AN ACT relating to public records; providing for the designation of certain public records and portions of public records as confidential; requiring a governmental entity to grant a request to copy such records under certain circumstances; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

1 Existing law generally authorizes members of the public to inspect or copy  
2 public records not declared by law to be confidential. (NRS 239.010) **Section 1** of  
3 this bill provides that a record or portion of a record that contains personally  
4 identifiable information collected by automated means over the Internet or other  
5 digital network by a governmental entity as part of the electronic collection of  
6 information from the general public is confidential if the governmental entity  
7 determines that the disclosure of the personally identifiable information could  
8 create negative consequences for the person to whom the record pertains. **Section 1**  
9 additionally requires a governmental entity to maintain a list of records and  
10 portions of records declared confidential under such circumstances. **Section 1**  
11 requires the governmental entity to grant a request to inspect or copy such a record  
12 or portion of a record declared confidential under such circumstances if the  
13 disclosure is not otherwise prohibited by state or federal law and the requester  
14 demonstrates a compelling justification that outweighs the risk of potential negative  
15 consequences. **Section 1** requires a governmental entity to submit to the Legislature  
16 an annual report that includes a description of each record determined to be  
17 confidential under such circumstances and the reasons for that determination.
