

CHAPTER.....

AN ACT relating to the Nevada System of Higher Education; authorizing the Board of Regents of the University of Nevada to fix tuition charges and assess registration fees and other fees based on the demand for or the costs of providing the academic program or major for which the tuition charges are fixed or the registration fees are assessed; requiring the Board of Regents to establish a program authorizing scholarships and reduced fees for students who are economically disadvantaged under certain circumstances; requiring the Board of Regents to make certain reports to the Legislature; requiring the Director of the Department of Employment, Training and Rehabilitation to provide certain information on employment and wages to the Board of Regents for purposes of the report made by the Board of Regents; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

Existing law authorizes the Board of Regents of the University of Nevada to fix tuition charges for students at all campuses of the Nevada System of Higher Education. The tuition charges are in addition to any registration fees or other fees assessed against a student. (NRS 396.540) **Section 2** of this bill authorizes the Board of Regents, in fixing tuition charges and assessing registration fees and other fees, to adjust the amount of the tuition charges and registration and other fees based on the demand for or the costs of carrying out the academic program or major for which the tuition charges or registration or other fees are assessed. The adjustment may be based on factors such as the cost of professional instruction, the cost of laboratory resources and ancillary costs. **Section 2** also provides that if the Board of Regents adjusts the amount of tuition charges, registration fees or other fees based on the demand for or the cost of an academic program or major, the Board is required to establish a program to authorize scholarships and reduced fees for students who are economically disadvantaged and who are enrolled in academic programs or majors which are more costly as a result of the adjustments authorized by this bill. Finally, **section 2** requires the Board of Regents to submit an annual report to the Director of the Legislative Counsel Bureau for transmittal to the Legislature, or to the Legislative Commission if the Legislature is not in session, which identifies the demand for and the costs of each academic program and major and includes a schedule of all tuition charges, registration fees and other fees assessed for each academic program and major.

**Section 3** of this bill requires the Board of Regents to submit a biennial report to the Legislature including certain information on: (1) the number and percentage of students who complete academic programs at an institution within the System with a degree or certificate and a comparison with national statistics; (2) initiatives undertaken by the Board of Regents to increase the rate of students who complete academic programs with a degree or certificate; (3) the employment rate of students who complete a degree or certificate program and obtain employment in this State and the average starting salary; and (4) initiatives undertaken by the Board of Regents to align the degree and certificate programs offered by institutions within

the System with the economic development goals identified by the Commission on Economic Development.

Existing law creates the Department of Employment, Training and Rehabilitation, provides for a Director of the Department and imposes certain duties on the Director. (NRS 232.910, 232.920) **Section 3.5** of this bill requires the Director to provide certain employment and wage information to the Board of Regents for purposes of the report required of the Board of Regents by **section 3** of this bill.
