2.3** authorizes a child found to be incompetent and unable to attain competence in the foreseeable future to request that his or her records be sealed. **Section 2.7** of this bill makes a conforming change to reflect the change regarding the sealing of records in **section 2.3**.

**Section 2.5** of this bill requires each department of juvenile services and the Youth Parole Bureau of the Division to submit data and information relating to any proceeding to determine the competency of a child to the Division. **Section 4.3** of this bill requires the Division to: (1) review any current services being provided for the competency of children; (2) develop a plan for the structure of services for competency of children; and (3) submit the plan to Legislative Committee on Child Welfare and Juvenile Justice.
