EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to public safety; authorizing the Director of the Department of Public Safety to designate certain vehicles of the Department as authorized emergency vehicles; authorizing a tow car and certain other vehicles owned by contractors of the Department of Transportation to display nonflashing blue lights in certain circumstances; removing certain provisions regarding notification of nonconsensual tows in certain circumstances; authorizing certain agreements and payments between property owners and tow car operators in certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Existing law designates certain vehicles as authorized emergency vehicles,
2 including those vehicles publicly owned and operated in the performance of the
3 duty of various law enforcement agencies, fire departments and other enforcement
4 or lifesaving agencies. (NRS 484A.480) **Section 1** of this bill adds to the list of
5 authorized emergency vehicles any vehicle owned and operated by the Department
6 of Public Safety that has been so designated by the Director of the Department.
7 Under existing law, a tow car used to tow disabled vehicles is required to be
8 equipped with flashing amber warning lights which must be displayed to warn
9 approaching drivers under certain circumstances. (NRS 484D.475) The driver of a
10 vehicle approaching any traffic incident where such flashing amber warning lights
11 are being displayed must take certain precautions for the purposes of traffic safety.
12 (NRS 484B.607) **Section 3** of this bill authorizes a tow car to also be equipped with
13 rear facing lamps that emit nonflashing blue light. Such lamps may only be
14 displayed at the scene of a traffic incident or when the tow car is otherwise
15 preparing to tow a disabled vehicle. **Section 2** of this bill requires that any such
16 lamps must comply with standards approved by the Department of Motor Vehicles.
17 (NRS 484B.748) **Section 2.5** of this bill similarly authorizes authorized certain vehicles owned

18 by persons who contract with the Department of Transportation to aid motorists or
19 mitigate traffic incidents to be equipped with rear facing lamps that emit
20 nonflashing blue light. **Section 1.5** of this bill adds the display of nonflashing blue
21 lights to the circumstances under which a driver approaching a traffic incident must
22 take certain precautions.

23 Existing law requires the owner or person in lawful possession of any real
24 property to orally notify local law enforcement if the owner or person in lawful
25 possession has directed the towing of a vehicle from the property without the
26 consent of the owner of the vehicle. (NRS 487.038) **Section 4** of this bill provides
27 that such notification is only required if the tow operator has not already made such
28 a notification. Existing law also provides that the costs of towing and storage of
29 such a vehicle must be borne by the owner of the vehicle. **Section 4** provides that
30 such costs include, if applicable, the disposition of the vehicle. **Section 4** further
31 provides that, if the tow operator and the owner or person in lawful possession of
32 the property agree that the vehicle is likely to be ultimately disposed of as an
33 abandoned vehicle and that the estimated disposition value of the vehicle to be
34 towed is less than the estimated cost for towing, storage and disposition of the
35 vehicle, the tow operator and owner or person in lawful possession may enter into
36 an agreement whereby the owner or person in lawful possession makes a voluntary
37 payment to the tow operator. Such a payment does not reduce the amount of the
38 costs incurred that are to be borne by the owner of the vehicle, and may not be a
39 condition for the towing of the vehicle.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:
