Legislative Counsel’s Digest:

Existing law makes it a crime, punishable as a category E felony, for a person to counterfeit or forge or attempt to counterfeit or forge a registry identification card, which is the instrument that indicates a bearer is entitled to engage in the medical use of marijuana. (NRS 207.335) **Section 1** of this bill makes it unlawful to: (1) counterfeit or forge or attempt to counterfeit or forge a letter of approval; or (2) possess with the intent to use any such counterfeit or forged registry identification card or letter of approval. Existing law defines marijuana for the purposes of the regulation of controlled substances. (NRS 453.096) Existing law also provides criminal penalties for various acts involving a schedule I controlled substance, including, without limitation, possession, manufacture, compounding, importation, distribution, sale, transfer, trafficking or driving under the influence. (NRS 453.316-453.348, 484C.110, 484C.120, 488.410) In addition to criminal penalties, existing law provides for civil penalties against a person who engages in certain acts involving the unlawful manufacture, distribution or sale of a schedule I controlled substance. (NRS 453.553-453.5533)

Sections 1.2-1.5 and 2 of this bill define certain terms, including “concentrated cannabis,” and revise the definition of marijuana for the purposes of regulating controlled substances. **Section 7** of this bill revises the quantities of marijuana and concentrated cannabis for the purposes of the prohibition against trafficking. **Section 8** of this bill makes it unlawful to knowingly or intentionally extract concentrated cannabis. A person who violates such a provision is guilty of a category C felony.

Existing law exempts a person who holds a valid registry identification card from state prosecution for possession, delivery and production of marijuana. (NRS 453A.200) The Division of Public and Behavioral Health of the Department of Health and Human Services may either issue a registry identification card that has been prepared by the Department of Motor Vehicles to a person who meets certain qualifications or designate the Department of Motor Vehicles to issue a registry identification card to such a person. (NRS 453A.210, 453A.220, 453A.740) A person under the age of 18 years can obtain a registry identification card if the custodial parent or legal guardian with responsibility for health care decisions for the person agrees to serve as the designated primary caregiver for the person and the person meets certain other requirements. (NRS 453A.210) **Sections 17 and 18** of this bill require the Division to issue a letter of approval to an applicant who is under 10 years of age stating that the Division has approved the person's application to be exempted from state prosecution for engaging in the medical use of marijuana if the applicant meets these requirements instead of requiring the applicant to obtain a registry identification card that is prepared or issued by the Department. **Section 18** also prescribes the required contents of a letter of approval.

Section 13.3 of this bill provides that: (1) an employee of the State Department of Agriculture who possesses, delivers or produces marijuana in the course of his or her duties is exempt from certain offenses relating to marijuana; and (2) no person may be subject to state prosecution for constructive possession, conspiracy or any other criminal offense solely for being in the presence or vicinity of the medical use of marijuana.

Section 13 of this bill provides that a person who obtains a letter of approval is exempt from certain offenses relating to the possession of marijuana or paraphernalia, but not offenses relating to the delivery and production of marijuana. **Sections 17 and 22** of this bill require the custodial parent or legal guardian of a child under the age of 10 years who obtains a letter of approval to agree to serve as the designated primary caregiver for the child. **Section 18** requires the Division to issue a registry identification card to the designated primary caregiver of the holder of a letter of approval. **Sections 25-27** of this bill authorize a medical marijuana establishment to acquire marijuana from and dispense marijuana to the designated primary caregiver of a person who holds a letter of approval in the same manner as for a patient who holds a registry identification card.

Sections 19-23 of this bill make certain provisions concerning the revocation and expiration of a registry identification card, the designation of a primary caregiver and acts for which the holder of a registry identification card is not exempt from state prosecution applicable to the holder of a letter of approval. **Sections 29 and 30** of this bill authorize a patient who holds a valid letter of approval and his or her designated primary caregiver to select one medical marijuana dispensary to serve as his or her designated medical marijuana dispensary. **Sections 31-34** of this bill make certain rights and protections for persons who hold a registry identification card and persons who assist such persons in the medical use of marijuana applicable to a person who holds a letter of approval and a person who assists a person who holds a letter of approval as well.

Section 26.5 of this bill allows a medical marijuana establishment to move to a new location under the jurisdiction of the same local government if the local government approves the new location. **Section 27** of this bill allows a medical marijuana establishment to use certain pesticides in the cultivation and production of marijuana, edible marijuana products and marijuana-infused products. **Section 36.7** of this bill requires the Division to revise its regulations to conform with the provisions of **sections 26.5 and 27**.

Section 27.5 of this bill allows a medical marijuana establishment to transport medical marijuana or enter into a contract with a third party to transport medical marijuana to another medical marijuana establishment or between the buildings of the medical marijuana establishment.

Existing law provides certain acts for which the holder of a registry identification card is not exempt from state prosecution for certain offenses relating to marijuana. (NRS 453A.300) **Section 23** provides that such a person is not exempt from state prosecution for possessing marijuana or paraphernalia on school property.

The Nevada Constitution requires the Legislature to provide by law for protection of the plant of the genus *Cannabis* for medical purposes and property related to its use from forfeiture except upon conviction or plea of guilty or nolo contendere. (Nev. Const. Art. 4 § 38) Existing law requires a district attorney of the county in which marijuana, drug paraphernalia or other related property was seized, or the district attorney's designee, to make a determination that a person is engaging in or assisting in the medical use of marijuana under certain circumstances. (NRS 453A.400) **Section 31** removes the requirement to make such a determination and instead requires law enforcement to return any usable marijuana, marijuana plants, drug paraphernalia and other related property that was seized upon: (1) a decision not to prosecute; (2) the dismissal of the charges; or (3) acquittal.

Section 34 also provides that the Division shall not disclose the contents of any tool used by the Division to evaluate an applicant or affiliate or certain other information regarding an applicant or affiliate.

Section 35 of this bill authorizes the Division to issue a registry identification card rather than requiring that the card be prepared by the Department of Motor Vehicles. **Section 35** further provides that the Division will issue a letter of approval to a qualified person and authorizes a fee for providing an application and processing a letter of approval in the same amount as for a registry identification card.

Existing law does not require an employer to modify the job or working conditions of an employee who engages in the medical use of marijuana, but does require that an employer must attempt to make reasonable accommodations for the employee under certain circumstances. (NRS 453A.800) **Section 36** of this bill provides that a law enforcement agency is not prohibited from adopting policies or procedures that preclude an employee from engaging in the medical use of marijuana.
