

Senate Bill No. 452–Committee on
Health and Human Services

CHAPTER.....

AN ACT relating to public welfare; allowing the Board of Trustees of the Fund for Hospital Care to Indigent Persons to commit money from the Fund to obtain higher rates of reimbursement for hospital care provided to recipients of Medicaid at certain hospitals; allowing the Board to further commit money from the Fund to satisfy the obligation of counties to pay certain matching funds for the nonfederal share of expenditures for certain persons who receive long-term care; revising provisions governing the payment by boards of county commissioners of certain amounts for the provision of care to indigent persons; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law creates the Fund for Hospital Care to Indigent Persons and requires that money in the Fund be used to reimburse or partially reimburse hospitals for certain unpaid charges for hospital care. (NRS 428.175) The Fund is administered by a Board of Trustees. (NRS 428.205) **Section 2** of this bill allows the Board to enter into an agreement with the Division of Health Care Financing and Policy of the Department of Health and Human Services to transfer money from the Fund to the Division to be used to provide enhanced rates of reimbursement for hospital care provided to recipients of Medicaid or to make supplemental payments to the hospital for the provision of such hospital care through increased federal financial participation and to satisfy any portion of the obligation of a county to pay the nonfederal share of certain expenditures relating to long-term care. Once such an agreement is entered into and any enhanced rate of reimbursement or supplemental payments are approved by the Federal Government, the Board must continue to provide money pursuant to the agreement until the Federal Government approves reverting to the previous rate of reimbursement or payments.

Section 3 of this bill creates the Hospital Assessment Account in the Fund for Hospital Care to Indigent Persons. If an agreement is entered into between the Board of Trustees of the Fund for Hospital Care to Indigent Persons and the Division of Health Care Financing and Policy pursuant to **section 2**, certain hospitals may be required to pay an annual assessment for deposit into the Account in an amount determined by the Board. **Section 3** provides that any money remaining in the Account at the end of a fiscal year that has not been committed for expenditure is reimbursed to each hospital that paid an assessment in proportion to the amount paid by the hospital.

Existing law requires the board of county commissioners of each county to establish a tax rate of at least 6 cents and not more than 10 cents on each \$100 of assessed valuation for deposit into a fund for medical assistance to indigent persons. Existing law designates that the equivalent of 1 cent of the amount collected is to be remitted to the State Controller and credited to the Supplemental Account for Medical Assistance to Indigent Persons. (NRS 428.285) **Section 7** of this bill instead requires that money to be credited to the Intergovernmental Transfer Account in the State General Fund.

Existing law requires certain hospitals to provide a certain amount of free care to indigent inpatients. If the hospital does not meet its obligation, the hospital must pay an assessment in an amount determined by the Director of the Department of Health and Human Services. The assessment is paid to the county in which the hospital is located and is used to pay other hospitals in the county for the treatment of indigent inpatients by those hospitals. (NRS 439B.340) **Section 9** of this bill removes the specific limitation on the use of the money collected from assessments. In addition, **section 7** requires the board of county commissioners of each county to remit to the State Controller for credit to the Supplemental Account for Medical Assistance to Indigent Persons an amount equal to the amount collected from hospitals as assessments to meet their obligation to provide free care.

Existing law requires the board of county commissioners of each county to include in its final budget each year an allocation of money for medical assistance to indigent persons. **Section 8** of this bill instead makes the allocation apply to any assistance to indigent persons. In addition, **section 8** allows the board of county commissioners in a county whose population is 100,000 or more (currently Clark and Washoe Counties) to allocate money from its fund for medical assistance to indigent persons to make an intergovernmental transfer of money to the Division of Health Care Financing and Policy.
