

Senate Bill No. 371—Committee on
Growth and Infrastructure

CHAPTER.....

AN ACT relating to motor vehicles; revising provisions governing the pilot program that the Department of Motor Vehicles is required to conduct to gather data relating to certain motor vehicles in this State; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires the Department of Motor Vehicles to conduct a pilot program to gather data on the annual vehicle miles traveled by certain motor vehicles registered in this State. As part of the pilot program, the Department is required to gather data on mileage, type of vehicle and type of fuel system for each such motor vehicle and produce a report every 6 months for the Legislature and the respective Chairs of the Assembly and Senate Standing Committees on Growth and Infrastructure. (NRS 482.2175) Existing law requires the owners of certain motor vehicles in this State to report the mileage shown on the odometer of the motor vehicle and certain other information required by the Department at the time of initial registration, renewal of registration and transfer of registration, if applicable. (NRS 482.2177) **Sections 2 and 3** of this bill remove the requirement for such reporting for recreational vehicles.

Under existing law, the Department of Motor Vehicles is prohibited from releasing personal information from a file or record relating to a driver’s license or identification card or the title or registration of a motor vehicle except under certain circumstances. One such authorized disclosure under existing law is to an insurer, self-insurer or organization that provides assistance or support to an insurer or self-insurer or its agents, employees or contractors, in connection with activities relating to the rating, underwriting or investigation of claims or the prevention of fraud. (NRS 481.063) **Sections 1 and 2** of this bill prohibit disclosure to an insurer, self-insurer or organization that provides assistance or support to an insurer or self-insurer or its agents, employees or contractors of information provided to the Department as part of the pilot program in connection with activities relating to the rating, underwriting, cancellation or nonrenewal of liability coverage for motor vehicles.

Existing law requires the Department to adopt certain regulations relating to the pilot program. (NRS 482.2175) **Section 2** authorizes the Department to adopt regulations providing for an administrative fine for failure by an owner of a motor vehicle to report in a timely manner mileage and other information, if required, as part of the pilot program.
